Quests Spells Fairy Tales From The European Oral Tradition

Margaret Mallett

Quests Spells Fairy Tales From The European Oral Tradition:

Quests & Spells Judy Sierra,1994 Presents eighteen tales collected from European storytellers of the nineteenth century representing a magical tradition in which good always finds its reward Kissing the Wild Woman Christopher Nissen,2011 Giulia Bigolina s ca 1516 ca 1569 Urania ca 1552 is the oldest known prose romance to have been written by an Italian woman In Kissing the Wild Woman Christopher Nissen explores the unique aesthetic vision and innovative narrative features of Bigolina s greatest surviving work in which she fashioned a new type of narrative that combined elements of the romance and the novella and included a polemical treatise on the moral implications of portraiture and the role of women in the arts Demonstrating that Bigolina challenged cultural authority by rejecting the prevailing views of both painting and literature Nissen discusses Bigolina s suggestion that painting constituted an ineffectual even immoral mode of self promotion for women in relation to the views of the contemporary writer Pietro Aretino and the painter Titian Kissing the Wild Woman s analysis of this little known work adds a new dimension to the study of Renaissance aesthetics in relation to art history Renaissance thought women s studies and Italian literature **Tales of magic, tales in print** Willem De Blecourt,2021-06-15 Since the beginning of the nineteenth century folklorists and the general public in their wake have assumed the orality of fairy tales Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories This book takes an extreme position in that debate as far as Tales of magic is concerned the initial transmission proceeded exclusively through prints From a historical perspective this is the only viable approach the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories presents a horror vacui Only in the course of the nineteenth century when folklorists started collecting in the field and asked their informants for fairy tales was this particular genre incorporated into a then feeble oral tradition Even then story tellers regularly reverted to printed texts Every recorded fairy tale can be shown to be dependent on previous publications or to be a new composition constructed on the basis of fragments of stories already in existence Tales of magic traces the textual history of a number of fairy tale clusters linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth and twentieth century field workers While it places fairy tales as a genre firmly in a European context it also follows particular stories in their dispersion over the rest of the world *Bulletin of the Center for Children's Books* ,1995-03 Cumulative Book Index ,1995 A world list of books in the English language

Breaking the Magic Spell Jack Zipes,1979 This text explores in both historical and critical contexts the evolution of folk tales and fairy tales their influence on popular beliefs the politics behind them and their incorporation in mass media culture today It focuses particularly on socio historical forces which have changed the function of fairy tales since the 1700s The Irresistible Fairy Tale Jack Zipes,2012-03-19 A provocative new theory about fairy tales from one of the world s leading authorities If there is one genre that has captured the imagination of people in all walks of life throughout the world it is the

fairy tale Yet we still have great difficulty understanding how it originated evolved and spread or why so many people cannot resist its appeal no matter how it changes or what form it takes In this book renowned fairy tale expert Jack Zipes presents a provocative new theory about why fairy tales were created and retold and why they became such an indelible and infinitely adaptable part of cultures around the world Drawing on cognitive science evolutionary theory anthropology psychology literary theory and other fields Zipes presents a nuanced argument about how fairy tales originated in ancient oral cultures how they evolved through the rise of literary culture and print and how in our own time they continue to change through their adaptation in an ever growing variety of media In making his case Zipes considers a wide range of fascinating examples including fairy tales told collected and written by women in the nineteenth century Catherine Breillat s film adaptation of Perrault s Bluebeard and contemporary fairy tale drawings paintings sculptures and photographs that critique canonical print versions While we may never be able to fully explain fairy tales *The Irresistible Fairy Tale* provides a powerful theory of how and why they evolved and why we still use them to make meaning of our lives *Folktales and Fairy Tales* Anne E. Duggan Ph.D., Donald Haase Ph.D., Helen J. Callow, 2016-02-12 Encyclopedic in its coverage this one of a kind reference is ideal for students scholars and others who need reliable up to date information on folk and fairy tales past and present Folktales and fairy tales have long played an important role in cultures around the world They pass customs and lore from generation to generation provide insights into the peoples who created them and offer inspiration to creative artists working in media that now include television film manga photography and computer games This second expanded edition of an award winning reference will help students and teachers as well as storytellers writers and creative artists delve into this enchanting world and keep pace with its past and its many new facets Alphabetically organized and global in scope the work is the only multivolume reference in English to offer encyclopedic coverage of this subject matter The four volume collection covers national cultural regional and linguistic traditions from around the world as well as motifs themes characters and tale types Writers and illustrators are included as are filmmakers and composers and of course the tales themselves The expert entries within volumes 1 through 3 are based on the latest research and developments while the contents of volume 4 comprises tales and texts While most books either present readers with tales from certain countries or cultures or with thematic entries this encyclopedia stands alone in that it does both making it a truly unique one stop resource **Fairy-Tale TV** Jill Terry Rudy, Pauline Greenhill, 2020-07-02 This concise and accessible critical introduction examines the world of popular fairy tale television tracing how fairy tales and their social and cultural implications manifest within series television events anthologies and episodes and as freestanding motifs Providing a model of televisual analysis Rudy and Greenhill emphasize that fairy tale longevity in general and particularly on TV results from malleability morphing from extremely complex narratives to the simple quotation of a name like Cinderella or phrase like happily ever after as well as its perennial value as a form that is good to think with The global reach and popularity of fairy tales is reflected in the book s selection of

diverse examples from genres such as political lifestyle reality and science fiction TV With a select mediagraphy discussion questions and detailed bibliography for further study this book is an ideal guide for students and scholars of television studies popular culture and media studies as well as dedicated fairy tale fans Europe Thomas M. Wilson, 2023-11-30 This two volume encyclopedia profiles the contemporary culture and society of every country in Europe Each country receives a chapter encompassing such topics as religion lifestyle and leisure standard of living cuisine gender roles relationships dress music visual arts and architecture This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe Each country profile looks at elements of contemporary life related to family and work including popular pastimes customs beliefs and attitudes Students can make cross cultural comparisons for instance a student could compare social customs in Denmark with those in Norway compare Greece's cuisine with that of Italy and contrast the architecture of Paris with Amsterdam and Barcelona Culture and society are changing in each region and nation of Europe due to many political and economic forces both inside and outside of each nation's borders This encyclopedia considers many of the transformations connected to globalization as well as traditions that still hold strong to provide a complete assessment of the processes that make European societies and cultures distinctive The Complete Grimm's Fairy Tales Jacob Grimm, 2018-01-06 Once upon a time in a fairy tale world There were magical mirrors and golden slippers Castles and fields and mountains of glass Houses of bread and windows of sugar Frogs transformed into handsome Princes And big bad wolves into innocent grandmothers There were evil queens and wicked stepmothers Sweethearts true brides and secret lovers In the same fairy world A poor boy has found a golden key and an iron chest and We must wait until he has quite unlocked it and opened the lid A classic collection of timeless folk tales by Grimm Brothers Grimm's Fairy Tales are not only enchanting mysterious and amusing but also frightening and intriguing Delighting children and adults alike these tales have undergone several adaptations over the decades This edition with black and white illustrations is a translation by Margaret Hunt **101 Middle Eastern Tales and Their Impact on Western Oral Tradition** Ulrich Marzolph, 2020-08-18 A comprehensive exploration of the Middle Eastern roots of Western narrative tradition Against the methodological backdrop of historical and comparative folk narrative research 101 Middle Eastern Tales and Their Impact on Western Oral Tradition surveys the history dissemination and characteristics of over one hundred narratives transmitted to Western tradition from or by the Middle Eastern Muslim literatures i.e. authored written works in Arabic Persian and Ottoman Turkish For a tale to be included Ulrich Marzolph considered two criteria that the tale originates from or at least was transmitted by a Middle Eastern source and that it was recorded from a Western narrator's oral performance in the course of the nineteenth or twentieth century The rationale behind these restrictive definitions is predicated on Marzolph's main concern with the long lasting effect that some of the Oriental narratives exercised in Western popular tradition those tales that have withstood the test of time Marzolph focuses on the originally Oriental tales that became part and parcel of

modern Western oral tradition Since antiquity the Orient constitutes the quintessential Other vis vis the European cultures While delineation against this Other served to define and reassure the Self the Orient also constituted a constant source of fascination attraction and inspiration Through oral retellings numerous tales from Muslim tradition became an integral part of European oral and written tradition in the form of learned treatises medieval sermons late medieval fabliaux early modern chapbooks contemporary magazines and more In present times when national narcissisms often acquire the status of strongholds delineating the Us against the Other it is imperative to distinguish document visualize and discuss the extent to which the West is not only indebted to the Muslim world but also shares common features with Muslim narrative tradition

101 Middle Eastern Tales and Their Impact on Western Oral Tradition is an important contribution to this debate and a vital work for scholars students and readers of folklore and fairy tales **Medieval Oral Literature** Karl Reichl, 2011-11-30

Medieval literature is to a large degree shaped by orality not only with regard to performance but also to transmission and composition Although problems of orality have been much discussed by medievalists there is to date no comprehensive handbook on this topic Medieval Oral Literature a volume in the De Gruyter Lexikon series was written by an international team of twenty five scholars and offers a thorough discussion of theoretical approaches as well as detailed presentations of individual traditions and genres In addition to chapters on the oral formulaic theory on the interplay of orality and writing in the Early Middle Ages on performance and performers on oral poetics and on ritual aspects of orality there are chapters on the Older Germanic Romance Middle High German Middle English Celtic Greek Byzantine Russian Hebrew Arabic Persian and Turkish traditions of oral literature There is a special focus on epic and lyric genres that are also discussed in separate chapters with additional chapters on the ballad and on drama The Oxford Companion to Fairy Tales Jack Zipes, 2015 This Oxford companion provides an authoritative reference source for fairy tales exploring the tales themselves both ancient and modern the writers who wrote and reworked them and related topics such as film art opera and even advertising

Children's Literature Association Quarterly ,1996 A Quest of Her Own Lori M. Campbell, 2014-06-24 This collection of new essays seeks to define the unique qualities of female heroism in literary fantasy from Tolkien's The Lord of the Rings in the 1950s through the present Building upon traditional definitions of the hero in myth and folklore as the root genres of modern fantasy the essays provide a multi faceted view of an important fantasy character type who begins to demonstrate a significant presence only in the latter 20th century The essays contribute to the empowerment and development of the female hero as an archetype in her own right *Leaves from the Garden of Eden* ,2010-09-23 In *Leaves from the Garden of Eden* Howard Schwartz a three time winner of the National Jewish Book Award has gathered together one hundred of the most astonishing and luminous stories from Jewish folk tradition Just as Schwartz's award winning book *Tree of Souls* collected the essential myths of Jewish tradition *Leaves from the Garden of Eden* collects one hundred essential Jewish tales As imaginative as the Arabian Nights these stories invoke enchanted worlds demonic realms and mystical

experiences The four most popular types of Jewish tales are gathered here fairy tales folktales supernatural tales and mystical tales taking readers on heavenly journeys lifelong quests and descents to the underworld There is a dybbuk lurking in a well a book that comes to life and a world where Lilith the Queen of Demons seduces the unsuspecting Here too are Jewish versions of many of the best known tales including Cinderella Snow White and Rapunzel Schwartz's retelling of one of these stories The Finger inspired Tim Burton's film Corpse Bride

Preserving the Spell Armando Maggi, 2015-07-21 Fairy tales are supposed to be magical surprising and exhilarating an enchanting counterpoint to everyday life that nonetheless helps us understand and deal with the anxieties of that life Today however fairy tales are far from marvelous in the hands of Hollywood they have been stripped of their power offering little but formulaic narratives and tame surprises If we want to rediscover the power of fairy tales as Armando Maggi thinks we should we need to discover a new mythic lens a new way of approaching and understanding and thus re-creating the transformative potential of these stories In *Preserving the Spell* Maggi argues that the first step is to understand the history of the various traditions of oral and written narrative that together created the fairy tales we know today He begins his exploration with the ur-text of European fairy tales Giambattista Basile's *The Tale of Tales* then traces its path through later Italian French English and German traditions with particular emphasis on the Grimm Brothers' adaptations of the tales which are included in the first ever English translation in an appendix Carrying his story into the twentieth century Maggi mounts a powerful argument for freeing fairy tales from their bland contemporary forms and reinvigorating our belief that we still can find new powerfully transformative ways of telling these stories

Old Deccan Days or Hindoo Fairy Legends Kirin Narayan, 2002-12-17 A long lost collection of Indian fairy tales transcribed by the daughter of the British governor of Bombay In the cold months of 1865 young Mary Frere and her father Bartle Frere British governor of Bombay set out in a caravan across the Deccan province of south central India During their journey Mary transcribed 24 popular Hindu folktales told to her by her nursemaid That collection of tales which she published as *Old Deccan Days* not only became the first Indian folklore collection in English it established a new genre of writing about British India These marvelously imaginative tales from the Indian oral tradition are peopled with beautiful smart outspoken women restless adventuresome men gods who take on human form and animals who know the secrets of human destinies Evil magicians cast spells on humans changing them to plants and demonic ogre-like Rakshases savor human flesh
