**Why Not?** Renato Wakim,2020-04-07 I hope I can convey this to you properly Looking straight at me in the eyes she proceeded I am a firm believer that life does prepare us for the difficult things In other words I think we come to our existence somehow ready to go through the tough times Big events such as death illness major losses of all kinds these are the big things every human being will go through sooner or later Yet somehow we are equipped to withstand these hard experiences On the other hand I don t think we are always fit to deal with small things or situations As an example circumstances that get us involved in bickering petty arguments and undesirable acts may escalate if we don t pay attention to as to how to deal with them And these things the little details that we tend to overlook in relationships of all nature at work in friendships at home with siblings and parents and most importantly in a marriage are the very things that undermine the same relationships and more than often bring them to an end Sometimes

amicably sometimes loaded with anger mistrust and hatred Only because we tend to ignore the little things Why Not A Memoir Impossible Journeys Mathew Lyons,2005 A wonderful gripping exploration of the bravest most fantastic and outlandish journeys undertaken over the centuries regardless of whether they were possible or not **Mythical Journeys, Legendary Quests** Moyra Caldecott,2007-06-01 Get ready for adventure From great literary masterpieces to those anonymous stories passed down by word of mouth during generations of tribal gatherings here are some of the greatest stories ever told Now you can stir your imagination with legends and myths from across the world From old favorites like the Grecian Jason and the Quest for the Golden Fleece to those sure to be new favorites like the Vietnamese Journey to the Dragon Emperor s Palace these tales and the gorgeous color paintings that accompany them are sure to send you on a flight of fancy 176 pages 16 in color 20 b w illus 7 1 2 x 9 3 4 Meaningful Journeys Alec Grant,Elizabeth Lloyd-Parkes,2024-04-12 Meaningful Journeys is an edited collection of autoethnographies underpinned by the conceptual philosophical and etymological origins of journeying questing and traditional and modern understandings of pilgrimage The volume contains chapters on the ways in which all these concepts intersect with identity and identity transformation These range across narratives of sport adventure preferred identity curative religion revered location nostalgia grief resolution out of suitcase travels and pilgrimage journeys understood in more traditional senses The collection showcases and promotes the identity transformational quest as an important conceptual nuance of narrative autoethnography Readers will engage with the ways in which contributing authors craft their emerging selves into preferred identities which showcase personal and relational change in action This book is essential reading for students and practitioners of autoethnography and qualitative research internationally and others interested in identity transformation in narrative inquiry Mythical Journeys, Legendary Quests Moyra Caldecott,2007-06-01 One of the most persistent themes in myth and legend from the world s many cultures is the story of the journey the quest In Mythical Journeys Legendary Quests Moyra Caldecott shows the connection between the sacred mythic journeys as found in legend and story and the real journey of the individual soul towards enlightenment This perennial quest for reassurance in the face of human mortality is spread as wide as our existence on the planet and throughout history Indeed Carl Jung and Joseph Campbell have shown us that myth and legend are not just fantasy tales for children They are powerful expressions in code of a deep yearning towards an understanding of human existence Moyra Caldecott has selected material from many cultures to illustrate this from ancient Egypt and Sumeria to aboriginal Australia pre Columbian America Vietnam India Africa and Europe For each legend she provides background on its origin and detailed analysis of its meaning and significance
