## Quest For Graham Greene:

**The Quest for Graham Greene** William J. West, 1997      **The Quest for Graham Greene** W. J. West, 1998  
Greene reads like a character from his own fiction in this revelatory account of his links with MI6 and the Hollywood mafia West exposes the reasons Greene's sudden self-imposed exile his fascination with the mafia his loathing of America the origins of his obsessions with Catholicism espionage and his own involvement in MI6 As riveting as any Greene novel this is the book which gets to the heart of one of this century's most important and elusive writers

**The Quest for Graham Greene** W. J. West, 2015-09-01  
W J West has unearthed and pieced together all new material regarding Graham Greene which sheds light into the darker regions of Greene's personal religious financial and international affairs Based on information gleaned from private archives and a cache of letters belonging to thriller writer Rene Raymond known to his reading public as James Hadley Chase West exposes among other information the reasons behind Greene's sudden self-imposed exile from England What the Chase letters show is that Greene and Chase shared the same tax consultant and that the two men along with Charlie Chaplin and Noel Coward became unwittingly embroiled in a tax evasion and fraud operation scandal with roots in the Hollywood mafia Through further investigation West also uncovers the origins of Greene's literary ambitions and his obsession with Catholicism as well as new discoveries concerning Greene's crucial mental breakdown as a teenager West also reveals more information on Greene's involvement with espionage MI6 and his ties with Kim Philby

*Journey Without Maps* Graham Greene, 1992  
His mind crowded with vivid images of Africa Graham Greene set off in 1935 to discover Liberia a remote and unfamiliar republic founded for released slaves Now with a new introduction by Paul Theroux *Journey Without Maps* is the spellbinding record of Greene's journey Crossing the red clay terrain from Sierra Leone to the coast of Grand Bassa with a chain of porters he came to know one of the few areas of Africa untouched by colonization Western civilization had not yet impinged on either the human psyche or the social structure and neither poverty disease nor hunger seemed able to quell the native spirit

**BACKCOVER** One of the best travel books of the twentieth century Norman Sherry *Journey Without Maps* and *The Lawless Roads* reveal Greene's ravaging spiritual hunger a desperate need to touch rock bottom within the self and in the humanly created world *The Times Higher Education Supplement*

*The Name of Action* Graham Greene, 1931
