G. A. Cohen, 2009-07-01 Focusing on Marxism and Rawlsian liberalism G A Cohen argues that egalitarian justice is not only a matter of rules that define the structure of society but also a matter of personal attitude and choice Personal attitude and choice are moreover the stuff of which social structure itself is made **Beyond Nature and Culture** Philippe Descola, 2013-08-01 Gives to anthropological reflection a new starting point and will become the compulsory reference for all our debates in the years to come Claude Lévi Strauss on the French edition Beyond Nature and Culture has been a major influence in European intellectual life since its French publication in 2005 Here finally it is brought to English language readers At its heart is a question central to both anthropology and philosophy what is the relationship between nature and culture Culture as a collective human making of art language and so forth is often seen as essentially different from nature which is portrayed as a collective of the nonhuman world of plants animals geology and natural forces Philippe Descola shows this essential difference to be not only a Western notion but also a very recent one Drawing on ethnographic examples from around the world and theoretical understandings from cognitive science structural analysis and phenomenology he formulates a sophisticated new framework the four ontologies animism totemism naturalism and analogism to account for all the ways we relate ourselves to nature By thinking beyond nature and culture as a simple dichotomy Descola offers a fundamental reformulation by which anthropologists and philosophers can see the world afresh A compelling and original account of where the nature culture binary has come from where it might go and what we might imagine in its place Somatosphere The most important book coming from French anthropology since Claude Lévi Strauss's Anthropologie Structurale Bruno Latour author of An Inquiry into Modes of Existence Descola's challenging new worldview should be of special interest to a wide range of scientific and academic disciplines from anthropology to zoology Highly recommended Choice *Journal des débats politiques et littéraires*, 1817 Zeitschrift des Königlich Preussischen
