*Queer Sinophone Cultures* Howard Chiang, Ari Larissa Heinrich, 2013-11-26 The Sinophone framework emphasises the diversity of Chinese speaking communities and cultures and seeks to move beyond a binary model of China and the West Indeed this strikingly resembles attempts within the queer studies movement to challenge the dimorphisms of sex and gender Bringing together two areas of study that tend to be marginalised within their home disciplines Queer Sinophone Cultures innovatively advances both Sinophone studies and queer studies It not only examines film and literature from Mainland China but expands its scope to encompass the underrepresented Sinophone world at large in this case Taiwan Hong Kong Malaysia Singapore and beyond Further where queer studies in the U S Europe and Australia often ignore non Western cultural phenomena this book focuses squarely on Sinophone queerness providing fresh critical analyses of a range of topics from works by the famous director Tsai Ming Liang to the history of same sex soft core pornography made by the renowned Shaw Brothers Studios By instigating a dialogue between Sinophone studies and queer studies this book will have broad appeal to students and scholars of modern and contemporary China studies particularly to those interested in film literature media and performance It will also be of great interest to those interested in queer studies more broadly

pop culture      **Out in Culture** Corey K. Creekmur, Alexander Doty, 1995 *Out in Culture* charts some of the ways in which lesbians, gays and queers have understood and negotiated the pleasures and affirmations as well as the disappointments of mass culture. The essays collected here combining critical and theoretical works from a cross section of academics, journalists and artists demonstrate a rich variety of gay and lesbian approaches to film, television, popular music and fashion. This wide ranging anthology is the first to juxtapose pioneering work in gay and lesbian media criticism with recent essays in contemporary queer cultural studies. Uniquely accessible, *Out in Culture* presents such popular writers as B. Ruby Rich, Essex Hemphill and Michael Musto as well as influential critics such as Richard Dyer, Chris Straayer and Julia Lesage on topics ranging from the queer careers of Agnes Moorehead and Pee Wee Herman to the cultural politics of gay drag, lesbian style, the visualization of AIDS and the black snap queen experience. Of particular interest are two dossiers: the first linking essays on the queer content of Alfred Hitchcock's films and the second on the production and reception of popular music within gay and lesbian communities. The volume concludes with an extensive bibliography, the most comprehensive currently available of sources in gay, lesbian and queer media criticism. *Out in Culture* explores the distinctive and original ways in which gays, lesbians and queers have experienced, appropriated and resisted the images and artifacts of popular culture. This eclectic anthology will be of interest to a broad audience of general readers and scholars interested in gay and lesbian issues, students of film, media, gender and cultural studies and those interested in the emerging field of queer theory. Contributors: Sabrina Barton, Edith Becker, Rhona J. Berenstein, Nayland Blake, Michelle Citron, Danae Clark, Corey K. Creekmur, Alexander Doty, Richard Dyer, Heather Findlay, Jan Zita Grover, Essex Hemphill, John Hepworth, Jeffrey Hilbert, Lucretia Knapp, Bruce La Bruce, Al LaValley, Julia Lesage, Michael Moon, Michael Musto, B. Ruby Rich, Marlon Riggs, Arlene Stein, Chris Straayer, Anthony Thomas, Mark Thompson, Valerie Traub, Thomas Waugh, Patricia White, Robin Wood.      *Queer Youth and Media Cultures* Christopher Pullen, 2014-01-01 This collection explores the representation and performance of queer youth in media cultures, primarily examining TV, film and online new media. Specific themes of investigation include the context of queer youth suicide and educational strategies to avert this within online new media and the significance of coming out videos produced online.

**In a Queer Time and Place** Judith Halberstam, 2005 The first full length study of transgender representations in art, fiction, film, video and music. In her first book since the critically acclaimed *Female Masculinity*, Judith Halberstam examines the significance of the transgender body in a provocative collection of essays on queer time and space. She presents a series of case studies focused on the meanings of masculinity in its dominant and alternative forms, especially female and trans masculinities as they exist within subcultures and are appropriated within mainstream culture. *In a Queer Time and Place* opens with a probing analysis of the life and death of Brandon Teena, a young transgender man who was brutally murdered in small town Nebraska. After looking at mainstream representations of the transgender body as exhibited in the media frenzy surrounding this highly visible case and the Oscar winning film based on Brandon's story, *Boys Don't Cry*, Halberstam turns

her attention to the cultural and artistic production of queers themselves She examines the transgender gaze as rendered in small art house films like *By Hook or By Crook* as well as figurations of ambiguous embodiment in the art of Del LaGrace Volcano Jenny Saville Eva Hesse Shirin Neshat and others She then exposes the influence of lesbian drag king cultures upon hetero male comic films such as *Austin Powers* and *The Full Monty* and finally points to dyke subcultures as one site for the development of queer counterpublics and queer temporalities Considering the sudden visibility of the transgender body in the early twenty first century against the backdrop of changing conceptions of space and time In a *Queer Time and Place* is the first full length study of transgender representations in art fiction film video and music This pioneering book offers both a jumping off point for future analysis of transgenderism and an important new way to understand cultural constructions of time and place

**Queer Anxieties of Young Adult Literature and Culture** Derriitt Mason,2020-12-28 Selected as the Children s Literature Association s 2023 Honor Book Young adult literature featuring LGBTQ characters is booming In the 1980s and 1990s only a handful of such titles were published every year Recently these numbers have soared to over one hundred annual releases Queer characters are also appearing more frequently in film on television and in video games This explosion of queer representation however has prompted new forms of longstanding cultural anxieties about adolescent sexuality What makes for a good coming out story Will increased queer representation in young people s media teach adolescents the right lessons and help queer teens live better happier lives What if these stories harm young people instead of helping them In *Queer Anxieties of Young Adult Literature and Culture* Derriitt Mason considers these questions through a range of popular media including an assortment of young adult books *Caper in the Castro* the first ever queer video game online fan communities and popular television series *Glee* and *Big Mouth* Mason argues themes that generate the most anxiety about adolescent culture queer visibility risk taking HIV AIDS dystopia and horror and the promise that *It Gets Better* and the threat that it might not challenge us to rethink how

we read and engage with young people's media. Instead of imagining queer young adult literature as a subgenre defined by its visibly queer characters, Mason proposes that we see queer YA as a body of transmedia texts with blurry boundaries, one that coheres around affect, specifically anxiety, instead of content.

**Queer Indigenous Studies** Qwo-Li Driskill, 2011-03-15

This book is an imagining. So begins this collection examining critical Indigenous-centered approaches to understanding gay, lesbian, bisexual, transgender, queer, and Two Spirit GLBTQ2 lives and communities and the creative implications of queer theory in Native studies. This book is not so much a manifesto as it is a dialogue, a writing in conversation among a luminous group of scholar-activists revisiting the history of gay and lesbian studies in Indigenous communities while forging a path for Indigenous-centered theories and methodologies. The bold opening to *Queer Indigenous Studies* invites new dialogues in Native American and Indigenous studies about the directions and implications of queer Indigenous studies. The collection notably engages Indigenous GLBTQ2 movements as alliances that also call for allies beyond their bounds, which the co-editors and contributors model by crossing their varied identities, including Native, trans, straight, non-Native, feminist, Two Spirit, mixed blood, and queer, to name just a few. Rooted in the Indigenous Americas and the Pacific and drawing on disciplines ranging from literature to anthropology, contributors to *Queer Indigenous Studies* call Indigenous GLBTQ2 movements and allies to center an analysis that critiques the relationship between colonialism and heteropatriarchy. By answering critical turns in Indigenous scholarship that center Indigenous epistemologies and methodologies, contributors join in reshaping Native studies, queer studies, transgender studies, and Indigenous feminisms. Based on the reality that queer Indigenous people experience multilayered oppression that profoundly impacts our safety, health, and survival, this book is at once an imagining and an invitation to the reader to join in the discussion of decolonizing queer Indigenous research and theory and by doing so to partake in allied resistance working toward positive change.

*Queer Cities, Queer Cultures* Jennifer V. Evans, Matt Cook, 2014-08-28

*Queer Cities, Queer Cultures* examines the formation and make-up of urban subcultures and situates them against the stories we typically tell about Europe and its watershed moments in the post-1945 period. The book considers the degree to which the iconic events of 1945, 1968, and 1989 influenced the social and sexual climate of the ensuing decades, raising questions about the form and structure of the 1960s sexual revolution and forcing us to think about how we define sexual liberalization and where, how, and on whose terms it occurs. An international team of authors explores the role of America in shaping particular forms of subculture, the significance of changes in legal codes, differing modes of queer consumption and displays of community, the difficult fit of queer as opposed to gay and lesbian politics in liberal democracies, the importance of mobility and immigration in modulating queer urban life, the challenge of AIDS, and the arrival of the internet. By exploring the queer histories of cities from Istanbul, Helsinki, and Moscow to Madrid, *Queer Cities, Queer Cultures* makes a significant contribution to our understanding of urban history, European history, and the history of gender and sexuality.
