Presents a collection of traditional rhymes accompanied by Victorian illustrations **Scribner's Magazine** Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1890 **Tough Without a Gun** Stefan Kanfer, 2011-02-01 Humphrey Bogart it's hard to think of anyone who's had the same lasting impact on the culture of movies Though he died at the young age of fifty seven more than half a century ago his influence among actors and filmmakers and his enduring appeal for film lovers around the world remains as strong as ever What is it about Bogart with his unconventional looks and noticeable speech impediment that has captured our collective imagination for so long In this definitive biography Stefan Kanfer answers that question along the way illuminating the private man Bogart was and shining the spotlight on some of the greatest performances ever captured on celluloid Bogart fell into show business almost by accident and worked for nearly twenty years before becoming the star we know today Born into a life of wealth and privilege in turn of the century New York Bogart was a troublemaker throughout his youth getting kicked out of prep school and running away to join the navy at the age of nineteen After a short undistinguished stint at sea Bogart spent his early twenties drifting aimlessly from one ill fitting career to another until through a childhood friend he got his first theater job Working first as a stagehand and then reluctantly as a bit part player Bogart cut his teeth in one forgettable role after another But it was here he began to develop a work ethic deciding that there were two kinds of men professionals and bums Bogart for the

first time in his life wanted to be the former After the Crash of 29 Bogart headed west to try his luck in Hollywood That luck was scarce and he slogged through more than thirty B movie roles before his drinking buddy John Huston wrote him a part that would change everything with High Sierra Bogart finally broke through at the age of forty being a pro had paid off What followed was a string of movies we have come to know as the most beloved classics of American cinema The Maltese Falcon Casablanca The Big Sleep The African Queen the list goes on and on Kanfer appraises each of the films with an unfailing critical eye weaving in lively accounts of behind the scenes fun and friendships including of course the great love story of Bogart and Bacall What emerges in these pages is the portrait of a great Hollywood life and the final word on why there can only ever be one Bogie
