The One Who Eats Monsters Casey Matthews, 2017-08-29 Long ago before history broke in half elder gods exiled the vengeful deity Erynys to a far corner of Earth When Ryn is found weakened after saving the life of an innocent villager the U S military mistakes the battered immortal for a feral teenager and places her in New Petersburg a decaying city full of monsters In her clash with the city s demons Ryn is confused by her intense emotional connection with Naomi Bradford a senator s daughter she has sworn to protect But while her claws can kill anything that dies and a few things that cannot she must also contend with the human race They lie they speak in riddles and to protect her friend the immortal must navigate the senseless rules of their flawed civilization Worse they are fragile and giving her heart to one makes Ryn afraid for the first time in her eternal life *Matthews Monsters, a Creative Comprehensive Exercise* Stephanie Sisler, 2011-08-01 When the lights go out and he s all tucked into bed Matthew hears noises in every part of his room He imagines the monsters under his bed in his toy box closet and trashcan His wild imagination takes him on a quest to find the monsters he keeps imagining but is it a monster he finds in the end Fighting Monsters Jim Matthews, 2019 Former British soldier Jim Matthews gives up a lucrative career teaching English in Saudi Arabia and returns to northern Syria to fight ISIS alongside the Kurdish forces But why after years as a revolutionary left leaning anti war protester does he find himself pulled once more into a conflict zone Does he miss war Jim is attracted by what he calls the Kurds Democratic Confederalism a grassroots political system where everyone had fair and equal representation in social decision making But he is never quite convinced of his own reasons for going to Iraq He is no cold avenger righter of wrongs or money grabbing mercenary In fact he remains apart from those around him and more in conflict with himself even when recalling his activities in Palestine For Jim the real conflict is within himself An intelligent and evocatively written memoir that makes the war zones and broken twisted dusty battlefields and border towns of northern Syria spring to life *Monsters of the Deep* Nick Redfern, 2020-08-01 A deep dive into the undersea netherworld of sea serpents lake monsters surviving dinosaurs genetically altered mutants and legendary aquatic creatures Water takes up 70 percent of Earth s surface with countless lakes rivers ponds streams seas and oceans covering much of the land but what lurks beneath the water For centuries sightings have been made of huge marauding monsters swimming the world s oceans and lakes They include Scotland s legendary Loch Ness Monster the United States equivalent Champ of Lake Champlain and Canada s long necked denizen of the deep known as Ogopogo These and many more famous monsters of the world below us also include giant squid massive octopi and even the fabled Kraken and the fabled mermaids of millennia long gone Possibly too there survive populations of marine reptiles that were assumed to have gone extinct millions of years ago in the Jurassic period such as the plesiosaur Whether scaly or slithery massive prehistoric dinosaurs or mutant serpents *Monsters of the Deep* catalogs nearly 100 accounts of eels alligators reptiles giant squids snakes worms deadly fish and cold blooded creatures of all manner and ilk It reveals the astonishing extent to which lake
