Quelle autorité aujourd'hui? Louis Moreau de Bellaing, 2002 , **Commanding Words** Lynda Chouiten, 2016-04-26
In a twenty first century which celebrates freedom and equality while also beginning to question the lax attitudes and methods which have triumphed since the late Sixties reflecting on the concept of authority is as necessary as ever What role does and should authority play in political social and academic organization Should one plead for stricter or more flexible authority Where does the frontier between authority and authoritarianism lie In examining these and other related questions this volume postulating the interconnectedness between authority and discourse also discusses the rhetorical strategies whereby authority is constructed manifested and resisted Pertaining to subjects as various as politics culture literature history and pedagogy the twenty chapters which constitute this book offer an interdisciplinary yet thematically coherent coverage of the question under discussion and encompass a wide historical and spatial scope which ranges from the Islamic Middle Ages to twenty first century America passing through nineteenth and twentieth century Europe India and North Africa on the way The Provincial Letters of Pascal Blaise Pascal, 1880 Prosateurs et Poètes Français Léon Contanseau, 2022-05-08 Reprint of the original first published in 1862 **Recueil Des Traités** , 1927 *Treaty Series; Publication of Treaties and International Engagements Registered with the Secretariat of the League* League of Nations, 1927 **International Labor Conference** , 1926 League of Nations Publications , 1920 **European Yearbook / Annuaire Européen** , 1966 Council of Europe/Conseil de L'Europe, 1968-07-01 The European Yearbook promotes the scientific study of nineteen European supranational organisations and the OECD The series offers a detailed survey of the history structure and yearly activities of each organisation and an up to date overview of the member states of each organisation This special anniversary volume celebrates 60 years of publication of the Yearbook and its contents differs from that of the regular volumes therefore It offers a selection of the most important articles dealing with European cooperation and integration to appear in the Yearbook during its 60 years of publication These are of particular interest not only because they provide a unique historical snapshot of the many successes and occasional failures in the field of European integration but also because they discuss the ideals and aims that lay behind these efforts many of which still resonate today as Europe confronts questions about its political destiny and ideal shape This volume contains articles in English and French *Sessional Papers of the Dominion of Canada* Canada.
