 In Sign Language Interpreting SLI there is a great need for a volume devoted to classic and seminal articles and essays dedicated to this specific domain of language interpreting Students educators and practitioners will benefit from having access to a collection of historical and influential articles that contributed to the progress of the global SLI profession In SLI there is a long history of outstanding research and scholarship much of which is now out of print or was published in obscure journals or featured in publications that are no longer in print These readings are significant to the progression of SLI as an academic discipline and a profession As the years have gone by many of these readings have been lost to students educators and practitioners because they are difficult to locate or unavailable or because this audience simply does not know they exist This volume brings together the seminal texts in our field that document the philosophical evidence based and analytical progression of SLI work Seeing Language in Sign Jane Maher, 1996 Seeing Language in Sign traces the process that Stokoe followed to prove scientifically and unequivocally that American Sign Language ASL met the full criteria of linguistics phonology morphology syntax semantics and use of language to be classified a fully developed language **Handbook of Applied Psycholinguistics** S. Rosenberg, 2014-02-04 First published in 1982 The chapters of this handbook contain critical integrative reviews of research and theory in the major areas of the field of applied psycholinguistics the field in which applied problems of language and communicative functioning and development are approached from the standpoint of basic research and theory in psycholinguistics and related areas of cognitive psychology The book was designed to meet the needs of researchers practitioners and graduate students from such disciplines as education including special education language learning linguistics neurology psychiatry psychology and speech and hearing for such reviews although the state of research in an area and a desire to stress research and theory in substantive areas resulted in a decision not to include chapters on the measurement of linguistic maturity language intervention the language of the learning disabled child language and environmental deprivation language and mania language and senile dementia and the design of written and oral information and computer command language *Questions About Language* Laurie Bauer, Andreea S. Calude, 2020-05-19 Questions About Language sets out to answer in a readable yet insightful format a series of vital questions about language some of which language specialists are regularly asked and some of which are so surprising that only the specialists think about them In this handy guide sixteen language experts answer challenging questions about language from What makes a language a language to Do people swear because they don't know enough words Illustrating the complexity of human language and the way in which we use it the twelve chapters each end with a section on further reading for anyone interested in following up on the topic Covering core questions about language this is essential reading for both students new to language and linguistics and the interested general reader **The Sociolinguistics of the Deaf Community** Ceil Lucas, 2014-05-19 This is a unified collection of the best and most current empirical studies of socio linguistic issues in the deaf community including

topics such as studies of sign language variation language contact and change and sign language policy Established linguistic concerns with deaf language are reexamined and redefined and several new issues of general importance to all sociolinguists are raised and explored This is a book which interests all sociolinguists as well as deaf professionals teachers of the deaf sign language interpreters and anyone else dealing on a day to day basis with the everyday language choices that deaf persons must make This is a unified collection of the best and most current empirical studies of sociolinguistic issues in the deaf community including topics such as Studies of Sign Language Variation Language contact and Change Sign Language Policy Language Attitudes Sign Language Discourse Analysis

The Questions of Jesus in John Douglas Charles Estes, 2012-10-19 Why do the New Testament gospels depict a Jesus who asks questions almost as often as he gives answers In *The Questions of Jesus in John* Douglas Estes crafts a highly interdisciplinary theory of question asking based on insights from ancient rhetoric and modern erotetics the study of interrogatives in order to investigate the logical and rhetorical purposes of Jesus questions in the Gospel of John While scholarly discussion about Jesus cares more for what he says and not what he asks Estes argues a better understanding of the rhetorical and dialectical roles of questions in ancient narratives sheds a more accurate light on both John s narrative art and Jesus message in the Fourth Gospel

Raising Race Questions Ali Michael, 2014-11-01 *Raising Race Questions* explores the opportunities and challenges that arise when White teachers are willing to deal directly with race and the role it plays in their classrooms Based on lessons gleaned from experienced White teachers in a variety of settings it lays out a path for using inquiry to develop sustained productive engagement with challenging and common questions about race It suggests that guilt and conflict need not be the end point of raising race questions and offers alternative destinations anti racist classrooms positive racial identities and a restoration of the wholeness that racism undermines This book features new insight on race and equity in education case studies of expert and experienced White teachers who still have questions about race approaches for talking about race in the K 12 classroom strategies for facilitating race conversations among adults a variety of different resources useful in the teacher inquiry groups described in the book and research with teachers not on teachers including written responses from each teacher whose classroom is featured in the book

The Linguistics of British Sign Language Rachel Sutton-Spence, Bencie Woll, 1999-03-18 This is the first detailed explanation of the way British Sign Language works and is the product of many years experience of research and teaching sign linguistics to deaf and hearing people It assumes no previous knowledge of linguistics or sign language and is not structured around traditional headings such as phonology morphology and syntax Instead it is set out in such a way as to help learners and their teachers understand the linguistic principles behind the language There are sections on BSL grammar and also on the use of BSL including social acceptability in signing variation and poetry and humour in BSL Technical terms and linguistic jargon are kept to a minimum and the text contains many examples from English BSL and other spoken and sign languages The book is amply illustrated and contains exercises as well

as a reading list for further study An accompanying 90 minute DVD is available from Talk With Sign Books To find out more visit <http://www.talkwithsign.com/linguistics/british-sign-language/p/741.html>
