Maud In France:

Muslims and Jews in France Maud S. Mandel, 2016-08-02 This book traces the global national and local origins of the conflict between Muslims and Jews in France challenging the belief that rising anti-Semitism in France is rooted solely in the unfolding crisis in Israel and Palestine Maud Mandel shows how the conflict in fact emerged from processes internal to French society itself even as it was shaped by affairs elsewhere particularly in North Africa during the era of decolonization Mandel examines moments in which conflicts between Muslims and Jews became a matter of concern to French police the media and an array of self appointed spokesmen from both communities Israel's War of Independence in 1948 France's decolonization of North Africa the 1967 Arab Israeli War the 1968 student riots and François Mitterrand's experiments with multiculturalism in the 1980s She takes an in depth on the ground look at interethnic relations in Marseille which is home to the country's largest Muslim and Jewish populations outside of Paris She reveals how Muslims and Jews in France have related to each other in diverse ways throughout this history as former residents of French North Africa as immigrants competing for limited resources as employers and employees as victims of racist aggression as religious minorities in a secularizing state and as French citizens In *Muslims and Jews in France* Mandel traces the way these multiple complex interactions have been overshadowed and obscured by a reductionist narrative of Muslim Jewish polarization [The Paris](#)

and his wife Lady Evelyn landed in Halifax in November 1916 so he could serve as the governor general of Canada. Throughout the difficult years of the First World War and its aftermath the new governor general travelled extensively, oversaw policy, presided over Canada's rejection of the British honours system and walked a fine line between the colonial authorities and Canada's desire for greater independence. Meanwhile the duchess managed their home at Rideau Hall and fretted over propriety between her daughters and the young male staff who lived with them. In *Victor and Evie* Dorothy Anne Phillips provides an intimate portrait of a family at the centre of Canadian social and political life. Utilizing letters released in 2005, the correspondence of an aide de camp, the duke's diary and other primary documents, Phillips constructs a detailed inquiry into the family's relationships with each other and with the prominent people they met. This volume details their reactions to a number of dramatic events including the conscription crisis, the Halifax Explosion, the influenza epidemic, the Winnipeg General Strike, the Prince of Wales's tour across Canada and the courtship of their daughter Dorothy by the young Harold Macmillan, the future British prime minister. An engaging account of politics, travel, love and tragedy, *Victor and Evie* presents the life of a governor general and his family during a pivotal moment in early twentieth century Canada.
