Quest For Eros Browning Fifine:

Quest for Eros Samuel B. Southwell, 2014-07-15 Students of Browning have long been puzzled by the discrepancies between the dramatic framework of *Fifine* and its symbolic development but these difficulties are resolved in Southwell's explication by a biographical hypothesis The powerful influence of the memory of his beloved wife Elizabeth involved Browning in a deep ambivalence and *Fifine at the Fair* represents his effort to escape the effects of the profound inhibitions associated with her memory while at the same time remaining loyal to it The poem is itself a flawed quest for Eros Browning's symbolic vision of sexuality as the central vitalizing force in human culture a supreme achievement of the poem is followed by a renunciation of the quest but the validity of the vision is explicitly affirmed and its promise recognized In *Fifine at the Fair* Browning's artistic powers are splendidly in evidence Southwell's fresh examination of the tensions within the poem offers new understanding of its power

Quest for Eros Samuel B. Southwell, **The Shelleys and the Brownings** Rieko Suzuki, 2022-01-13 This book is about the intertextual relationships between the works of the Shelleys and the Brownings While a lot of research has been done on the relationship between Percy Bysshe Shelley and Robert Browning virtually nothing has been said about the links between Mary Shelley and Robert Browning and very little on the connections between the Shelleys and Elizabeth Barrett Browning Rieko Suzuki seeks to address this blind spot by focusing on three areas in particular firstly the way that Browning's later poems reflect back on and re-engage with Shelley's work secondly Mary Shelley's influence on Browning's early poems and thirdly Shelley's presence in and influence on Elizabeth Barrett Browning's writing In mapping out the various ways in which texts relate to other texts the book also identifies a number of important thematic threads that run throughout the work of all four writers These include theories of history and historical consciousness providing a further dimension to the question of influence They also include ideas about exile gender liberal politics and cultural heritage central to almost all the texts discussed here as the Shelleys and the Brownings in different ways and in varying contexts tried to negotiate the possibility of a more tolerant and resilient social political and cultural environment

Passions Without a Tongue Jochen Haug, 2004 Robert Browning 1812-1889 is generally held to be one of the most important and most complex Victorian poets His poetry balances a high level of intellectual sophistication with an acute awareness of physical materiality This study analyses the depiction of the human body in Browning's work Particular emphasis is placed on the dramatic monologue the poetic form for which he is famous The main part of the study consists of close readings of Browning's poems and situates his oeuvre in the context of Victorian thinking
