**Man's Search For Ultimate Meaning** Viktor E. Frankl, 2018-09-11 Viktor Frankl bestselling author of *Man's Search for Meaning* explains the psychological tools that enabled him to survive the Holocaust. Viktor Frankl is known to millions as the author of *Man's Search for Meaning*, his harrowing Holocaust memoir. In this book, he goes more deeply into the ways of thinking that enabled him to survive imprisonment in a concentration camp and to find meaning in life in spite of all the odds. He expands upon his groundbreaking ideas and searches for answers about life, death, faith, and suffering. Believing that there is much more to our existence than meets the eye, he says, "No one will be able to make us believe that man is a sublimated animal once we can show that within him there is a repressed angel." In *Man's Search for Ultimate Meaning*, Frankl explores our sometimes unconscious desire for inspiration or revelation. He explains how we can create meaning for ourselves and ultimately he reveals how life has more to offer us than we could ever imagine.

**The Search for Meaning** Dennis Ford, 2007-09-10 In *The Search for Meaning: A Short History*, Dennis Ford explores eight approaches human beings have pursued over time to invest life with meaning and to infuse order into a seemingly chaotic universe. These include myth, philosophy, science, postmodernism, pragmatism, archetypal psychology, metaphysics, and naturalism. In engaging, companionable prose, Ford boils down these systems to their bare essentials, showing the difference between viewing the world from a religious point of view and that of a naturalist, and comparing a scientific worldview to a philosophical one. Ford investigates the contributions of the Greeks, Kant, and William James, and brings the discussion up to date with contemporary thinkers. He proffers the refreshing idea that in today's world, the answers provided by traditional religions to increasingly difficult questions have lost their currency for many, and that the reductive or rationalist answers provided by science and postmodernism are themselves rife with unexamined assumptions.

**The Human Quest for Meaning** Paul T. P. Wong, 2013-06-19 The first edition of *The Human Quest for Meaning* was a major publication on the empirical research of meaning in life and its vital role in well-being, resilience, and psychotherapy. This new edition continues that quest and seeks to answer the questions: what is the meaning of life? How do we explain what constitutes meaningful relationships, work, and living? The answers, as the eminent scholars and practitioners who contributed to this text find, are neither simple nor straightforward. While seeking to clarify subjective vs. objective meaning in 21 new and 7 revised chapters, the authors also address the differences in cultural contexts and identify 8 different sources of meaning, as well as at least 6 different stages in the process of the search for meaning. They also address different perspectives, including positive psychology, self-determination, integrative narrative, and relational perspectives, to ensure that readers obtain the most thorough information.

**The Postmodern Short Story** Farhat Iftekharudin, Joseph Boyden, Mary Rohrberger, Jaie Claudet, 2003-12-30 Short stories are usually defined in terms of characteristics of modernism in which the story begins in the middle develops according to a truncated plot and ends with an epiphany This approach tends to ignore postmodernism a movement often characterized by a negation of objective reality where plots are seemingly abandoned surfaces are extraordinary and symbols turn inward on themselves This book examines postmodern forms and characteristic themes by analyzing a group of short stories that make use of postmodern narrative strategies including nonfictional fiction gender profiling and death as an image The volume begins with a discussion of the blurred lines between fiction and nonfiction in the short story and imaginative personal essay It then looks at the role of women in works by such authors as Sandra Cisneros Leslie Marmon Silko Joyce Carol Oates and Lorrie Moore This is followed by a section of chapters on postmodern masculinity and short fiction The next section focuses on death as an image and theme in works by Richard Ford Richard Brautigan and James Joyce The final set of chapters considers postmodern short fiction from South Africa and Canada

H. Dettmar,1996 For nearly three quarters of a century the modernist way of reading has been the only way of reading James Joyce useful yes and powerful but like all frameworks limited This book takes a leap across those limits into postmodernism where the pleasures and possibilities of an unsuspected Joyce are yet to be found Kevin J H Dettmar begins by articulating a stylistics of postmodernism drawn from the key texts of Roland Barthes Mikhail Bakhtin and Jean Fran ois Lyotard Read within this framework Dubliners emerges from behind its modernist facade as the earliest product of Joyce s proto postmodernist sensibility Dettmar exposes these stories as tales of mystery not mastery despite the modernist earmarks of plentiful symbols allusions and epiphanies Ulysses too has been inadequately served by modernist critics Where they have emphasized the work s ingenious Homeric structure Dettmar focuses instead upon its seams those points at which the narrative willfully joyfully overflows its self imposed bounds Finally he reads A Portrait of the Artist and Finnegans Wake as less playful less daring texts the first constrained by the precious would be poet at its center the last marking a surprising retreat from the constantly evolving vertiginous experience of Ulysses In short The Illicit Joyce of Postmodernism explores what happens when the extra literary pronouncements of Eliot Pound and Joyce as well as Joyce s early critics are set aside and a new unauthorized Joyce is allowed to appear This postmodern Joyce more willful and less easily compartmentalized stands as a counterpoint to the modernist Joyce who has perhaps become too familiar
