Questions Of Possibility:

The Possibility of Discussion Hugo Strandberg, 2016-03-03 Answering the question How is fruitful discussion possible this book addresses the central philosophical issue of how reason shall be understood and how it is limited This study argues that the understanding of discussion according to which it necessarily starts from putative universal norms and rules for argumentation is problematic among other reasons since such rules are unfruitful in contexts where there are vast disagreements such as religion Inspired by Wittgensteinian ideas Strandberg develops instead a new way of understanding discussion truth and rationality which escapes these problems and shows how this solution can be used to answer the accusation against Wittgensteinian philosophy for being conservative and resulting in fideism

Questions of Possibility David Caplan, 2004-12-30 Questions of Possibility examines the particular forms that contemporary American poets favor and those they neglect The poets choices reveal both their ambitions and their limitations the new possibilities they discover and the traditions they find unimaginable By means of close attention to the sestina ghazal love sonnet ballad and heroic couplet this study advances a new understanding of contemporary American poetry Rather than pitting closed verse against open and traditional poetry against experimental Questions of Possibility explores how poets associated with different movements inspire and inform each other s work Discussing a range of authors from Charles Bernstein Derek Walcott and Marilyn Hacker to Agha Shahid Ali David Caplan treats these poets as contemporaries who share the language not as partisans assigned to rival camps The most interesting contemporary poetry crosses the boundaries that literary criticism draws synthesizing diverse influences and establishing surprising affinities In a series of lively readings Caplan charts the diverse characteristics and accomplishments of modern poetry from the gay and lesbian love sonnet to the currently popular sestina

An Archive of Possibilities Rachel Marie Niehuus, 2023-12-29 In An Archive of Possibilities anthropologist and surgeon Rachel Marie Niehuus explores possibilities of healing and repair in the eastern Democratic Republic of Congo against a backdrop of 250 years of Black displacement enslavement death and chronic war Niehuus argues that in a context in which violence characterizes everyday life Congolese have developed innovative and imaginative ways to live amid and mend from repetitive harm Drawing on ethnographic fieldwork and the Black critical theory of Achille Mbembe Christina Sharpe Alexis Pauline Gumbs and others Niehuus explores the renegotiation of relationships with land as a form of public healing the affective experience of living in insecurity the hospital as a site for the socialization of pain the possibility of necropolitical healing and the uses of prophesy to create collective futures By considering the radical nature of cohabitating with violence Niehuus demonstrates that Congolese practices of healing imagine and articulate alternative ways of living in a global regime of antiblackness

Questions Pia Lauritzen, 2018-08-17 How many questions do we ask each day Why do we ask them in the

first place Do we always ask because we re trying to learn something Or are there some questions we don t expect to have answered and some questions that simply can t be answered at all What do our questions tell us about ourselves Do they define who we are Who asked the world s first question Can anyone answer all these questions Is that a stupid question or is it a really good one And what does Pia Lauritzen Aarhus University s questioner in chief think of all of this Possibility's Parents Margaret Seyford Hrezo,Nicholas Pappas,2019-10-23 This book analyzes works of late 20th century literature to unearth themes related to western classical liberal societies The analysis suggests new ways of thinking about building political philosophies capable of replacing the classical liberal model That's a Possibility! Johnson,2019-04-02 Karl Barth is one of the most influential theologians of the 20th century His work is considered essential reading for nearly every student of theology Reading Barth s theology poses a challenge however because of the sheer size of his corpus the complexity of his claims and the distance between his context and the context of his readers In this accessible introduction a respected scholar in Barthian studies offers a one stop resource on Barth s thought providing a selection of his most important writings critical commentary and detailed introductory and concluding chapters Semantics with Assignment Variables Alex

Silk, 2021-06-24 This pioneering study combines insights from philosophy and linguistics to develop a novel framework for theorizing about linguistic meaning and the role of context in interpretation. A key innovation is to introduce explicit representations of context assignment variables in the syntax and semantics of natural language. The proposed theory systematizes a spectrum of shifting phenomena in which the context relevant for interpreting certain expressions depends on features of the linguistic environment. Central applications include local and non-local contextual dependencies with quantifiers, attitude ascriptions, conditionals, questions, and relativization. The result is an innovative, philosophically informed compositional semantics compatible with the truth conditional paradigm. At the forefront of contemporary interdisciplinary research into meaning and communication, *Semantics with Assignment Variables* is essential reading for researchers and students in a diverse range of fields.
