Quest For Identity From Minority Groups To Generation Xers:

The Quest for Identity Donald M. Taylor, 2002-11-30 There are groups in society that experience profound social problems Others betray a growing social malaise Massive academic underachievement family dysfunction substance misuse violence and delinquent behavior are some of the major crises afflicting groups in the United States and Canada including Aboriginal people African Americans and certain Hispanic groups LTaylor adds to this list the escalating number of so called street kids roaming inner city streets To a lesser but no less frightening extent he includes what has traditionally symbolized society s most privileged group young white men He asserts that while these are not the only groups who stand out as noticeably disadvantaged they are among the most visible and due to his research and activities allow him to test his arguments and offer his proposals for change Drawing upon his research experience in Canada the United States South Africa and Indonesia Taylor examines the impact of assimilation and the policies of cultural diversity and multiculturalism on these groups He offers surprising insights into the causes of group malaise and individual failure and his conclusions are bound to be of significant interest to scholars students and researchers involved with intergroup dynamics and cultural diversity

Roots of Entanglement Myra Rutherdale, Kerry Abel, P. Whitney Lackenbauer, 2018-01-31 *Roots of Entanglement* offers an historical exploration of the relationships between Indigenous peoples and European newcomers in the territory that would become Canada Various engagements between Indigenous peoples and the state are emphasized and questions are raised about the ways in which the past has been perceived and how those perceptions have shaped identity and in turn interaction both past and present Specific topics such as land resources treaties laws policies and cultural politics are explored through a range of perspectives that reflect state of the art research in the field of Indigenous history Editors Myra Rutherdale Whitney Lackenbauer and Kerry Abel have assembled an array of top scholars including luminaries such as Keith Carlson Bill Waiser Skip Ray and Ken Coates *Roots of Entanglement* is a direct response to the Truth and Reconciliation Commission s call for a better appreciation of the complexities of history in the relationship between Indigenous and non Indigenous peoples in Canada

Children's Fiction about 9/11 Jo Lampert, 2009-09-10 In this pioneering and timely book Lampert examines the ways in which cultural identities are constructed within young adult and children s literature about the attacks of September 11 2001 Looking at examples including picture books young adult novels and a selection of DC Comics Lampert finds the co mingling of xenophobia and tolerance the binaried competition between good and evil and global harmony and national insularity and the glorification of both the commonplace hero and the super human Specifically Lampert identifies three significant identity categories encoded in 9 11 books for children ethnic identities national identities and heroic identities arguing that their formation is contingent upon post 9 11 politics These shifting identities offer implicit and explicit accounts of what constitute good citizenship loyalty to nation and community and desirable attributes in a Western post 9 11 context Lampert makes an original contribution to the field of children s literature by providing a focused

and sustained analysis of how texts for children about 9 11 contribute to formations of identity in these complex times of cultural unease and global unrest

The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007 08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country

Self and Social Identity in Educational Contexts Kenneth I. Mavor, Michael J. Platow, Boris Bizumic, 2017-02-24 This innovative volume integrates social identity theory with research on teaching and education to shed new and fruitful light on a variety of different pedagogical concerns and practices It brings together researchers at the cutting edge of new developments with a wealth of teaching and research experience The work in this volume will have a significant impact in two main ways First and foremost the social identity approach that is applied will provide the theoretical and empirical platform for the development of new and creative forms of practice in educational settings Just as the application of this theory has made significant contributions in organisational and health settings a similar benefit will accrue for conceptual and practical developments related to learners and educators from small learning groups to larger institutional settings and in the development of professional identities that reach beyond the classroom The chapters demonstrate the potential of applying social identity theory to education and will stimulate increased research activity and interest in this domain By focusing on self social identity and education this volume investigates with unprecedented clarity the social and psychological processes by which learners personal and social self concepts shape and enhance learning and teaching Self and Social Identity in Educational Contexts will appeal to advanced students and researchers in education psychology and social identity theory It will also be of immense value to educational leaders and practitioners particularly at tertiary level

The Great White North?, 2007-01-01 This landmark book represents the first text to pay critical and sustained attention to Whiteness in Canada from an impressive line up of leading scholars and activists The burgeoning scholarship on Whiteness will benefit richly from this book s timely inclusion of the insights of Canadian scholars educators activists and others working for social justice within and through the educational system with implications far beyond national borders Over 20 leading scholars and activists have contributed a diversity of chapters offering a concerted scholarly analysis of how the complex problematic of Whiteness affects the structure culture content and achievement within education in Canada Contributors include James Frideres Carl James Cynthia Levine Rasky and Patrick Solomon The book critically examines diverse perspectives contexts and the construction and application of societal and institutional practices both formal and informal that underpin inequitable power relations and disenfranchisement Its relevance extends beyond the Canadian context as those in other global settings will find abundant and poignant lessons for their own transformative work in education with a particular focus on social justice Awards for The Great White North The publication Award Canadian Association for Foundations in Education 2009 Canadian Race Relations Foundation Award of Distinction 2008

Revisiting The Great White North? Darren E. Lund, 2015-01-20 Returning seven years later to their original pieces from this landmark book over 20 leading scholars and activists revisit and reframe their rich contributions to a burgeoning scholarship on Whiteness With new reflective writings for each chapter and valuable sections on relevant readings and resources this volume refreshes and enhances the first text to pay critical and sustained attention to Whiteness in education with implications far beyond national borders Contributors include George Sefa Dei Tracey Lindberg Carl James Cynthia Levine Rasky and the late Patrick Solomon Courageously examining diverse perspectives contexts and institutional practices contributors to this volume dismantle the underpinnings of inequitable power relations privilege and marginalization The book s relevance extends to those in a range of settings with abundant and poignant lessons for enhancing and understanding transformative social justice work in education Revisiting The Great White North offers terrific grist for examining the persistence of Whiteness even as it shape shifts Chapters are comprehensive theoretically rich and anchored in personal experience Authors reflections on the seven years since publication of the first edition of this book complexify how we understand Whiteness while simultaneously driving home the need not only to grapple with it but to work against it Christine Sleeter Professor Emerita California State University Monterey Bay Our understanding of racial inequities in education will be impoverished unless we look deeply at White privilege its variation in different contexts and resistances to change Such is the call in this important book by Lund Carr and colleagues whose analyses within Canadian contexts framed and re framed for this captivating revised edition will be useful to educators and scholars around the world Read this book today Kevin Kumashiro Dean School of Education University of San Francisco

President National Association for Multicultural Education Darren Lund and Paul Carr have given the contributors to their original 2007 text the opportunity to revisit rethink reconceptualize and reframe their earlier work The result is an interesting invigorating and unsettling group of chapters that challenge readers to also revisit and rethink their own ideas about Whiteness privilege and power Teachers administrators policymakers and researchers will all benefit from this critical work Sonia Nieto Professor Emerita Language Literacy and Culture College of Education University of Massachusetts Amherst Lund and Carr bring together a superb collection of authors who collectively challenge readers to go beyond liberal platitudes about race until educators confront the political social and economic consequences of inequitably distributed privilege the path towards equality and freedom will remain elusive By immersing us in the discourse of Whiteness the essays in this book illuminate that very path Joel Westheimer University Research Chair Professor Faculty of Education University of Ottawa
