Quest Of Soul:

The Soul's Quest for God R. C. Sproul, 2003 This book is about a quest It is about the most important quest of our lives It is the soul's quest for God The quest is for the wellspring of life for the taste of the sweetness of honey in our mouths and for the divine light that alone can illumine our darkest chambers from back cover **The Dream of the Cosmos** Anne Baring, 2019-10-16 Seeks to answer the questions Who are we and Why are we here on this planet It is offered to those looking for something beyond the superficial values of our culture who may be disillusioned with religious and secular belief systems as currently presented and who question political values which are deeply mired in the pursuit of power **Primal** Mark Batterson, 2010-11-02 Our generation needs a reformation But a single person won't lead it A single event won't define it Our reformation will be a movement of reformers living creatively compassionately courageously for the cause of Christ This reformation will not be born of a new discovery It will be the rediscovery of something old something ancient Something primal Mark Batterson Primal What would your Christianity look like if it was stripped down to the simplest rawest purest faith possible You would have more not less You would have the beginning of a new reformation in your generation your church your own soul You would have primal Christianity This book is an invitation to become part of a reformation movement It is an invitation to rediscover the compassion wonder curiosity and energy that turned the world upside down two thousand years ago It is an invitation to be astonished again **The Creative Soul** Lawrence H. Staples, 2009 Who we most deeply are is mirrored in our artistic work Our need for mirroring simultaneously attracts us to and repels us from our creative callings and relationships It is one of life's great dilemmas Artist's block and lover's block flow from the same pool Often we fear deeply the very thing needed to create original art to experience intimate relationships and to live authentic lives we are frightened by the impulse to be fully revealed to ourselves and to others as this most often entails exposing the unacceptable shadowy aspects of our humanity and risking rejection Mirrors in all their manifold guises permit us to safely see and experience ourselves in reflection and become better acquainted with the rejected ostracized aspects of our personalities Creative work is one of the few places where we can truly express and witness lost aspects of our authentic selves Within us a treasure beckons This is what we spend our lives pursuing What slows and distracts us is not the object we long for but where we search To find this precious gem we must eventually return to our own creative spirits **I Connecting** Kristina Kaine, 2008 Kristina Kaine invites the reader into the riches of becoming a participant observer in the life of soul and spirit Her book goes beyond describing the way it is and encourages the reader to discover how the gaps in meaning that we all experience are caused by a lack of contact with the inner life Nevertheless this is not a book of meditative practices that one does in the confines of one's room only to find that such practices don't seem to measure up to the requirements of real life Rather her book helps us sense the inner qualitative nature of subjective experiences at the center of our busy and practical lives though they frequently go unnoticed By gaining an abiding interest in the rich texture

of inner life one begins to notice that something some presence like wisdom illuminates that inner life individualizing it so that one feels personally though not egoistically connected with the inner mysteries This more permanent core of our being gives us our sense of destiny and purpose in life directing us toward a more meaningful future I Connecting and the clear practices suggested help the reader make a shift toward being more present more available and more open Kristina Kaine has distilled from the profound wisdom of masters and of her own considerable experience a guidebook of immense value in pursuing the pearl of great price the name that no one knows except the one who receives it the I Am Every human soul stands in need of this name and our world cries out for the ennoblement of those who make this quest Edward Reaugh Smith author The Burning Bush and The Soul s Long Journey This book is amazing It has clarified so much for me that I have been struggling to comprehend Her simple and clear way of describing concepts and practices has allowed me to put many of them into immediate practice in my life This book is essential reading Amanda Gore motivational speaker and author You Can Be Happy The Essential Guide to a Healthy Body Mind and Soul Kristina Kaine has the marvelous ability to express clearly and concisely the inner human mystery in a most practical and experiential way I recommend her book to anyone with a sincere desire to explore and expand their own soul Andrew Flaxman founder Educate Yourself for Tomorrow

Soul Quest Paul Hawker,2007 Finding himself at midlife feeling hollow and a like fraud Paul Hawker embarks on a journey into the wilderness In the tradition of the vision quest like a hero in a mythic tale he leaves his family and community to spend 40 days and 40 nights on a New Zealand mountaintop knowing full well the solitude deprivation and dangers he will face from exposure to the elements But like many mystics and sages before him he chooses a path of physical and spiritual testing as way to break through the veneer of his life Soul Quest A Spiritual Odyssey through 40 Days and 40 Nights of Mountain Solitude is the ruthlessly honest account of Paul Hawker s attempt to open himself to the Source to discern the voice of God in his life

The Perennial Quest for a Psychology with a Soul Joseph Vrinte,2002 The subject matter of this book is so vast that it would be presumptuous to attempt to deal with comprehensively and it would be preposterous to pretend to a final solution to a set of ideas as comprehensive as these worldviews The author is aware that the contents of this comparative study may appear offensive to the followers of Sri Aurobindo He tries to stimulate a fruitful dialogue and evaluates this dialogue in a sympathetic manner when he refers to the intentions of both thinkers
