The Queen's Corsair Alexander McKee,1979 **Alien Corsair's Abducted Bride** Miranda Martin,2022-08-03 When things get dangerous your backs against the wall and the only person who s willing to help is a massive dragon warrior with gleaming scales sharp fangs and huge talon tipped wings Drakon I m an outcast a scavenger a lone trader making meager runs between isolated planets on the outer rim It s quiet outside the occasional pirate and I like it My desire for fortune wealth and glory are a far away dream until I stumble upon a beautiful human queen One look at her and I will move worlds to make her mine She doesn t trust me because she s been hurt and that has left her untrusting of all aliens I m intent on earning her trust but right when I think I m making progress we re attacked by a pirate seeking revenge Instead he and his crew take her I ll save her even if it means sacrificing my own life Betsie First contact with the cat faced aliens went badly They abducted me and I became an object of their abuses When I m rescued by a large scaly green alien with claws fangs and huge talon tipped wings I m not feeling hopeful about trading alien masters Stranded on an uninhabited planet after his rescue I m slowly accepting the fact that he s different than my former masters When I m noticing how insanely handsome the dragon looking alien is and how hot he looks without a shirt on all hell breaks loose I had no idea that we were being hunted or that a group of pirates is intent on getting revenge against Drakon Or that their plans include selling me back into slavery When they attack Drakon and I are forced to work together in order to survive The pirates have us outgunned at every turn and when they capture me I m forced to accept that this time there will be no rescue My one hope is the Draconian warrior who might or might not be coming Corsair Richard Baker,2010-01-26 Cross swords with pirates in this epic Forgotten Realms adventure from the New York Times bestselling author of Condemnation Kamoth Kastelmar was a sadistic young lord who charmed his way into marrying the Harmach of Hulburg s sister before he was exiled for conspiring against his new brother in law Now he is Captain of Kraken Queen High Captain of the Black Moon Corsairs a ruthless pirate fleet that scours the Mooosea wreaking havoc wherever they go When Kamoth and his blood thirsty pirates threaten to raze Hulburg to the ground the Harmach of Hulburg must find a way to thwart their attack Enter Geran Hulmaster the human swordmage who is tasked with tracking the pirates to their hidden base infiltrating their ranks and finding a way to stop them before it s too late But Kamoth is motivated by more than greed Kin to his enemies he seeks a deeper revenge one Geran only begins to glimpse when they kidnap the woman he loves **Elizabeth, Queen of England** Paolo Giacometti,1866 *The Pirate Primer* George Choundas,2007-03-15 Ebbry blastin theng ye needs must know oo to lay tongue liker aargh thentic pirate by the devil s twisted tail Take a tour through the world of piracy with the only authoritative work on the pirate language A comprehensive course in pirate vocabulary pronunciation grammar and syntax The Pirate Primer contains three centuries of distinctive terms and usages uttered by and attributed to pirates in film TV literature and history Discover more than 100 pages of threats curses oaths insults and epithets 31 types of pirate drink 60 different pirate

England's Other Countrymen Onyeka Nubia,2019-06-15 The Tudor period remains a source of timeless fascination with endless novels TV programmes and films depicting the period in myriad ways And yet our image of the Tudor era remains overwhelmingly white This ground breaking and provocative new book seeks to redress the balance revealing not only how black presence in Tudor England was far greater than has previously been recognised but that Tudor conceptions of race were far more complex than we have been led to believe Onyeka Nubia s original research shows that Tudors from many walks of life regularly interacted with people of African descent both at home and abroad revealing a genuine pragmatism towards race and acceptance of difference Nubia also rejects the influence of the Curse of Ham myth on Tudor thinking persuasively arguing that many of the ideas associated with modern racism are in fact relatively recent developments England s Other Countrymen is a bravura and eloquent forgotten history of diversity and cultural exchange and casts a new light on our own attitudes towards race

English/British Naval History to 1815 Eugene L. Rasor,2004-10-30 The English British have always been known as the sailor race with hearts of oak the Royal Navy as the Senior Service and First Line of Defense It facilitated the motto The sun never set on the British Empire The Royal Navy has exerted a powerful influence on Great Britain its Empire Europe and ultimately the world This superior annotated bibliography supplies entries that explore the influence of the English British Navy through its history This survey will provide a major reference guide for students and scholars at all levels It incorporates evaluative qualitative and critical analysis processes the essence of historical scholarship

Each one of the 4 124 annotated entries is evaluated assessed analyzed integrated and incorporated into the historiographical scholarship The Seaforth Bibliography Eugene Rasor,2009-04-17 This remarkable work is a comprehensive historiographical and bibliographical survey of the most important scholarly and printed materials about the naval and maritime history of England and Great Britain from the earliest times to 1815 More than 4 000 popular standard and official histories important articles in journals and periodicals anthologies conference symposium and seminar papers guides documents and doctoral theses are covered so that the emphasis is the broadest possible But the work is far far more than a listing The works are all evaluated assessed and analysed and then integrated into an historical narrative that makes the book a hugely useful reference work for student scholar and enthusiast alike It is divided into twenty one chapters which cover resource centres significant naval writers pre eminent and general histories the chronological periods from Julius Caesar through the Vikings Tudors and Stuarts to Nelson and Bligh major naval personalities warships piracy strategy and tactics exploration discovery and navigation archaeology and even naval fiction Quite simply no one with an interest and enthusiasm for naval history can afford to be without this book at their side **Pirate Nation** David Childs,2015-01-15 For all the romantic mythology surrounding the court of Queen Elizabeth I the financial underpinning of the reign of Gloriana was decidedly sordid Elizabeth s policy of seizing foreign assets made her popular at home but drew her into a partnership with pirates who preyed on the state s foes and friends alike being rewarded or punished depending on how much of a cut the Queen received rather than the legitimacy of their action For this reason the rule of law at sea was arbitrary and almost non existent Even those such as the Lord Admiral and the Court of Admiralty who were tasked with policing the seas and eliminating piracy managed their own pirate fleets While honest merchants could rail and protest the value to the exchequer of this dubious income was enormous often equaling on an annual basis the input from all other sources such as taxation or customs dues Moreover the practice of piracy taught English seamen how to fight and when the nation was at its greatest peril in 1588 it was pirates who kept the Spanish Armada away from invading the English coast Charles Howard commander of the British forces Richard Grenville Walter Raleigh and Francis Drake were all pirates who became admirals all for England s sake and were well rewarded by the Queen for their exploits This highly original book argues that the deeply ingrained piratical and self interested approach to naval warfare by these English captains almost allowed the Armada to succeed A radical reassessment of Elizabethan maritime history Pirate Nation makes this and a number of other startling revelations about the myth and the reality of Elizabethan naval policy A highly readable work this radical reappraisal of Elizabethan maritime practice offers provocative insights about some of the most cherished events in British history The Demon's Surrender Sarah Rees Brennan,2012-06-05 Magic and romance collide in the thrilling conclusion to the Demon s Lexicon Trilogy Sin s world is turned upside down when she has to ally with a demon and his brother to save her beloved Goblin Market from the evil magicians The Tudor Navy David Loades,2016-12-05 The Tudor Navy is a subject which is

very unevenly known The last significant general histories were written at the end of the last century Since then much detailed research has been undertaken particularly on the Armada the end of Henry VIII s reign and the early Elizabethan period As a result it has been generally thought that the navy went through a series of booms and slumps during the sixteenth century Further research on the intervening periods now presents a much more even picture of development although the pace of advance was uneven At the same time naval history has tended to be seen in isolation presented by special naval experts It is better understood as a part of the general administrative political and above all financial history of the period This book is designed to present a whole story set in its proper contemporary context **Demon's Surrender**

Sarah Rees Brennan,2011-06-09 The Goblin Market has always been the centre of Sin s world She s a dancer and a performer secure in her place But now the Market is at war with the magicians and Sin s place is in danger Keeping secrets from the market she loves struggling with a friend who has become a rival Sin is thrown together with the Ryves brothers Nick and Alan whom she s always despised But Alan has been marked by a magician to be tortured as the magician pleases and as Sin watches Alan struggle to protect the demon brother he loves she begins to see both brothers in a new light But how far will brother go to save brother and what will it cost them all
