**Alan Jeffreys**

## **Queen Victorias Little Wars:**

*Queen Victoria's Little Wars* Byron Farwell, 1985 From 1837 to 1901 in Asia China Canada Africa and elsewhere military expedition were constantly being undertaken to protect resident Britons or British interests to extend a frontier to repel an attack avenge an insult or suppress a mutiny or rebellion Continuous warfare became an accepted way of life in the Victorian era and in the process the size of the British Empire quadrupled But engrossing as these small wars are and they bristle with bizarre tragic and often humorous incident it is the officers and men who fought them that dominate this book With their courage foolhardiness and eccentricities they are an unforgettable lot **Victoria's Wars** Saul David, 2006-05-04 In the early part of Queen Victoria's reign the British Empire almost quintupled in size It was well on the way to becoming the greatest empire the world had ever seen This is the story of how it happened and the people who made it happen In a fast moving narrative that ranges from London to the harsh terrain of India Russia and the Far East Saul David shows how Britain ruthlessly exploited her position as the world's only superpower to expand her empire Yet little of this territorial acquisition was planned or sanctioned by the home government Instead it was largely the work of the men on the ground and to those at home it really did seem that the empire was acquired in a fit of absence of mind Saul David creates a vivid portrait of life on the violent fringes of empire and of the seemingly endless and brutal wars that were fought in the name of trade civilization and the balance of power **Queen Victoria's Commanders** Michael Barthorp, 2001-05-25 Michael Barthorp's entertaining and authoritative study includes key commanders such as India 1837-56 Charles Napier Hugh Gough Harry Smith Crimean War Lord Raglan James Scarlett George Cathcart John Pennefather Indian Mutiny John Nicholson Henry Havelock Hope Grant Colin Campbell India 1860-98 Frederick Roberts Africa Robert Napier Garnet Wolseley Herbert Stewart Evelyn Wood Redvers Buller Hector Macdonald and Herbert Kitchener among others **Over There** Byron Farwell, 2000 Chronicles the rise of the American military and the role it played in winning World War I from the declaration of war in 1917 to the social changes that occurred on the home front **Who Was Queen Victoria?** Jim Gigliotti, Who HQ, 2014-07-10 Her reign of 63 years and seven months is known as the Victorian Era a period of industrial cultural scientific and political change that was marked by a great expansion of the British Empire But Victoria was raised under close supervision and near isolation until she became Queen of the United Kingdom at the young age of 18 She married her first cousin Albert and had nine children who married into families across Europe By the time she had earned the nickname The Grandmother of Europe and the title Empress of India it was indeed true that the sun never set on the British Empire Publicly she became a national icon but privately Who Was Queen Victoria **Queen Victoria's Wars** Stephen M. Miller, 2021-06-17 Offers a revised and updated history of thirteen of the most significant British conflicts during the Victorian period **Born to Rule** Julia P. Gelardi, 2005-03-19 Using unpublished letters memoirs and interviews with their descendants this epic biography follows Queen Victoria's five most famous and powerful granddaughters Two 8 page color photo inserts

**Churchill as Peacemaker** Lee H. Hamilton, James W. Muller, 2003-11-13 This book examines Churchill's actions as a peacemaker and peacekeeper

**Morale** Daniel Ussishkin, 2017-09-15 Arguably no nation is as closely associated with the term morale as Great Britain. Yet this concept that seems so innate to the British people was carefully cultivated within many spheres of modern national life. In this first critical history of morale, Daniel Ussishkin asks how it is that modern Britons have come to regard morale as a category of conduct vital for the success of collective effort in war and peace and a mark of good modern and human managerial practice appropriate for a democratic age. He narrates the intellectual, cultural, and institutional history of morale in modern imperial Britain: its emergence as a new concept during the long nineteenth century; its changing meanings and significations; and the social and political goals those who discussed, observed, or managed morale sought to achieve. Formalized as a new military disciplinary problem during the long nineteenth century, morale came to permeate nearly every civilian sphere of life during the era of the two world wars as a new way of managing human conduct. This book traces how it gradually emerged from a problem that was regarded as residual at best to one that was seen as the epitome of proper managerial practice: its institutional manifestations and promotion by myriad organizations and the social democratic state; and its emergence as a potent political concept from Britain's social democratic moment until the ascendancy of the New Right. Daniel Ussishkin's *Morale* tells the history of a concept central to the management of war, business, and civic society not just in Britain but in modern culture writ large

**War, the Army and Victorian Literature** J. Peck, 1998-05-13 A ground-breaking study of how literature both reflected and contributed to the eclipse and subsequent revival of militarism in the nineteenth century. Focusing on four major disputes in the Crimea, India, the Sudan, and South Africa, as well as the role of the army in Britain, John Peck examines how Victorian writers responded to military issues. At the heart of the book is a dilemma that characterises the Victorian period: the impossibility of reconciling imperial aggression with liberal domestic values

**The Victorians at War, 1815-1914** Harold E. Raugh Jr., 2004-10-25 Capturing the strength of the British Army from 1815 to 1914, this groundbreaking reference presents the most recent research on the most significant wars, campaigns, battles, and leaders. *The Victorians at War 1815-1914: An Encyclopedia of British Military History* surveys the major wars, campaigns, battles, and expeditions of the British Army, as well as its weaponry, tactics, and all other aspects of its operations from the end of the Napoleonic Wars to the dawn of World War I. Containing numerous maps depicting various theaters of war, this all-encompassing volume explains why the numerous military operations took place and what the results were. Biographies reveal fascinating facts about British and Indian Army officers and other ranks, while other entries deal with recruitment, training, education, and literacy, uniforms, equipment, pay, and conditions, social backgrounds of the soldiers, diseases, and wounds they fell victim to, and much more. This volume is indispensable to those wanting to gain information about the British Army during this remarkable imperial era

**Britain at War with the Asante Nation, 1823-1900** Stephen Manning, 2021-05-12 This authoritative military history chronicles the significant but overlooked

colonial wars between the British and the Asante of West Africa Throughout the nineteenth century Britain fought three major wars and two minor ones with the Asante people of West Africa Like the Zulus the Asante were a warrior nation who offered a tough adversary for the British regulars And yet these wars are rarely studied and little understood In this insightful and vividly detailed volume Stephen Manning sheds much needed light on the history of this neglected colonial conflict In the war of 1823-6 the British endured a defeat so absolute that the British governor's head was severed and taken to the Asante king Fifty years later Sir Garnet Wolseley overcame many of the challenges British expeditionary forces faced in the jungle region known as The White Man's Grave Finally the 1900 campaign culminated in the epic defeat of the Asante at the British fort in Kumasi Stephen Manning's account which is based on Asante as well as British sources offers a fascinating view from both sides of one of the most remarkable and protracted struggles of the colonial era

**Indian Army in the First World War** Alan Jeffreys, 2018-04-19 The book addresses the important global role of the Indian Army during the First World War It is an academic reassessment of the army by both established and early career scholars of the Indian Army as well as naval historians It looks at the historiography of the army taking into account the recent work on the army particularly on the Western Front in 1914-1915 The edited volume covers the traditional areas of the Indian Army on the Western Front in Palestine Mesopotamia and the defence of the Suez Canal however there are also chapters on combined operations Indian prisoners of war in Germany and Turkey the expansion of the officer corps and the Sikh experience as well as the mobilisation of the equine army at the beginning of the war and the demobilisation of the army in the period from 1918 until 1923 Three additional chapters are related to the theme such as the role of the Royal Indian Marine the Territorial Army in India and Churchill's portrayal of the Indian Army during the Gallipoli campaign in his account The World Crisis

**The Great War in Africa, 1914-1918** Byron Farwell, 1989 The authors present the state of the art in the rapidly growing field of visualization as related to problems in urban and regional planning The significance and timeliness of this volume consist in its reflection of several developments in literature and the challenges cities are facing First the unsustainability of many of our current paradigms of development has become evidently clear We are entering an era in which communities across the globe are strengthening their connections to the global flows of capital goods ideas technologies and values while facing at the same time serious dislocations in their traditional socioeconomic structures While the impending scenarios of climate change impacts remind us about the integrated ecological system that we are part of the current discussions about global recession in the media alert us and make us aware of the occasional perils of the globalized economic system The globally dispersed intricately integrated and hyper complex socioeconomic ecological system is difficult to analyze comprehend and communicate without effective visualization tools Given that planners are at the frontlines in the effort to prepare as well as build resilience in the impacted communities appropriate visualization tools are indispensable for effective planning Second planners have largely been slow to incorporate the advances in visualization research emerging

from other domains of inquiry      *Fighting Mac* Trevor Royle,2011-08-12 On a spring morning in 1903 Major General Sir Hector Macdonald one of Britain's greatest military heroes took his life in a hotel room in Paris A few days later he was buried hastily in an Edinburgh cemetery as his fellow countrymen tried to come to terms with the fact that one of Scotland's most famous soldiers had ended his life rather than face charges against his character The suicide and its aftermath created a national scandal and one which still reverberates long after those dramatic events it is now clear that the official files dealing with his case the papers of the Judge Advocate have been destroyed Macdonald or Fighting Mac as he was known to an adoring public was no ordinary soldier A crofter's son who had risen from the ranks in the Victorian army he covered himself with glory during a long and successful military career and in 1898 was widely acknowledged as the true hero of the Battle of Omdurman which cemented British Imperial rule in Anglo Egyptian Sudan Everything lay at his feet a knighthood honours the respect of fellow generals such as Roberts and Kitchener but Macdonald's career came to a shocking full stop when he stood accused of homosexuality and was ordered to face a court martial Unable to come to terms with the disgrace he committed suicide That should have been the end of his story but so powerful was the myth created by Fighting Mac that people refused to believe he was dead Soon rumours were circulating that Macdonald had faked his death and had adopted the persona of a prominent Prussian officer the future Field Marshal August von Mackensen one of Germany's great leaders during the First World War FIGHTING MAC tells the true story behind his disgrace and sheds new light on the myths

Victoria A. N. Wilson,2015-11-24 Explores the life of Queen Victoria from her so called miserable childhood to her early years of political inexperience her publicly criticized marriage to Prince Albert and the last decades of her rule as Empress of India      **Gunboat Frontier** Barry M. Gough,2011-11-01 Gunboat Frontier presents a different interpretation of Indian white relations in nineteenth century British Columbia focusing on the interaction of West Coast Indians with British law and authority This authority was exercised by officers seamen marines and ships of the Royal Navy on behalf of the colonial governments of Vancouver Island and British Columbia and after 1871 of Canada      The Indian Army, 1939-47 Patrick Rose,2016-03-03 The sheer size and influence of the British Indian Army and its major role in the Allied War effort between 1939 and 1945 on behalf of a country from which it was seeking independence maintains its fascination as a subject for a wide variety of historians This volume presents a range of papers examining the Indian Army experience from the outbreak of world war in 1939 to the partition of India in 1947 With contributions from many of those at the forefront of the study of the Indian Army and Commonwealth history the book focuses upon a period of Indian Army history not well covered by modern scholarship As such it makes a substantial contribution across a range of subject areas presenting a compendium of chapters examining Indian Army participation in the Second World War from North Africa to Burma plus a variety of other topics including the evolution of wartime training frontier operations Churchill and the Indian Army the Army's role in the development of post war British counterinsurgency practice and of particular note several chapters examining aspects of the

partition in 1947 As such the book offers a fascinating insight into one of the most important yet least understood military forces of the twentieth century It will be of interest not only to those seeking a fuller understanding of past campaigns but also to those wishing to better understand the development and ethos of the present day military forces of the Indian subcontinent **Army** ,1973 **Awarded for Valour** M. Smith,2008-06-23 Based on primary source research this is the most comprehensive history of the Victoria Cross available tracing the evolution of the award from its inception in 1856 to the most recent bestowals The study also examines the evolution of the concept of heroism and how the definition of heroism changed along with the nature of warfare
