Quest For God Quest For Self:

Quest for God, Quest for Self Louis Christiaens, 1979 **A Quest for More** Paul David Tripp, 2007-10-01 Meditating on the concept of the kingdom of God and what it means to seek it first Paul David Tripp helps readers find their purpose in pursuit of God's glory The Quest for God and the Good Life Mark T. Miller, 2013-05-01 Throughout this introductory text progress decline and redemption constitute a systematic framework for examining the central terms of Catholic theology as well as key notions in Lonergan's theology The book provides a firm foundation for students of Lonergan as well as anyone interested in understanding Catholic theology and applying it to ministry education and other fields **The Soul's Quest for God** R. C. Sproul, 2003 This book is about a quest It is about the most important quest of our lives It is the soul's quest for God The quest is for the wellspring of life for the taste of the sweetness of honey in our mouths and for the divine light that alone can illumine our darkest chambers from back cover *Finding Faith* Brian D. McLaren, 2000-06-27 Is there a God What might God be like What is the relationship between faith and certainty Can intelligent people believe in spiritual realities Why are there so many religions Is it possible to experience a relationship with God and if so how If you've asked questions like these you're in good company From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as The X Files and Touched by an Angel the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life Real faith isn't blind believism It is a process that engages your intellect as well as your emotions If you think faith requires turning your back on truth and intellectual honesty then Finding Faith is one book you really ought to read With logic passion and even handedness that the thinking person will appreciate this book helps you face your obstacles to faith by focusing not on what to believe but on how to believe Whether you want to strengthen the faith you have renew the faith you lost or discover faith for the first time Finding Faith can coach inspire encourage and guide you and help you discover more in life than you'd ever imagined or hoped for **Quest for the Living God** Elizabeth A. Johnson, 2011-07-21 Since the middle of the twentieth century writes Elizabeth Johnson there has been a renaissance of new insights into God in the Christian tradition On different continents under pressure from historical events and social conditions people of faith have glimpsed the living God in fresh ways It is not that a wholly different God is discovered from the One believed in by previous generations Christian faith does not believe in a new God but finding itself in new situations seeks the presence of God there Aspects long forgotten are brought into new relationships with current events and the depths of divine compassion are appreciated in ways not previously imagined This book sets out the fruit of these discoveries The first chapter describes Johnson's point of departure and the rules of engagement with each succeeding chapter distilling a discrete idea of God Featured are transcendental political liberation feminist black Hispanic interreligious and ecological theologies ending with the particular Christian idea of the one God as Trinity **A Quest for Self Discovery** Barry Merchant, 2016-05-20 Les Tatter born into a hard working East End family and growing up during the First World War finds the poverty hardship and

class prejudice around him almost too much to bear He runs away from home goes on the road with a pair of kind hearted tramps and finally ends up finding peace and salvation in a monastery But his hopes turn to ashes again when he receives bad news from home Who can he turn to when his world collapses around him A novel of hardship and redemption set in the years after World War One *Quest for Self-knowledge* Joseph Flanagan,1997-01-01 Introduces teachers and students to the difficult subject of self knowledge and provides readers with a transcultural normative foundation for a critical evaluation of self identity and cultural identity *The Seeking Self* Richard Lind,2000-01-01 Whether seeking recognition spirituality or some other kind of self improvement we are endlessly striving to become something better But even if we obtain what we are looking for we cannot refrain from creating another quest Always driven to distraction in pursuit of our goals we have never been able to enjoy or even live the life that was ours In *The Seeking Self* the author suggests that self transformation can only occur if we are able to stop interfering with the experience of who we naturally are **Man's Quest for God** Abraham Joshua Heschel,1998 Offers insights that speak to the essence of prayer *The Quest for Happiness* Venerable Louis Granada,2020-05-25 What is the meaning of life What is love How can I be happy These are questions that people today often ask rhetorically as though there were no answer Others hunt down answers in self help books guides from experts or television The great Dominican Venerable Louis of Granada best known for his work *The Sinner's Guide* penned this treatise *The Quest for Happiness* to help us see that we cannot trust in man's own work to bring about happiness What is the meaning of life It is not a rhetorical question rather the Church has the answer To know love and serve almighty God This book gives the answer of how to proceed on such a quest out of the unhappiness of the world and toward the happiness of God This new edition of Venerable Louis work lightly edited and adjusted for the problems that modern man faces today is a map to navigate the wasteland of modernity and discover true happiness **Is the Quest for Meaning the Quest for God?** W Stoker,1996 Traditionally religion was the supplier of meaning It is often said that the quest for meaning is at bottom a quest for God a quest that can only find an adequate answer in religion But then what is the alternative for those who reject religion Emptiness and meaninglessness as Nietzsche succinctly formulated it We have killed God Are we not straying as through an infinite nothing In the meantime non believers have found a solution for the crisis in meaning People are not usually nihilists but live their lives and consider them to be meaningful without religion This study is concerned with determining once again the place of the ascription of meaning from the perspective of the Christian faith in its relation to the non religious ascription of meaning For this purpose an analysis is given of contemporary theological and philosophical views of the problem of meaning The crisis of meaning as it has arisen in Nietzsche and the theatre of the absurd is examined Stoker also discusses contemporary forms of the ascription of meaning without religion such as self actualization and functional rationality as sources of meaning Stoker rejects an apologetics of need He posits that the Christian faith does not have an exclusive right to the ascription of meaning but this obtains also for secular forms of the ascription of meaning such

as humanism Is God then the ultimate concern of each person From the perspective of the Christian faith yes but this does not mean that the non religious ascription of meaning as such must be viewed negatively Stoker illustrates how the religious and the non religious ascriptions of meaning are similar and how they differ Both are intended to be the source of meaning for human questions of life and death With respect to their differences the author demonstrates that the ascription of meaning from the perspective of the Christian faith does not entail a disqualification of a non religious worldview but is intended to make people more human

In Quest of God Swami Ramdas,1994 COMPARABLE IN LASTING significance to the famous classics *The Way of a Pilgrim* and *Brother Lawrence's The Practice of the Presence of God* this book is an extraordinary spiritual autobiography It recounts the story of a homeless monk's journey as he travels the dusty roads and paths of the Indian subcontinent from the ancient temples of the south to the awe inspiring snow covered Himalayas of the north This is the tale of a pilgrimage vividly and compellingly told taken with the hallmarks of complete faith in the Creator and constant remembrance of God Swami Ramdas did not accept money and treated all people he encountered as manifestations of his Beloved The narrative contains many inspiring accounts of how his pure love transformed people who at first treated him very harshly Whatever situation he was placed in he didn't fail to notice the lighter side which appealed to his keen sense of the comic and ludicrous in life He never lost this quality even after he became God intoxicated and lived on the road in total blissful surrender to the divine will Many readers find themselves in a lifelong love affair with this story This book is the first in a trilogy chronicling Swami Ramdas pilgrimage to God realization The next two volumes *In the Vision of God* volumes I and II are also available from Blue Dove Press
