Quest For Dall Sheep:

The Quest for Dall Sheep Jack E. Wilson, 1997 **Quest for Dall Rams** Duncan Gilchrist, 1997-06 **American Buffalo** Steven Rinella, 2008-12-02

From the host of the Travel Channel's *The Wild Within* A hunt for the American buffalo an adventurous fascinating examination of an animal that has haunted the American imagination In 2005 Steven Rinella won a lottery permit to hunt for a wild buffalo or American bison in the Alaskan wilderness Despite the odds there's only a 2 percent chance of drawing the permit and fewer than 20 percent of those hunters are successful Rinella managed to kill a buffalo on a snow covered mountainside and then raft the meat back to civilization while being trailed by grizzly bears and suffering from hypothermia Throughout these adventures Rinella found himself contemplating his own place among the 14 000 years worth of buffalo hunters in North America as well as the buffalo's place in the American experience At the time of the Revolutionary War North America was home to approximately 40 million buffalo the largest herd of big mammals on the planet but by the mid 1890s only a few hundred remained Now that the buffalo is on the verge of a dramatic ecological recovery across the West Americans are faced with the challenge of how and if we can dare to share our land with a beast that is the embodiment of the American wilderness *American Buffalo* is a narrative tale of Rinella's hunt But beyond that it is the story of the many ways in which the buffalo has shaped our national identity Rinella takes us across the continent in search of the buffalo's past present and future to the Bering Land Bridge where scientists search for buffalo bones amid artifacts of the New World's earliest human inhabitants to buffalo jumps where Native Americans once ran buffalo over cliffs by the thousands to the Detroit Carbon works a bone charcoal plant that made fortunes in the late 1800s by turning millions of tons of buffalo bones into bone meal black dye and fine china and even to an abattoir turned fashion mecca in Manhattan's Meatpacking District where a depressed buffalo named Black Diamond met his fate after serving as the model for the American nickel Rinella's erudition and exuberance combined with his gift for storytelling make him the perfect guide for a book that combines outdoor adventure with a quirky blend of facts and observations about history biology and the natural world Both a captivating narrative and a book of environmental and historical significance *American Buffalo* tells us as much about ourselves as Americans as it does about the creature who perhaps best of all embodies the American ethos

Wolf L. David Mech, 2012-05-16 Throughout the continents of Eurasia and North America primitive man evolved in association with wolves Wolves competed with him as a hunter and raided his flocks and herds Inevitably folklore became rich in tales of this powerful resourceful creature Europeans reached North America with their attitudes already formed The wilderness pressed in upon their tiny settlements in constant threat and all energies were devoted to destroying it and turning its inexhaustible resources to use Over vast areas of the continent the wolf went down with the wilderness before the unprecedented effectiveness of our technological attack on the ecology of a continent Today however there is a great tide of concern over the consequences of our assault on the wild lands and wild creatures on the continent and more and more

biologists are devoting their knowledge and energy to searching studies of our land and its native biota The wolf has been the subject of detailed study by a number of ecologists on this continent who make use of all the research devices now available Much of our knowledge is very recent is increasing rapidly and has resulted from the work of a mere handful of keen resourceful and courageous students of wolf biology This the first book to attempt a complete account of the biology of the wolf draws from years of field research and upon the rich literature from two continents From the foreword by Ian

McTaggart Cowan *Blue Mountain* Martine Leavitt, 2014-11-21 When young Tuk is born on the mountain life is simple for a young bighorn Run jump and play with his bandmates eat and grow strong But soon it will be up to Tuk to lead the herd to a new mountain he has seen far to the west It will be a long journey filled with dangers Wolf bear wolverine puma and man The responsibility to lead the herd sits uneasily on Tuk s shoulders But Tuk is the one who has seen the blue mountain in the distance and his bandmates are counting on him There is little Mouf full of questions There is Sham who must reach their new lambing grounds before her lamb is born And there are his male rivals who challenge his ability to lead them After all Tuk is just a yearling and his horns are not even fully formed As the journey lengthens it becomes more urgent Swamps and impenetrable forests block their path Hungry predators demand their due Human highways and machines and dwellings contaminate formerly pristine valleys Yet Tuk finds a way with the help of his friend Rim the loyal ewe Dall and his trust in Blue Mountain a place where the bighorn can live in peace on the gifts that the mountain provides **Montana - Land of**

Giant Rams Duncan Gilchrist, 1992-10 *Alaska's Skyboys* Katherine Johnson Ringsmuth, 2015-10-01 This fascinating account of the development of aviation in Alaska examines the daring missions of pilots who initially opened up the territory for military positioning and later for trade and tourism Early Alaskan military and bush pilots navigated some of the highest and most rugged terrain on earth taking off and landing on glaciers mudflats and active volcanoes Although they were consistently portrayed by industry leaders and lawmakers alike as cowboys and their planes compared to settlers covered wagons the reality was that aviation catapulted Alaska onto a modern global stage the federal government subsidized aviation s growth in the territory as part of the Cold War defense against the Soviet Union Through personal stories industry publications and news accounts historian Katherine Johnson Ringsmuth uncovers the ways that Alaska s aviation growth was downplayed in order to perpetuate the myth of the cowboy spirit and the desire to tame what many considered to be the last frontier *Still Life* Melissa Milgrom, 2010-02-14 After her curiosity is piqued by a safari gone awry a journalist delves into

the curious world of taxidermy and shares her findings It s easy to dismiss taxidermy as a kitschy or morbid sideline the realm of trophy fish and jackalopes or an anachronistic throwback to the dusty diorama Yet theirs is a world of intrepid hunter explorers eccentric naturalists and gifted museum artisans all devoted to the paradoxical pursuit of creating the illusion of life Into this subculture of passionate animal lovers ventures journalist Melissa Milgrom whose journey stretches from the anachronistic family workshop of the last chief taxidermist for the American Museum of Natural History to the

studio where an English sculptor granddaughter of a surrealist artist preserves the animals for Damien Hirst's most disturbing artworks She wanders through Mr Potter's Museum of Curiosities in the final days of its existence to watch dealers vie for preserved Victorian oddities and visits the Smithsonian's offsite lab where taxidermists transform zoo skins into vivacious beasts She tags along with a Canadian bear trapper and former Roy Orbison impersonator the three time World Taxidermy Champion as he resurrects an extinct Irish elk using DNA studies and Paleolithic cave art for reference she even ultimately picks up a scalpel and stuffs her own squirrel Transformed from a curious onlooker to an empathetic participant Milgrom takes us deep into the world of taxidermy and reveals its uncanny appeal Hilarious but respectful Washington Post Engrossing New Yorker A delightful debut Milgrom has in Still Life opened up a whole world to readers Chicago Tribune Milgrom's lively account will appeal to readers who enjoyed Mary Roach's quirky science books Library Journal

Eating Stone Ellen Meloy, 2009-07-29 Long believed to be disappearing and possibly even extinct the Southwestern bighorn sheep of Utah's canyonlands have made a surprising comeback Naturalist Ellen Meloy tracks a band of these majestic creatures through backcountry hikes downriver floats and travels across the Southwest Alone in the wilderness Meloy chronicles her communion with the bighorns and laments the growing severance of man from nature a severance that she feels has left us spiritually hungry Wry quirky and perceptive Eating Stone is a brilliant and wholly original tribute to the natural world

The Circle Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER A bestselling dystopian novel that tackles surveillance privacy and the frightening intrusions of technology in our lives a compulsively readable parable for the 21st century Vanity Fair When Mae Holland is hired to work for the Circle the world's most powerful internet company she feels she's been given the opportunity of a lifetime The Circle run out of a sprawling California campus links users personal emails social media banking and purchasing with their universal operating system resulting in one online identity and a new age of civility and transparency As Mae tours the open plan office spaces the towering glass dining facilities the cozy dorms for those who spend nights at work she is thrilled with the company's modernity and activity There are parties that last through the night there are famous musicians playing on the lawn there are athletic activities and clubs and brunches and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO Mae can't believe her luck her great fortune to work for the most influential company in the world even as life beyond the campus grows distant even as a strange encounter with a colleague leaves her shaken even as her role at the Circle becomes increasingly public What begins as the captivating story of one woman's ambition and idealism soon becomes a heart racing novel of suspense raising questions about memory history privacy democracy and the limits of human knowledge

Sheep and Sheep Hunting Jack O'Connor, 1974

Alaska Walter R. Borneman, 2009-10-13 This panoramic chronicle of Alaska captures the grandeur of its geography history and many larger than life personalities Just plain terrific Bradford Washburn The history of Alaska is filled with stories of new land and new riches and ever present are new people with competing views on how these valuable

resources should be used Here are the stories of Russians exploiting a fur empire explorers checking rival advances prospectors stampeding to the clarion call of Gold soldiers battling out a decisive chapter in WWII oil wildcatters looking for a different kind of mineral wealth and always at the core of these disputes is the question of how the land itself is to be used and by whom While some want Alaska to remain static others are in the vanguard of change Alaska Saga of a Bold Land shows that there are no easy answers on either side of this perennial debate and that Alaska will always be crossing the next frontier

Arctic Quest Chad Kister, 2003 A cliff hanging adventure taking readers to a land in imminent peril

The Longest Road Philip Caputo, 2014-05-13 IN THE LONGEST ROAD ONE OF AMERICA S MOST RESPECTED WRITERS TAKES AN EPIC JOURNEY ACROSS THE NATION AIRSTREAM IN TOW AND ASKS EVERYDAY AMERICANS WHAT UNITES AND DIVIDES A COUNTRY AS DIVERSE AS IT IS VAST Standing on a wind scoured island off the Alaskan coast Philip Caputo marveled that its Inupiat Eskimo schoolchildren pledge allegiance to the same flag as the children of Cuban immigrants in Key West six thousand miles away And a question began to take shape How does the United States peopled by every race on earth remain united Caputo resolved that one day he d drive from the nation s southernmost point to the northernmost point reachable by road talking to Americans about their lives and asking how they would answer his question Caputo his wife and their two English setters made their way in a truck and classic trailer hereafter known as Fred and Ethel from Key West Florida to Deadhorse Alaska covering sixteen thousand miles He spoke to everyone from a West Virginia couple saving souls to a Native American shaman and taco entrepreneur What he found is a story that will entertain and inspire readers as much as it informs them about the state of today s United States the glue that holds us all together and the conflicts that could pull us apart

Hunting the King Peter Clenott, 2008 Explores the existence of the Gospel of Hannaniah the alleged daughter of Jesus in the form of a thrilling fictional thriller that explores the Middle East against a backdrop of scandal schemers spies and scientists who seek to obtain the greatest prize the world has ever seen Provided by publisher

Addicted to Altitude Mark Hampton, 2011-03-16 ADDICTED TO ALTITUDE A generation ago Jack O Connor dean of outdoor writers taught us that mountain hunting was a special pursuit a form of hunting that took us to the high wild places in search of some of the world s most beautiful and elusive game Today Mark Hampton follows his teaching and takes us to new heights in pursuit of wild sheep and goats amidst the world s highest mountains and most magnificent scenery You will travel with him to the world s legendary ranges Hindu Kush Himalayas Caucasus Alps Tien Shan Altai and more from the burning Red Sea Hills of Sudan to the precipitous Southern Alps of New Zealand and of course to our own Rocky Mountains Cassiars Alaska Range and the harsh desert mountains of the American Southwest Mark Hampton career educator former Missouri State Representative All American trapshooter longtime hunting guide and legendary handgun hunter takes you along on what evolved as his greatest passion High country hunting for the wild sheep and goats of the world From the diminutive chamois to the mighty argali from desert bighorn to Rocky Mountain goat you will feel your lungs burn as you

climb the high ridges and feel your heart race as you make the final stalk Addicted to Altitude will earn its place in the annals of hunting literature and will validate for a new generation the special feeling of climbing the heights for the great game to be found

Braving It James Campbell, 2017-05-09 The powerful and affirming story of a father's journey with his teenage daughter to the far reaches of Alaska Alaska's Arctic National Wildlife Refuge home to only a handful of people is a harsh and lonely place So when James Campbell's cousin Heimo Korth asked him to spend a summer building a cabin in the rugged Interior Campbell hesitated about inviting his fifteen year old daughter Aidan to join him Would she be able to withstand clouds of mosquitoes the threat of grizzlies bathing in an ice cold river and hours of grueling labor peeling and hauling logs But once there Aidan embraced the wild She even agreed to return a few months later to help the Korths work their traplines and hunt for caribou and moose Despite windchills of 50 degrees below zero father and daughter ventured out daily to track hunt and trap Under the supervision of Edna Heimo's Yupik Eskimo wife Aidan grew more confident in the woods Campbell knew that in traditional Eskimo cultures some daughters earned a rite of passage usually reserved for young men So he decided to take Aidan back to Alaska one final time before she left home It would be their third and most ambitious trip backpacking over Alaska's Brooks Range to the headwaters of the mighty Hulahula River where they would assemble a folding canoe and paddle to the Arctic Ocean The journey would test them and their relationship in one of the planet's most remote places a land of wolves musk oxen Dall sheep golden eagles and polar bears At turns poignant and humorous Braving It is an ode to America's disappearing wilderness and a profound meditation on what it means for a child to grow up and a parent to finally fully let go

Adventure Bowhunter Tom Miranda, 2012-11-06 Join adventure bowhunter Tom Miranda as he travels throughout North America in pursuit of the archery Super Slam all 29 of the continent's big game animals Considered the Everest of bowhunting the Super Slam stands as the pinnacle of archery hunting achievements Follow Miranda through 13 years and 54 hunts as he chases the incredible Super Slam
