Cordier, 1965 The Quest for Peace Dag Hammarskjöld, Wilder Foote, 1965 *The Dag Hammarskjöld Memorial Lectures* Johnson Foundation (Racine, Wis.), 1965 **The Quest for Peace. The Dag Hammarskjöld Memorial Lectures. D. by Andrew W. Cordier and Wilder Foote** Andrew W.. Cordier, Wilder Foote, 1965 *The Quest for Peace* Dag Hammarskjöld Foundation, 1965 Composed of a series of twenty four lectures delivered in various centers of learning around the world and jointly sponsored by the Dag Hammarskjöld Foundation the United States Committee of the Dag Hammarskjöld Foundation and Columbia University The Quest for Peace. The Dag Hammarskjöld Memorial Lectures. Edited by Andrew W. Cordier and Wilder Foote. [With a Portrait of Dag Hammarskjöld.] Andrew Wellington CORDIER (and FOOTE (Wilder)), Wilder FOOTE, Dag HAMMARSKJÖLD, 1965 *Hammarskjöld* Roger Lipsey, 2013-03-18 Drawing from little explored archives and personal correspondence chronicles the life of the second secretary general of the United Nations who was killed in 1961 while en route to ceasefire negotiations in the Congo Nobel Lectures in Peace Frederick W. Haberman, 1999 <http://www.worldscientific.com/worldscibooks/10.1142/3741> **The Dag Hammarskjöld Memorial Lectures** Association of National Advertisers. Advertising Management Committee, Johnson Foundation (Racine, Wis.), William A. Owens, 1961 **The Politics of Dialogue** Ranabir Samaddar, 2017-07-05 Offering a detailed analysis of post colonial South Asia *The Politics of Dialogue* discusses the creation and impact of borders and the pervasive tension between the new nations Neither all out war nor complete peace this fragile condition makes political leaders and strategists feel claustrophobic a war produces an end result but peace allows the rulers to carry out their policies for governing along their preferred path of development The book shows how cartographic communal and political lines are not only dividing countries but that they are being replicated within countries creating new visible and invisible internal frontiers It argues that in a situation where geopolitics constrains democracy the political class becomes incapable of coping with the tension between the inside outside eg democracy appears as an internal problem and geopolitics appears as a problem related to the outside **The United Nations Under Dag Hammarskjöld, 1953-1961** Peter B. Heller, 2001 Organized around the major events that marked Hammarskjöld's eight and a half years in office this volume takes stock of Hammarskjöld first as a person and then as an international functionary Also included are a bibliography chronology index and an appendix of significant documents *The 20th Century Go-N* Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a

who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography

A United Nations High Commissioner for Human Rights Roger Stenson Clark,2013-12-01 prospects of the High Commissioner proposal with careful scholarship and shrewd judgment Mr Clark wrote the first draft of this book under my supervision for the degree of Doctor of the Science of Law at Columbia Law School before returning to take up his career as a law teacher in his native New Zealand I am delighted that his work in this improved and updated version is now being published It fills a real need since it is the first book on this important subject On this occasion it might be appropriate to add a few comments on the history of the High Commissioner proposal As Mr Clark indicates I had something to do with its revival in the United States Government during the closing months of the Kennedy Administration A few details as to how this revival took place may perhaps be useful to students of international relations and international organization

The Many Constitutions of Europe Suvi Sankari,2016-03-03 This volume makes a contribution to the ongoing lively discussion on European constitutionalism by offering a new perspective and a new interpretation of European constitutional plurality The book combines diverse disciplinary approaches to the constitutional debate It brings together complementing contributions from scholars of European politics economics and sociology as well as established scholars from various fields of law Moreover it provides analytical clarity to the discussion and combines theory with more practical and critical approaches that make use of the constitutional toolbox in analysing the tensions between the different constitutions The collection is a valuable point of reference not only for scholars interested in European studies but also for graduate and post graduate students

Jewish Internationalism and Human Rights after the Holocaust Nathan A. Kurz,2020-11-26 Nathan A Kurz charts the fraught relationship between Jewish internationalism and international rights protection in the second half of the twentieth century For nearly a century Jewish lawyers and advocacy groups in Western Europe and the United States had pioneered forms of international rights protection tying the defense of Jews to norms and rules that aspired to curb the worst behavior of rapacious nation states In the wake of the Holocaust and the creation of the State of Israel however Jewish activists discovered they could no longer promote the same norms laws and innovations without fear they could soon apply to the Jewish state Using previously unexamined sources Nathan Kurz examines the transformation of Jewish internationalism from an effort to constrain the power of nation states to one focused on cementing Israel s legitimacy and its status as a haven for refugees from across the Jewish diaspora
