Parliament. House of Commons. Home Affairs Committee,2009 On 27 November 2008 a senior Member of Parliament and Opposition spokesman Mr Damian Green was arrested by police and his home and offices searched in connection with an investigation into the leak and publication of a number of government documents Press reports indicated that Mr Green was believed to have received government documents from a Home Office official Mr Christopher Galley who had been arrested eight days earlier and who had subsequently admitted to having leaked some documents This series of events and particularly the fact that Mr Green s office at the House of Commons was searched without the police producing a warrant caused considerable disquiet The Committee s remit was to review the internal processes of the House administration for granting permission for such action as police searches of Members offices and seizure of their papers and to make recommendations for the future As a starting point the reasons why the police were requested to investigate the suspected disclosure of government information and how many disclosures the type of information that had been leaked in particular whether any of it was relevant to national security or was otherwise classified and the efforts that had been made to discover the source of the leaks before the police were called in Also the Committee wished to disentangle the roles of the Home Office and the Cabinet Office in the investigation process The Committee concluded the Home Office appears to have followed best practice for investigating leaks as set out in the Cabinet Office s Memorandum to the Committees sister Committee But there are concerns that growing frustration in both the Home Office and the Cabinet Office may have led officials to give an exaggerated impression of the damage done by the leaks that could reasonably be presumed to have emanated from the Home Office The Committee thought it was unhelpful to give the police the impression that the Home Office leaker s had already caused considerable damage to national security The Cabinet Office s guidance to departments says that it is appropriate to involve the police in leak investigations when they involve a serious and damaging impact on the functioning of a Department and suspicion of leaking sensitive information However it is easy to imagine circumstances in which a leak of sensitive information could lead to a damaging impact on the functioning of a Department without falling within the categories laid down in statute The Cabinet Office s guidance therefore seems to

leave open the possibility of involving the police in an investigation without any suspicion let alone evidence that a criminal offence under the Act has taken place The Committee recommend that the Cabinet Office revise its guidance to preclude this possibility *NASA Technical Note* ,1975 **Cruising World** ,1987-07 **The Boat Galley Cookbook: 800 Everyday Recipes and Essential Tips for Cooking Aboard** Carolyn Shearlock,Jan Irons,2012-09-28 No matter what anyone tells you boat cooking IS different from cooking ashore The space is smaller there s no grocery store 5 minutes away you have fewer prepared foods and electric appliances and food storage is much different Despite cruising different oceans we Jan and Carolyn both faced the same challenges eating well while having time to enjoy all the other great aspects of cruising We love to snorkel swim kayak explore and just sit and admire the view We learned with the cookbooks we both had aboard and wished for information that wasn t available like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up When we couldn t get foods such as sour cream English muffins spaghetti sauce or yogurt we adapted recipes to make our own Other times we experimented with substituting ingredients maybe the result wasn t identical but it was still tasty We ended up with over 150 substitutions and dozens of make it yourself options As we traded recipes and knowledge with each other we realized we were compiling information that became **The Boat Galley Cookbook** 800 recipes made from readily obtainable ingredients with hand utensils including numerous choices to suit every taste not just one cake but 20 16 ways to prepare fish 10 regional barbeque sauces and so on Step by step directions to give even non cooks the confidence they can turn out tasty meals without prepared foods Detailed instructions on unfamiliar things like making yogurt and bread grilling virtually every food imaginable preparing and cooking freshly caught fish and seafood cutting up and boning meat cooking in a Thermos and baking on the stove top as well as lots of tips on how to do things more easily in a tiny moving kitchen All this in an easy to navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter Quick Reference Lists provide idea starters suggestions of included recipes for such categories as Mexican Asian and Potluck **The Boat Galley Cookbook** is designed to help you every step of the way We hope it becomes a trusted reference on your boat and a source of many enjoyable meals **Marine Engineering Log** ,1957 **Poseidon's Warriors** John Lambshead,2016-06-16 **Poseidon s Warriors** is a set of wargaming rules for large scale naval actions between fleets of Classical galleys from the Greek and Persian clash at the battle of Salamis to the battle of Actium that decided the fate of Rome With so many of these battles taking place around islands or in narrow channels and shallow waters sneaky tactics and cunning manoeuvres are a hallmark of warfare of this era and the rules use an integrated turn system to allow a commander to position ships to go in and ram without being rammed in return or to employ feints and traps to tempt the enemy out of position and leave his ships vulnerable to a follow up strike With data for ships throughout the period rules for famous admirals historical scenarios a campaign system and a brief historical summary for those who wish to refresh their memory of the era **Poseidon s Warriors** offers everything players need to bring
