**The Story of French** Jean-Benoît Nadeau, Julie Barlow, 2008-01-08 Why does everything sound better if it's said in French That fascination is at the heart of The Story of French the first history of one of the most beautiful languages in the world that was at one time the pre-eminent language of literature science and diplomacy In a captivating narrative that spans the ages from Charlemagne to Cirque du Soleil Jean-Benoît Nadeau and Julie Barlow unravel the mysteries of a language that has maintained its global influence despite the rise of English As in any good story

The Story of French has spectacular failures unexpected successes and bears traces of some of history's greatest figures the tenacity of William the Conqueror the staunchness of Cardinal Richelieu and the endurance of the Lewis and Clark expedition Through this colorful history Nadeau and Barlow illustrate how French acquired its own peculiar culture revealing how the culture of the language spread among francophones the world over and yet remains curiously centered in Paris In fact French is not only thriving it still has a surprisingly strong influence on other languages As lively as it is fascinating The Story of French challenges long held assumptions about French and shows why it is still the world's other global language

The Story of French Jean-Benoit Nadeau, Julie Barlow, 2010-05-28 A fascinating exploration of the historical and cultural development of the French language from the bestselling authors of *Sixty Million Frenchmen Can't Be Wrong* Imagine a language that is watched over by a group of forty Immortals a language with rules so complex that few people ever completely master it whose status as the world's lingua franca has been declining for two centuries whose use in global institutions is waning and whose speakers are so insecure they pass laws banning the use of other languages and spend millions of tax payers dollars to make sure it gets used in literature music and film Now imagine a language that is second only to English for the number of countries where it is spoken officially surpassing both Spanish or Arabic a language that is the official tongue of two G 7 countries and three European nations that is employed alongside English in most international institutions and that is the number two choice of language students across the planet a language with two million teachers and 100 million students worldwide and whose number of speakers has tripled in the last fifty years This paradox is the backdrop for *The Story of French* in which bilingual Canadian authors Jean Benoit Nadeau and Julie Barlow unravel the mysteries of a language that has maintained its global influence in spite of the ascendancy of English Mixing historical analysis with journalistic observation and drawing on their experiences living in and travelling to French speaking countries they explore how the French language developed over the centuries how it came to be spoken in the Americas Africa and Asia and how it has maintained its global appeal

*Francophone Postcolonial Studies* Charles Forsdick, David Murphy, 2014-02-24 This landmark text constitutes the first comprehensive overview of Francophone Postcolonial Studies Moving away from reductive geographical or linguistic surveys of the Francophone world this collection of original essays provides a thematic discussion of the complex historical political and cultural links between France and its former colonies Providing a theoretical framework for postcolonial criticism of the field it also aims to trigger a genuine dialogue between Francophone and Anglophone scholars of postcolonialism Part I provides a historical overview from the eighteenth to the twentieth century addressing issues of colonialism slavery and exoticism Part II looks at language issues and discusses France's belief in the universality of its language and culture and the postcolonial challenges to that view Part III discusses issues of diversity and multiculturalism in contemporary Francophone cultures Part IV concludes with an analysis of the French language contribution to postcolonialism as well as an examination of Francophone postcolonial thought and culture in the principal areas of the French speaking world Edited by two of the up and coming names in Francophone Postcolonial Studies the collection includes contributions from an international team including some of the world's leading scholars in the field

**Shifting Frontiers of France and Francophonie** Yvette Rocheron, Christopher Rolfe, 2004 This volume consists of selected papers from a conference organised under the aegis of the Association for the Study of Modern and Contemporary France at the University of Leicester in September 2000 P 9

Francophone Cultures and Geographies of Identity Zsuzsanna Fagyal, H Adlai Murdoch, 2014-07-03 This collection of original essays challenges French centered conceptions of francophonie as the shaping force of the production and study of the French language literature culture film and art both inside and outside mainland France The traditional view of francophone cultural productions as offshoots of their hexagonal avatar is replaced by a pluricentric conception that reads interrelated aspects of francophonie as products of specific contexts conditions and local ecologies that emerged from post colonial encounters with France and other colonizing powers The twenty one papers grouped into six thematic parts focus on distinctive literary linguistic musical cinematographic and visual forms of expression in geographical areas long defined as the peripheries of the French speaking world the Caribbean the Indian Ocean the

Maghreb sub Saharan Africa Quebec and hexagonal cities with a preponderance of immigrant populations These contested sites of French collective identity offer a rich formulation of distinctly local francophone identities that do not fit in with concepts of linguistic and ethnic exclusiveness but are consistent with a pluralistic demographic shift and the true face of Frenchness that is indeed plural
