Quest For Modernity:

Global Metaphors Jo-Anne Pemberton, 2001-10-20 Comparing the rhetoric of global unity common in the 1920s and early 1930s with the rhetoric of globalization today Pemberton politics and international relations University of New South Wales articulates the faith in technology and scientific progress underlying much of the rhetoric's persuasive force The ideological implications and political manipulations that follow are also detailed These are contrasted with the opposing views in the past and the present which have emphasized and do emphasize multiplicity and manyness c Book News Inc

Blackness and Modernity Cecil Foster, 2007 Cecil Foster presents a rigorous interdisciplinary analysis of blackness by challenging existing notions of blackness and arguing for the viability of a multicultural world In *Blackness and Modernity* Foster traces the main philosophical anthropological sociological and mythological arguments that support views of modernity as a failed quest for whiteness He outlines how these views were implemented as part of a world history and shows how Canada became the first country to officially reject this approach by adopting multiculturalism *Blackness and Modernity* presents four categories for understanding blackness and whiteness the somatic cultural status differential and the idealistic The somatic the colour of skin is merely one category and perhaps the least meaningful for while it may be the most important for some people Foster argues that multiculturalism which he views as ontological blackness is an attempt to make rational idealism the only category that matters [The Quest for the Trinity](#) Stephen R. Holmes, 2012-10-03 Stephen Holmes tells the saga of the Christian doctrine of God hoping to provide some reflective distance on today's revival in Trinitarian studies We witness the church's discovery of the doctrine from Scripture its crucial patristic developments its medieval and Reformation continuity and its fortunes since the advent of modernity **Rethinking Modernity and**

National Identity in Turkey Sibel Bozdoğan, Resat Kasaba, 2011-11-15 In the first two decades after W W II social scientists heralded Turkey as an exemplar of a modernizing nation in the Western mold Images of unveiled women working next to clean shaven men healthy children in school uniforms and downtown Ankara's modern architecture all proclaimed the country's success Although Turkey's modernization began in the late Ottoman era the establishment of the secular nation state by Kemal Atatürk in 1923 marked the crystallization of an explicit elite driven project of modernity that took its inspiration exclusively from the West The essays in this book are the first attempt to examine the Turkish experiment with modernity from a broad interdisciplinary perspective encompassing the fields of history the social sciences the humanities architecture and urban planning As they examine both the Turkish project of modernity and its critics the contributors offer a fresh balanced understanding of dilemmas now facing not only Turkey but also many other parts of the Middle East and the world at large **Modernity and Its Discontents** Steven B. Smith, 2016-08-09 Steven B Smith examines the concept of modernity not as the end product of historical developments but as a state of mind He explores modernism as a source of both pride and anxiety suggesting that its most distinctive characteristics are the self criticisms and doubts that accompany

social and political progress Providing profiles of the modern project s most powerful defenders and critics from Machiavelli and Spinoza to Saul Bellow and Isaiah Berlin this provocative work of philosophy and political science offers a novel perspective on what it means to be modern and why discontent and sometimes radical rejection are its inevitable by products

Quest for Divinity Mohamed A. Mahmoud,2015-02-01 A highly influential Sudanese reformist thinker Mahmud Muhammad Taha is regarded as a product of a dual legacy rooted in mystical Islam on the one hand and in the tradition of modernity on the other Publicly executed in 1985 following his conviction of apostasy Taha offered distinctly original interpretations of the Qur an and a radical theory of Islamic prayer In Quest for Divinity Mohamed Mahmoud presents an in depth and balanced treatment of Taha s controversial yet significant thought The author s ability to provide access to relevant literature in both Arabic and English offers readers a rare view of the considerable nuance in Taha s thought With rich detail Mahmoud explores Taha s theories of human freedom and his social message referred to as the second message of Islam with its emphasis on political economic and social equality Taha s embrace of modernity is further assessed relative to his position on science law and art areas that have always attracted Muslim modernists Quest for Divinity will attract attention to Taha s compelling but little known intellectual contribution as a seminal modern reformer of Islam Such recognition is long overdue and will enrich the current debates on Islam and modernity

Paranoia and Modernity John C. Don Quixote Carroll B. Johnson,2000-07-14 Since its

publication in the early seventeenth century Don Quixote has become a classic of world literature and its hero a symbol of romantic aspiration and absurdity Even today Cervantes' mad knight continues to reach out and hook readers' psyches Don Quixote is the story of a verisimilar literary character whose rich and conflicted inner life and encounters with the world around him became the prototype for the modern novel from Tom Jones to Lolita Johnson situates the Quixote within its relevant historical and cultural context including the uniquely Spanish form of the general European dialectic of Old versus New The mad hero's encounters with the world expose the shaky foundations of that conflictive society Don Quixote was a revolutionary ideological statement in its own time and has proved to be a revolutionary literary statement for all time Johnson shows how Cervantes challenges the official poetics of the late sixteenth century and simultaneously anticipates virtually every aspect of the trendiest theorizing of the late twentieth century *Alternative Modernities* Dilip Parameshwar Gaonkar, 2001 A special issue of PUBLIC CULTURE this volume of essays examines modernity from transnational and transcultural perspectives holding that within different cultures there are different starting points of the transition to modernity that lead to different Freud's Paranoid Quest John Farrell, 1996 John Farrell argues forcefully against Freud but does something more important in the process his reframing of the discussion of modernity has implications for every branch of contemporary humanistic inquiry and makes this a timely and most significant book HARVARD REVIEW **The Quest for Certainty in Early Modern Europe** Barbara Fuchs, Mercedes García-Arenal, 2020 How was the early modern pursuit of knowledge in very different spheres conditioned by a shared desire for certainty How did this desire in turn link the epistemological crises produced by the religious upheavals of early modern Europe with the development of new scientific methods This volume recontextualizes the production of knowledge in the early modern period 1550-1700 focusing on the social and institutional dimensions of inquiry in light of political and cultural challenges The collection explores how uncertainties about religious identities and even the status of irreligion challenged traditional modes of learning As knowledge of all sorts was integrated into different traditions in a context of unprecedented religious questioning institutions and texts sought new means of controlling and regulating truth Questions of representation became newly fraught as the production of knowledge increasingly challenged established orthodoxies **Literature and Quest** Christine Arkininstall, 1993 What does the word quest conjure up A journey in the hope of fulfillment an exploration of identities questions the nature of research itself or the darker side of quest in the form of conquest colonisation and displacement These are some of the threads taken up and developed in this collection of essays by established and emerging scholars Germaine Greer Italo Calvino Umberto Eco Serge Doubrovsky A S Byatt Novalis Melville Valéry Beckett Stanislaw Nievo Victor Segalen Sibilla Aleramo Dacia Maraini Defoe Tournier Coetzee Sor Juana Inés de la Cruz Cintio Vitier Domingo del Monte Ramón de Palma Pablo Armando Fernández Hubert Aquin Anne Herbert Homer Proust Balzac and Robbe Grillet provide the literary voices that invite these scholars to embark on their own quests into subjects as diverse as the relationships

between texts authors and readers the initiatic journey spirituality and enlightenment female autobiography and identity oppression imperialism and postcolonial discourses not to mention the history of the quest itself The result is a rich tapestry of thought provoking insights into the inexhaustible connections between literature and quest **In Quest of Justice**

Khaled Fahmy,2023-02-07 In Quest of Justice provides the first full account of the establishment and workings of a new kind of state in Egypt in the modern period Drawing on groundbreaking research in the Egyptian archives this highly original book shows how the state affected those subject to it and their response Illustrating how shari a was actually implemented how criminal justice functioned and how scientific medical knowledges and practices were introduced Khaled Fahmy offers exciting new interpretations that are neither colonial nor nationalist Moreover he shows how lower class Egyptians did not see modern practices that fused medical and legal purposes in new ways as contrary to Islam This is a major contribution to our understanding of Islam and modernity **Cultures of Technology and the Quest for Innovation** Helga

Nowotny,2006-02-01 Underlying the current dynamics of technological developments their divergence or convergence and the abundance of options promises and risks they contain is the quest for innovation the contributors to this volume argue The seemingly insatiable demand for novelty coincides with the rise of modern science and the onset of modernity in Western societies Never before has the Baconian dream been so close to becoming reality wrapped into a globalizing capitalism that seeks ever expanding markets for new products artifacts and designs and new processes that lead to gains in efficiency productivity and profit However approaching these developments through a wider historical and cultural perspectives means to raise questions about the plurality of cultures the interaction between hardware and software and about the nature of the interfaces where technology meets with economic social legal historical constraints and opportunities The authors come to the conclusion that inside a seemingly homogenous package and a seemingly universal quest for innovation many differences remain Performance and Modernity Julia A. coeds the record promoter who preyed on ghetto kids in a city reshaped by freeways the nondescript married man who stalked the interstates seeking women with car trouble and the trucker who delivered death with his cargo Thudding away behind these grisly crime sprees is the story of the interstates how they were sold how they were built how they reshaped the nation and how we came to equate them with violence Through the stories of highway killers we see how the killer on the road like the train robber the gangster and the mobster entered the cast of American outlaws and how the freeway conceived as a road to utopia came to be feared as a highway to hell Strand Explores the connection between America's sprawling highway system and the pathology of the murderers who have made them a killing ground The grim stories of murder on the highway may do for road trips what Jaws did for surfing An interesting detour into a true crime niche Kirkus Reviews Strand's cross threaded tales of drifters stranded motorists and madmen got its hooks into me Reading Ms Strand's thoughtful book is like driving a Nash Rambler after midnight on a highway to hell Dwight Garner The New York Times A titillating clever volume that mixes the sweeping sociological assertions of an urban studies textbook with the chilling gore of true crime stories Bookforum Ginger Strand is in possession of a sharp eye a biting wit a beguiling sense of fun and a magnificent obsession Bloomberg *Modernity for the Masses* Ana María León, 2021-03-16 2022 PROSE Award Finalist in Architecture and Urban Planning 2022 Association for Latin American Art Arvey Foundation Book Award Honorable Mention Throughout the early twentieth century waves of migration brought working class people to the outskirts of Buenos Aires This prompted a dilemma Where should these restive populations be situated relative to the city's spatial politics Might housing serve as a tool to discipline their behavior Enter Antonio Bonet a Catalan architect inspired by the transatlantic modernist and surrealist movements Ana María León follows Bonet's decades long state backed quest to house Buenos Aires's diverse and fractious population Working with totalitarian and populist regimes Bonet developed three large scale housing plans each scuttled as a new government took over Yet these incomplete plans Bonet's dreams teach us much about the relationship between modernism and state power Modernity for the Masses finds in Bonet's projects the disconnect between modern architecture's discourse of emancipation and the reality of its rationalizing control Although he and his patrons constantly glorified the people and depicted them in housing plans Bonet never consulted them Instead he succumbed to official and elite fears of the people's latent political power In careful readings of Bonet's work León discovers the progressive erasure of surrealism's psychological sensitivity replaced with an impulse realized in modernist design to contain the increasingly empowered population **Old societies and new states** Clifford Geertz, 1963 **Modernity and Postmodernity** Gerard Delanty, 2000-04-19 This accessible and comprehensive overview of the main issues on the modernity postmodernity controversy is the first clear sighted book on the subject It surveys modern social theory from Kant to Weber with economy and masterly precision And evaluates the work of the Frankfurt School Arendt Strauss Luhmann Habermas Heller Castoriadis and Touraine before moving on to consider the approaches of the leading writers on postmodernity Lyotard
