That's Not How We Do It Here! John Kotter,Holger Rathgeber,2016-06-07 What s the worst thing you can hear when you have a good idea at work That s not how we do it here In their iconic bestseller Our

Iceberg Is Melting John Kotter and Holger Rathgeber used a simple fable about penguins to explain the process of leading people through major changes Now ten years later they're back with another must read story that will help any team or organization cope with their biggest challenges and turn them into exciting opportunities Once upon a time a clan of meerkats lived in the Kalahari a region in southern Africa After years of steady growth a drought has sharply reduced the clan's resources and deadly vulture attacks have increased As things keep getting worse the harmony of the clan is shattered The executive team quarrels about possible solutions and suggestions from frontline workers face a soul crushing response That's not how we do it here So Nadia a bright and adventurous meerkat hits the road in search of new ideas to help her troubled clan She discovers a much smaller group that operates very differently with much more teamwork and agility These meerkats have developed innovative solutions to find food and evade the vultures But not everything in this small clan is as perfect as it seems at first Can Nadia figure out how to combine the best of both worlds a large disciplined well managed clan and a small informal inspiring clan before it's too late This book distills Kotter's decades of experience and award winning research to reveal why organizations rise and fall and how they can rise again in the face of adversity
