**The Logic of the Lure** John Paul Ricco, 2002 The attraction of a wink a nod a discarded snapshot such feelings permeate our lives yet we usually dismiss them as insubstantial or meaningless With *The Logic of the Lure* John Paul Ricco argues that it is precisely such fleeting erotic and even perverse experiences that will help us create a truly queer notion of ethics and aesthetics one that recasts sociality and sexuality place and finitude in ways suggested by the anonymity and itinerant lures of cruising Shifting our attention from artworks to the work that art does from subjectivity to becoming and from static space to taking place Ricco considers a variety of issues including the work of Doug Ischar Tom Burr and Derek Jarman and the minor architecture of sex clubs public restrooms and alleyways *View* Matts Leiderstam, 2004 Matts Leiderstam's project *View* includes two parts a book and binoculars fitted with colored lenses at two sites in the Hudson River Valley The book contains photographs made by Leiderstam with a Claude Lorrain mirror and Claude Lorrain glasses instruments used since the eighteenth century to transform natural settings into landscapes In an instant the time of day or year is altered *View* invites readers and visitors to the Hudson Valley to revisit the landscapes of the Hudson River School painters through a contemporary artist's eye *Matts Leiderstam* Matts Leiderstam, 1999 *Watershed* Miwon Kwon, 2002 *Watershed* The Hudson Valley Art project presents newly commissioned works by ten artists that engage the natural and cultural geography of the Hudson River **Art/33/Basel** Samuel Keller, 2002 The 2002 Basel art fair presented works of over 1000 modern and contemporary artists from around the world from 268 galleries **Contemporary Painting (World of Art)** Suzanne Hudson, 2021-04-13 This international survey of contemporary painting by a leading author features artwork from over 250 renowned artists whose ideas and aesthetics characterize the painting of our time The twentieth century brought radical changes in art including the shift from modernism to postmodernism which were accompanied by fierce debates regarding the place of painting in contemporary culture *Contemporary Painting* argues that the medium has not only persisted in the twenty first century but expanded and evolved alongside changes in art technology politics and other factors developing a unique energy and diversity Renowned critic and art historian Suzanne Hudson offers an intelligent and original survey of the subject organized into seven thematic chapters each of which explores an aspect of contemporary painting from appropriation to the ways in which artists address and engage the body Hudson's inclusive and compelling text is sensitive to issues such as queer narratives race activism and climate and demonstrates the continued relevance of painting today Bringing together more than 250 eminent artists from around the world such as Cecily Brown Julie Mehretu Theaster Gates Kara Walker Kehinde Wiley Takashi Murakami and Zhang Xiaogang this is an essential volume for art history enthusiasts students critics and practitioners interested in discovering how painting is approached reimaged and challenged by today's artists **Artbibliographies Modern**, 2004 *Art ...
