Queen Victorias Enemies Vol 2 Northern Africa:

Britain at War with the Asante Nation, 1823-1900 Stephen Manning, 2021-05-12 This authoritative military history chronicles the significant but overlooked colonial wars between the British and the Asante of West Africa Throughout the nineteenth century Britain fought three major wars and two minor ones with the Asante people of West Africa Like the Zulus the Asante were a warrior nation who offered a tough adversary for the British regulars And yet these wars are rarely studied and little understood In this insightful and vividly detailed volume Stephen Manning sheds much needed light on the history of this neglected colonial conflict In the war of 1823-6 the British endured a defeat so absolute that the British governor's head was severed and taken to the Asante king Fifty years later Sir Garnet Wolseley overcame many of the challenges British expeditionary forces faced in the jungle region known as The White Man's Grave Finally the 1900 campaign culminated in the epic defeat of the Asante at the British fort in Kumasi Stephen Manning's account which is based on Asante as well as British sources offers a fascinating view from both sides of one of the most remarkable and protracted struggles of the colonial era

Sir Garnet Wolseley Stephen Manning, 2024-02-01 Field Marshal Lord Wolseley was an eminent Victorian one of a handful of late nineteenth century military men whose reputation transcends his age He served the British empire in Burma India China the Crimea Canada Asante Egypt South Africa and the Sudan He excelled as a regimental soldier staff officer army commander and reformer and eventually commander in chief Yet there has been no substantial work on Wolseley for a generation and a reassessment based upon a fresh look at the man and his achievements is long overdue That is why Stephen Manning's perceptive military biography which sets Wolseley firmly in the context of his period and seeks to strip away the legend that developed during his lifetime is so timely and important Each of Wolseley's campaigns is examined in vivid detail and there are graphic descriptions of the major battles in which he took part either as an officer or a general His performance as a commander from his great success during the expedition against the Asante to his failure to rescue Gordon from Khartoum is critically assessed to see if he deserves his brilliant reputation His efforts as an army reformer are examined too in particular whether he could have done more to prepare Britain for war against the Boers Stephen Manning's incisive account of Wolseley's career will be fascinating reading for anyone who is interested in the British army in the nineteenth century in colonial warfare and in the exploits of one of Queen Victoria's most admired generals
