Questions Of Identity:

Questions of Cultural Identity Stuart Hall, Paul du Gay, 1996-04-04 Why and how do contemporary questions of culture so readily become highly charged questions of identity The question of cultural identity lies at the heart of current debates in cultural studies and social theory At issue is whether those identities which defined the social and cultural world of modern societies for so long distinctive identities of gender sexuality race class and nationality are in decline giving rise to new forms of identification and fragmenting the modern individual as a unified subject Questions of Cultural Identity offers a wide ranging exploration of this issue Stuart Hall firstly outlines the reasons why the question of identity is so compelling and yet so problematic The cast of outstanding contributors then interrogate different dimensions of the crisis of identity in so doing they provide both theoretical and substantive insights into different approaches to understanding identity

Investigating Identities, 2009-01-01 Investigating Identities Questions of Identity in Contemporary International Crime Fiction is one of the relatively few books to date which adopts a comparative approach to the study of the genre This collection of twenty essays by international scholars examining crime fiction production from over a dozen countries confirms that a comparative approach can both shed light on processes of adaptation and appropriation of the genre within specific national regional or local contexts and also uncover similarities between the works of authors from very different areas Contributors explore discourse concerning national and historical memory language race ethnicity culture and gender and examine how identity is affirmed and challenged in the crime genre today They reveal a growing tendency towards hybridization and postmodern experimentation and increasing engagement with philosophical enquiry into the epistemological dimensions of investigation Throughout the notion of stable identities is subject to scrutiny While each essay in itself is a valuable addition to existing criticism on the genre all the chapters mutually inform and complement each other in fascinating and often unexpected ways This volume makes an important contribution to the growing field of crime fiction studies and to ongoing debates on questions of identity It will therefore be of special interest to students and scholars of the crime genre identity studies and comparative literature It will also appeal to all who enjoy reading contemporary crime

questionnaires and parent conference tools available in the book and as eResources *Personal Identity and Ethics* David Shoemaker,2008-10-07 The relationship between personal identity and ethics remains one of the most intriguing yet vexing issues in philosophy It is commonplace to hold that moral responsibility for past actions requires that the responsible agent is in some respect identical to the agent who performed the action Is this true On the other hand can ethics constrain our account of personal identity Do the practical requirements of moral theory commit us to the view that persons do remain identical over time For example does the moral status of abortion or stem cell research depend on whether personal identity is based on psychological or biological properties Or is it the case that personal identity is not in fact relevant to ethics

Personal Identity and Ethics provides the first comprehensive examination of these issues. Topics include personal identity and prudential rationality, personal identity's significance for moral responsibility and ethical theory, and the practical consequences of accounts of personal identity for issues such as abortion, stem cell research, cloning, advance directives, population ethics, multiple personality disorder, and the definition of death.

Question of Identity Anthea Fraser, 2012-12-15. Meet Rona Parish, a talented biographer who has a skill for writing about the past and encountering danger along the way, and her adorable golden retriever Gus. Rona Parish has to verify a rumour of what seems to be a huge scandal which happened a long time ago at a closed-down school. But will the past catch up with her before she can unravel the truth? Biographer Rona Parish is at her wits' end when she struggles to finish her latest writing project. Open to distraction, she catches up with her friends and family and tries to clear her head in the meantime. An old school photograph in which someone seems to have been blacked out hints at a curious event. A far more inconvenient distraction: her twin sister Lindsey persuades her to use her detective skills for a discovery concerning an old school photograph in which someone deliberately blacked out a figure. Who is the mysterious person in the photograph, and why would someone want to hide their identity? Rona Parish has to uncover long-forgotten secrets and a rumoured scandal that took place decades ago. Reluctantly, Rona takes on the job and tries to put the pieces together.
