Queering Medieval Genres:

Queering Medieval Genres Tison Pugh, 2004-09-18 Winner of the University of Central Florida College of Arts and Humanities Distinguished Researcher Award Queering Medieval Genres proposes that within the historical trajectory of many genres certain agents are privileged while others are marginalized due to their understanding of heteronormative social codes Examining the ways in which homosexuality disrupts generic and cultural expectations of heteronormativity this book demonstrates that the introduction of the gueer within medieval literature shatters the audience s expectations of textual pleasure and demands that they reconsider the effects of homosexuality on their constructions of sexual and spiritual identity Scholars of medieval literature will appreciate the fresh insights that gueer genre theory provides on critical texts of the period additionally Queering Medieval Genres outlines a hermeneutic device with which to analyze literature of other historical periods as well My Gay Middle Ages A. W. Strouse, 2015 In the world of My Gay Middle Ages Chaucer and Boethius are the secret sharers of A W Strouse's gay lifestyle Where many scholars of the Middle Ages would get in from behind on cultural history Strouse instead does a reach around He eschews academic queer theory as yet another tedious normative framework and writes in the long fruity tradition of irresponsible homo medievalism a lineage that includes luminaries like Oscar Wilde who was sustained by his amateur readings of Dante and Abelard during the darks days of his incarceration for crimes of gross indecency Strouse experiences medieval literature and philosophy as a part of his everyday life and in these prose poems he makes the case for regarding the Middle Ages as a kind of technology of self preservation a posture through which to spiritualize the petty indignities of modern urban life With a Warholian flair for insouciant name dropping and a Steinian appetite for syntactic perversion Strouse monumentalizes the medieval within the contemporary and the contemporary within the medieval Today almost nobody reads Boethius which if you ask me is a crying shame Because Boethius is so gay First of all the heroine of the Consolation is this great big fierce diva whose name is Lady Philosophy She s a Lady and she doesn't stand for anybody s crap At the beginning of the book Boethius is crying all alone in prison depressed that he s lonely and loveless and is going to be killed Lady Philosophy descends from the heavens a la Glinda the Good Witch in The Wizard of Oz The first thing Boethius notices about her is that she s wearing an amazing dress with Greek letters embroidered on it they stand for practical and theoretical philosophy Her dress has been torn to shreds by the hands of uncouth philosophers They didn t know how to treat a lady from My Boethius TABLE OF CONTENTS The Most Famous Medievalist in the World My Boethius Memory Houses The President of the Medieval Academy Made Me Cry My Medieval Romance The Formation of a Persecuting Society The Medieval Heart is Like a Penis Jilted Again My Orpheus Medieval Literacy My Cloud of Unknowing The Post Medieval Unconscious Coda The Dedication Queer Love in the Middle Ages Anna Klosowska Roberts, 2016-05-24 Queer Love in the Middle Ages points out gueer themes in the works of the French canon including Perceval the Romance of the Rose and the Roman d Eneas It brings out less known works that prominently

feature same sex themes Yde and Olive a romance with a cross dressed heroine who marries a princess and many others The book combines an interest in contemporary French theory Kristeva Barthes psychoanalysis with a close reading of medieval texts It discusses important recent publications in pre modern gueer studies in the US It is the first major contribution to queer studies in medieval French literature Queering the Text Andrew Ramer, 2020-03-24 Ramer plays and grapples with traditional midrashim drawing inspiration from the homoerotic love poems of medieval Spain and envisioning alternate versions of the present Inspired by the pioneering work of Jewish feminists he has crafted stories that anchor LGBT lives in the 3 000 year old history of the Jewish people **Courtly and Queer** Charlie Samuelson, 2022-03-24 Recasts gueerness in medieval French romances by juxtaposing key genres for the first time revealing how their literary sophistication overlaps with modern conceptions of queerness Medieval Futurity Will Rogers, Christopher Michael Roman, 2020-11-09 This collection of essays asks contributors to take the capaciousness of the word gueer to heart in order to think about what medieval queers would have looked like and how they may have existed on the margins and borders of dominant normative sexuality and desire The contributors work with recent trends in queer medieval studies blending together modern concepts of sexuality and desire with the queer configurations of eroticism desire and materiality as they might have existed for Postmodern Poetry and Queer Medievalisms: Time Mechanics David Hadbawnik, 2022-06-06 This volume builds on recent scholarship on contemporary poetry in relation to medieval literature focusing on postmodern poets who work with the medieval in a variety of ways Such recent projects invert or queer the usual transactional nature of engagements with older forms of literature in which readers are asked to exchange some small measure of bewilderment at archaic language or forms for a sense of having experienced a medieval text The poets under consideration in this volume demand that readers grapple with the ways in which we are still medieval in other words the ways in which the questions posed by their medieval source material still reverberate and hold relevance for today s world They do so by challenging the primacy of present over past toppling the categories of old and new and suggesting new interpretive frameworks for contemporary and medieval poetry alike Trans and Genderqueer Subjects in Medieval Hagiography Alicia Spencer-Hall, Blake Gutt, 2021-03-30 Trans and Genderqueer Subjects in Medieval Hagiography presents an interdisciplinary examination of trans and genderqueer subjects in medieval hagiography Scholarship has productively combined analysis of medieval literary texts with modern queer theory yet too often questions of gender are explored almost exclusively through a prism of sexuality rather than gender identity This volume moves beyond such limitations foregrounding the richness of hagiography as a genre integrally resistant to limiting binaristic categories including rigid gender binaries The collection showcases scholarship by emerging trans and genderqueer authors as well as the work of established researchers Working at the vanguard of historical trans studies these scholars demonstrate the vital and vitally political nature of their work as medievalists Trans and Genderqueer Subjects in Medieval Hagiography enables the re creation of a lineage linking modern

trans and genderqueer individuals to their medieval ancestors providing models of queer identity where much scholarship has insisted there were none and re establishing the place of non normative gender in history Sexuality and its Oueer Discontents in Middle English Literature T. Pugh, 2008-02-04 This book exposes the ways in which ostensibly normative sexualities depend upon queerness to shore up their claims of privilege Through readings of such classic texts as The Canterbury Tales and Eger and Grime Tison Pugh explains how sexual normativity can often be claimed only after queerness **Queer Movie Medievalisms** Tison Pugh, 2016-12-05 How is history even possible since it involves recapturing a past already lost It is through this urge to understand feel and experience that films based on medieval history are made They attempt to re create the past but can only do so through a queer re visioning that inevitably replicates modernity In these mediations between past and present history becomes misty and so too do constructions of gender and sexuality leading to the impossibility of heterosexuality or of any sexuality predicated upon cinematic medievalism Queer Movie Medievalisms is the first book of its kind to grapple with the ways in which mediations between past and present as registered on the silver screen queerly undercut assumptions about sexuality throughout time It will be of great interest to scholars of Gender and Sexuality Cultural and Media Studies Film Studies and Medieval History Gender and Voice in Medieval French Literature and Song Rachel May Golden, Katherine Kong, 2021-10-12 This volume brings together literary and musical compositions of medieval France including the Occitanian region identifying the use of voice in these works as a way of articulating gendered identities. The contributors to this volume argue that because medieval texts were often read or sung aloud voice is central for understanding the performance transmission and reception of work from the period across a wide variety of genres These essays offer close readings of narrative and lyric poetry chivalric romance sermons letters political writing motets troubadour and trouv re lyric crusade songs love songs and debate songs Through literary musical and historiographical analyses contributors highlight the voicing of gendered perspectives expressions of sexuality and power dynamics The volume includes feminist readings investigations of masculinity queer theory and intersectional approaches The contributors interpret literary or musical works by Chr tien de Troyes Aimeric de Peguilhan Hue de la Fert the Chastelain de Couci Jacques de Vitry Christine de Pizan Anne de Graville Alain Chartier and Giovanni Boccaccio among others Gender and Voice in Medieval French Literature and Song offers a valuable interdisciplinary approach and contributes to the history of women's voices in the Middle Ages and Early Modern periods It illuminates the critical role of voice in negotiating culture celebrating and innovating traditions advancing personal and political projects and defining the literary and musical developments that shaped medieval France Contributors Lisa Colton Emily J Hutchinson Daisy Delogu Tamara Bentley Caudill Katherine Kong Meghan Quinlan Lydia M Walker Rachel May Golden Anna Kathryn Grau Anne Adele Levitsky Getting Medieval Carolyn Dinshaw, 1999-09-22 DIVHow medieval texts represent and reproduce normative heterosexual identities div **Queering Richard Rolle** Christopher M. Roman, 2017-01-19 This book examines three

aspects of Rolle's thinking used throughout this work his ontology phenomenology and sound ecology These facets of his work invoke both a way of understanding being in the world an opening up of the body in queer ways to experience the divine and a way to consider divine contemplation in terms of singing the body Queering Richard Rolle considers how Rolle navigates queer eremitic conduct in order to create an identity always in process Byzantine Intersectionality Roland Betancourt, 2020-10-06 A fascinating history of marginalized identities in the medieval world While the term intersectionality was coined in 1989 the existence of marginalized identities extends back over millennia Byzantine Intersectionality reveals the fascinating little examined conversations in medieval thought and visual culture around sexual and reproductive consent bullying and slut shaming homosocial and homoerotic relationships trans and nonbinary gender identities and the depiction of racialized minorities Roland Betancourt explores these issues in the context of the Byzantine Empire using sources from late antiquity and early Christianity up to the early modern period Highlighting nuanced and strikingly modern approaches by medieval writers philosophers theologians and doctors Betancourt offers a new history of gender sexuality and race Betancourt weaves together art literature and an impressive array of texts to investigate depictions of sexual consent in images of the Virgin Mary tactics of sexual shaming in the story of Empress Theodora narratives of transgender monks portrayals of same gender desire in images of the Doubting Thomas and stereotypes of gender and ethnicity in representations of the Ethiopian Eunuch He also gathers evidence from medical manuals detailing everything from surgical practices for late terminations of pregnancy to save a mother s life to a host of procedures used to affirm a person s gender Showing how understandings of gender sexuality and race have long been enmeshed Byzantine Intersectionality offers a groundbreaking look at the culture of the medieval world The Ashgate Research Companion to Oueer Theory Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom

Queer Chivalry Tison Pugh,2013-12-09 For the U S South the myth of chivalric masculinity dominates the cultural and historical landscape Visions of white southern men as archetypes of honor and gentility run throughout regional narratives with little regard for the actions and at times the atrocities committed by such men In Queer Chivalry Tison Pugh exposes the

inherent contradictions in these depictions of cavalier manhood investigating the foundations of southern gallantry as a reincarnated and reauthorized version of medieval masculinity Pugh argues that the idea of masculinity particularly as seen in works by prominent southern authors from Mark Twain to Ellen Gilchrist constitutes a cultural myth that queerly demarcates accepted norms of manliness often by displaying the impossibility of its achievement Beginning with Twain s famous critique of the Sir Walter disease that pilloried the South Pugh focuses on authors who questioned the code of chivalry by creating protagonists whose quests for personal knighthood prove quixotic Through detailed readings of major works including Twain s A Connecticut Yankee in King Arthur s Court Flannery O Connor s short fiction John Kennedy Toole s A Confederacy of Dunces Robert Penn Warren s A Place to Come To Walker Percy s novels and Gilchrist s The Annunciation Pugh demonstrates that the hypermasculinity of white knight ideals only draws attention to the ambiguous gender of the literary southern male Employing insights from gender and psychoanalytic theory Queer Chivalry contributes to recent critical discussions of the cloaked anxieties about gender and sexuality in southern literature Ultimately Pugh uncovers queer limits in the cavalier mythos showing how facts and fictions contributed to the ideological formulation of the South

Sexuality in the Middle Ages and Early Modern Times Albrecht Classen, 2008-12-10 Sexuality is one of the most influential factors in human life The responses to and reflections upon the manifestations of sexuality provide fascinating insights into fundamental aspects of medieval and early modern culture This interdisciplinary volume with articles written by social historians literary historians musicologists art historians and historians of religion and mental ity demonstrates how fruitful collaborative efforts can be in the exploration of essential features of human society Practically every aspect of culture both in the Middle Ages and the early modern age was influenced and determined by sexuality which hardly ever surfaces simply characterized by prurient interests. The treatment of sexuality in literature chronicles music art legal documents and in scientific texts illuminates central concerns anxieties tensions needs fears and problems in human society throughout times Medieval Women's Writing Diane Watt, 2007-10-22 Medieval Women's Writing is a major new contribution to our understanding of women's writing in England 1100 1500 The most comprehensive account to date it includes writings in Latin and French as well as English and works for as well as by women Marie de France Clemence of Barking Julian of Norwich Margery Kempe and the Paston women are discussed alongside the Old English lives of women saints The Life of Christina of Markyate the St Albans Psalter and the legends of women saints by Osbern Bokenham Medieval Women's Writing addresses these key questions Who were the first women authors in the English canon What do we mean by women s writing in the Middle Ages What do we mean by authorship How can studying medieval writing contribute to our understanding of women's literary history Diane Watt argues that female patrons audiences readers and even subjects contributed to the production of texts and their meanings whether written by men or women Only an understanding of textual production as collaborative enables us to grasp fully women s engagement with literary culture This radical rethinking of early womens literary history has major implications for all scholars working on medieval literature on ideas of authorship and on women s writing in later periods The book will become standard reading for all students of these debates *Straight Girls and Queer Guys* Christopher Pullen,2016-01-18 Examines the emergence of gay male and female heterosexual alliances within contemporary media **Race, Class, and Gender in "Medieval" Cinema** L. Ramey,T. Pugh,2007-02-19 The medieval film genre is not in general concerned with constructing a historically accurate past but much analysis nonetheless centers on highlighting anachronisms This book aims to help scholars and aficionados of medieval film think about how the re creation of an often mythical past performs important cultural work for modern directors and viewers. The essays in this collection demonstrate that directors intentionally insert modern preoccupations into a setting that would normally be considered incompatible with these concepts The Middle Ages provide an imaginary space far enough removed from the present day to explore modern preoccupations with human identity

Immerse yourself in heartwarming tales of love and emotion with is touching creation, Tender Moments: **Queering Medieval Genres**. This emotionally charged ebook, available for download in a PDF format (Download in PDF: *), is a celebration of love in all its forms.
