the North Pole reflects on Henson's outsized role in ensuring the success of their mission. Although he was frequently overshadowed by Commander Robert Peary, Henson continues to be recognized as a pioneering African American who rose from poverty to become a true national hero. Seven times had Robert Peary and Matthew Henson attempted to reach the fabled North Pole. Seven times they failed. In 1908, following years of frustration, they gathered a crew of Inuit guides and set sail from Greenland, hopeful that the eighth voyage will end in discovery. Throughout his life, Matthew Henson has grown accustomed to proving himself. Born the son of sharecroppers in the immediate aftermath of the Civil War, he has endured racism and economic disparity his entire life. Since 1891, Henson and Peary, whom he met while working at a Washington, D.C. department store, have been attempting to reach the most remote location on planet earth, an icebound region devoid of sustenance and shelter, accessible only by boat, sled, and foot. As they near the North Pole, Henson prepares to make history. With a beautifully designed cover and professionally typeset manuscript, this edition of Matthew Henson's *A Negro Explorer at the North Pole* is a classic of African American literature reimagined for modern readers.

Going There Katie Couric, 2021-10-26 This heartbreaking, hilarious, and brutally honest memoir shares the deeply personal life story of a girl next door and her transformation into a household name. For more than forty years, Katie Couric has been an iconic presence in the media world. In her brutally honest, hilarious, heartbreaking memoir, she reveals what was going on behind the scenes of her sometimes tumultuous personal and professional life, a story she's never shared until now. Of the medium she loves, the one that made her a household name, she says, "Television can put you in a box; the flat screen can flatten. On TV, you are larger than life but smaller too. It is not the whole story and it is not the whole me." This book is. Beginning in early childhood, Couric was inspired by her journalist father to pursue the career he loved but couldn't afford to stay in. Balancing her vivacious, outgoing personality with her desire to be taken seriously, she overcame every obstacle in her way: insecurity, an eating disorder, being typecast, sexism, challenges, and how she dealt with them, setting the tone for the rest of her career. Couric talks candidly about adjusting to sudden fame after her astonishing rise to co-anchor of the TODAY show and guides us through the most momentous events and news stories of the era to which she had a front-row seat: Rodney King, Anita Hill, Columbine, the death of Princess Diana, 9/11, the Iraq War. In every instance, she relentlessly pursued the facts, ruffling more than a few feathers along the way. She also recalls in vivid and sometimes lurid detail the intense pressure on female anchors to snag the latest, get often sensational tabloid stories like Jon Benet Ramsey, Tonya Harding, and O.J. Simpson. Couric's position as one of the leading lights of her profession was shadowed by the shock and trauma of losing her husband to stage 4 colon cancer when he was just 42, leaving her a widow and single mom to two daughters, 6 and 2. The death of her sister Emily just three years later brought yet more trauma and an unwavering commitment to cancer awareness and research, one of her proudest accomplishments. Couric is unsparing in the details of her historic move to the anchor chair at the CBS Evening News, a world rife with sexism and misogyny. Her welcome was even more hostile at 60 Minutes, an unrepentant boys'

club that engaged in outright hazing of even the most established women In the wake of the MeToo movement Couric shares her clear eyed reckoning with gender inequality and predatory behavior in the workplace and downfall of Matt Lauer a colleague she had trusted and respected for more than a decade Couric also talks about the challenge of finding love again with all the hilarity false starts and drama that search entailed before finding her midlife Mr Right Something she has never discussed publicly why her second marriage almost didn t happen If you thought you knew Katie Couric think again Going There is the fast paced emotional riveting story of a thoroughly modern woman whose journey took her from humble origins to superstardom In these pages you will find a friend a confidante a role model a survivor whose lessons about life will enrich your own

squad Widely tipped to be part of England's campaign at the World Cup in South Korea and Japan Eriksson instead surprised many with his conservative selection of Martin Keown over the rising star Keown wouldn't play a single minute at the tournament and England would crash out to ten man Brazil but Jansen didn't see a minute of it While England battled it out in the Far East Jansen had taken a holiday to Rome where he was involved in a serious traffic accident He suffered a brain haemorrhage and slipped into a six day coma Jansen survived and astonishingly he was back playing for Blackburn just four months later Physically he may have felt he was ready to return to top flight football but mentally he was nowhere near Battling the spectre of the accident he was unable to recapture the instinctive genius that had previously defined him In an effort to reignite his career he joined Coventry Bolton and then Wrexham but he was never able to find his former footballing self and was finally forced to admit that his playing days were over He has since channelled his energies into a new career as a coach proving to be wise erudite and compassionate in his new role but also a continuing object of fascination for those who wonder what might have been This is the story of a career destined for the stratosphere cruelly snatched away by the vagaries of fate Brilliant bold and at times brutal in its honesty this powerful tale of shattered dreams and a life rebuilt is a testament to an inspiring unconquered soul [The Longest Day](#) Matt Calman, 2020-02-18 What do you do when you reach rock bottom Matt Calman's most consistent tool for dealing with problems throughout his life was alcohol But it got to the stage where he was no longer willing to put up with the dark side of his drinking So he quit But the problems that had been simmering away for most of his life merely came to a head It led to a major depressive phase with panic attacks and thoughts of suicide Finally Matt began the slow climb to rebuild himself He was ready to find something It just happened to be the Coast to Coast Multisport World Championships the toughest endurance race in New Zealand The Longest Day outlines Matt's path back from depression his struggles to learn to run cycle and kayak at an elite level and the culmination of all that training his Coast to Coast race Through his training he learns about process rather than outcome and how true success and enjoyment is embedded in the journey not the destination This is a riveting read for sports fans and a compelling account of courage and determination
