Quest For The Demon Gate:

Quest for the Demon Gate Bill Fawcett, 1986 The reader is assigned the role of Alynna a young cleric who must recover the key to the Demon Gate or face a horde of demons who will escape from the Ethereal Plane **Fable: The Balverine Order** Peter David, 2010-10-05 The days of magic and adventure are fading away giving way to the age of industry and science As the aged last Hero sits upon the throne of Albion two friends the privileged Thomas and his loyal servant John set out for the East in search of a legendary beast the vicious rarely seen balverine But their desire for adventure may be their ultimate undoing because their quarry has just found them The Quest and Wrath of the Gods P. A. Murad, 2013-06-01 This novel has a rich ornate tapestry and legacy and yet unusual regarding the original Demon's Gate epic There are several issues that started with the original story that led to the Demon's Gate series as a Trilogy These stories were entertaining to read the novels and provide a sense that the characters dealt within a constantly changing future in a complex biased environment And yet the characters would somehow survive by virtue of their character in a realistic geo political world wrapped with great doubt As an author we use each character to balance their actions within the flow of the main story plot Some writers claim that characters start taking over the story on their own and you will find that the plot can possibly change with each event This is absolutely true You can create an author's character that is nice while in others the characters have human frailties and limitations One reader mentioned about the main characters in The Demon's Gate She was surprised where one man seemed to be a real rat but turned out to be a good guy while the nice individual had a nasty background that he preferred secret The secret was that he took part in genocide while fate seemed to have changed both personalities of these characters completely around As the author I did not realize this at all until mentioned to me I had unconsciously acted using these characters to alter the reader's perceptions regarding the character's predictability This predictability easily revealed how characters can demonstrate their control of a plot To add spice to the story you can include aliens with entirely unexpected social behavioral patterns where you can explore these opportunities in any way you wish to your content Obviously we do not have a reasonable guidepost to discuss the behavior of aliens The thrill of any writer however is to mesmerize the reader as well as keep the intrigue flowing It is unfortunate that you would look at the end of a novel and find the plot where the writer has to create some closure only to end the story That unfortunately for a writer is a tragedy This story starts with the sudden disappearances of people around the world Basically there is no logic or obvious reason for these disappearances If anything no one has any inkling about why they vanished however there is some possible connectivity between some of these individuals Mars is the center of an ambitious man that has the gift of easily accepting people's faith by virtue of his personality He used his faith and belief to develop a cult and create a costly facility to propagate the strength of his theological beliefs The problem is that the man uses a Timer that survived from the War of the Orbital Rings he lasted for over a century Timers escaped during the War to use escape pods that went back into time Some

of these included UFOs in Roswell as well as a UFO in the Ukraine pre wartime Germany and elsewhere Here the Timer provides the religious man with some unusual technology Clearly every man that achieves success and despite his character and ego there are sometimes limitations and the common fragilities of each man While Aram s family look for these missing people from Heaven to Hell the religious man seeks to have planned disasters to predict and create havoc using these notions to blackmail the realm of Martian citizenry This becomes the center between the struggle of right versus wrong and leads to unexpected problems when these two diverse paths eventually cross and intersect **Za'Varuk's Stone** Adam L.
