A More Beautiful Question Warren Berger, 2014-03-04 To get the best answer in business in life you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal: one we learn to use well in infancy and then abandon as we grow older. Critical to learning, innovation, success even to happiness, yet often discouraged in our schools and workplaces, it can unlock new business opportunities and reinvent industries, spark creative insights at many levels and provide a transformative new outlook on life. It is the ability to question and to do so deeply, imaginatively and beautifully. In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems: from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why?", "What if?" and "How?" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities and greater success in business and life.

Make Just One Change Dan Rothstein, Luz Santana, 2011-09-01 The authors of *Make Just One Change* argue that formulating one's own questions is the single most essential skill for learning and one that should be taught to all students. They also argue that it should be taught in the simplest way possible. Drawing on twenty years of experience, the authors present the Question Formulation Technique, a concise and powerful protocol that enables learners to produce their own questions, improve their questions and strategize how to use them. *Make Just One Change* features the voices and experiences of teachers in classrooms across the country to illustrate the use of the Question Formulation Technique across grade levels and subject areas and with different kinds of learners.

Recovering from Biblical Manhood and Womanhood: How the Church Needs to Rediscover Her Purpose Aimee Byrd, 2020-05-05 This book dismantles every mistruth that you've heard about the role of women in the Bible, her place in the church and the patriarchal lie of so-called biblical manhood and womanhood. In its place, Aimee Byrd details a truly biblical vision of women as equal partners in Christ's church and kingdom. The church is the school of Christ, commissioned to discipleship. The responsibility of every believer, men and women together, is being active and equal participants in and witnesses to the faith. And yet many women are trying to figure out what their place is in the church, fighting to have their

voices heard and filled with questions Do men and women benefit equally from God's word Are we equally responsible in sharpening one another in the faith and passing it down to the next generation Do we really need men's Bibles and women's Bibles or can the one Holy Bible guide us all The answers lie neither with radical feminists who claim that the Bible is hopelessly patriarchal nor with the defenders of biblical manhood whose understanding of Scripture is captive to the culture they claim to distance themselves from Recovering from Biblical Manhood and Womanhood presents a more biblical account of gender marriage and ministry It explores the feminine voice in Scripture as synergistic with the dominant male voice It fortifies churches in a biblical understanding of brotherhood and sisterhood in God's household and the necessity of learning from one another in studying God's word Until both men and women grow in their understanding of their relationship to Scripture there will continue to be tension between the sexes in the church Church leaders can be engaged in thoughtful critique of the biblical manhood and womanhood movement the effects it has on their congregation and the homage it ironically pays to the culture of individualism that works against church family and a Christ-like vision of community
