Ageless Quest Leonard Guarente, 2003 Ageless Quest is a personal sometimes controversial account of the pursuit of a genetic cure for aging by an expert in the field. The author is the Novartis Professor of Biology at the Massachusetts Institute of Technology. Aging has always been regarded as a highly complex process with many degenerative changes leading to the cessation of life. But recent research has identified a relatively simple mechanism that governs the pace of aging. Lenny Guarente's Ageless Quest is a scientific detective story for the baby boom generation. It offers an insider's view of an area of potentially astonishing high reward and equally high risk. *Quest for Youth* E. T. Ancient Secret of the Fountain of Youth Peter Kelder, 1998-01-20 Offering practical instruction on how to perform the Tibetan Rites of Rejuvenation which will take only minutes a day many practitioners have experienced benefits including increased energy weight loss better memory new hair growth pain relief better digestion and feeling overall more youthful. Legend has it that hidden in the remote reaches of the Himalayan mountains lies a secret that would have saved Ponce de Leon from years of fruitless searching for the Fountain of Youth. There generations of Tibetan monks have passed down a series of exercises with mystical age reversing properties. Known as the Tibetan Rites of Rejuvenation or the Five Rites these once secret exercises are now available to Westerners in Ancient Secret of the Fountain of Youth. Peter Kelder's book begins with an account of his own introduction to the rites by way of Colonel Bradford a mysterious retired British army officer who learned of the rites while journeying high up in the Himalayas. Fountain of Youth then offers practical instructions for each of the five rites which resemble yoga postures. Taking just minutes a day to perform the benefits for practitioners have included increased energy weight loss better memory new hair growth pain relief better digestion and feeling overall more youthful. *Finding the Fountain of Youth* Rick Kilby, 2013 A collection of images

*African Youth in Contemporary Literature and Popular Culture* Vivian Yenika-Agbaw, Linda Mhando, 2014-01-21 This book explores how African youth are depicted in contemporary literature and popular culture and discusses the different ways by which they attempt to construct personal and cultural identities through popular culture and social media outlets The contributors approach the subject from an interdisciplinary perspective looking at images in children's and adolescent literature from Africa and the African diaspora from Nollywood and Hollywood movies from popular magazines and from youth cultures encountered directly through field experiences The findings reveal that there are many stereotypes about Africa African youth and black cultures and that African youth are aware of these Since they juggle multiple identities shaped by their ethnicities race and religion it is often a challenge for them to define themselves As they also share a global youth culture that transcends these cultural markers some take advantage of media outlets to voice their concerns and participate in political struggles Others simply use these to promote their personal interests Contributors ponder the challenges involved in constructing unique identities offering ideas on how African youth are doing so successfully or not in different parts of the continent and the African diaspora and thus offer new possibilities for youth studies

*The Quest for Mastery* Sam M. Intrator, Don Siegel, 2014 Investigates the growth of out of school programmes dedicated to helping underserved youth develop the personal qualities and capacities that will help them succeed in school college and beyond Through richly detailed accounts the authors describe the unconventional ways these programmes have evolved and articulate the formidable challenges they face in operationalising their aspirations
