Mauis Mittee The General Baldwin:

Mau in History Dawn E. Duensing, 1998 **The Three-Year Swim Club** Julie Checkoway, 2013-11-19 The New York Times bestselling remarkable real life account of impoverished children who became world class swimmers is about as underdog as it gets Boston Globe In 1937 a schoolteacher on the island of Maui challenged a group of poverty stricken sugar plantation kids to swim upstream against the current of their circumstance The goal To become Olympians They faced seemingly insurmountable obstacles The children were Japanese American and were malnourished and barefoot They had no pool they trained in the filthy irrigation ditches that snaked down from the mountains into the sugarcane fields Their teacher Soichi Sakamoto was an ordinary man whose swimming ability didn't extend much beyond treading water In spite of everything their first year the children outraced Olympic athletes twice their size in their second year they were national and international champs shattering American and world records and making headlines from L A to Nazi Germany In their third year they'd be declared the greatest swimmers in the world But they'd also face their greatest obstacle the dawning of World War II and the cancellation of the Olympic Games Still on the battlefield they'd become the 20th century's most celebrated heroes and in 1948 they'd have one last chance for Olympic glory They were the Three Year Swim Club This is their story A brightly told story of the triumph of underdogs inspiring Kirkus Reviews How the story unfolds Japan vying for the Olympic games Pearl Harbor being bombed WWII changing the world forever allows the story and characters to evolve in uplifting and heartbreaking ways Publishers Weekly starred review A reverent tale glorious storytelling and a triumphant unpredictable finish Minneapolis Star Tribune **The Written Record of Hawai'i's Women**, 2001 Pacific Studies, 1993 **Pacific Studies : a Journal Devoted to the Study of the Pacific-its Islands and Adjacent Countries**, 1993 **Poor's**, 1926 **The Journal of Pacific History Bibliography**, 1988 *The Friend* Samuel Chenery Damon, 1922 Hawaiian Investigation United States. Senate, 1918 **Sojourners and Settlers, Chinese Migrants in Hawaii** Clarence Elmer Glick, 1980 Among the many groups of Chinese who migrated from their ancestral homeland in the nineteenth century none found a more favorable situation than those who came to Hawaii Coming from South China largely as laborers for sugar plantations and Chinese rice plantations but also as independent merchants and craftsmen they arrived at a time when the tiny Polynesian kingdom was being drawn into an international economic political and cultural world Between the extremes of enthusiastic welcome and bitter prejudice the migrants made their way into the mainstream of Hawaiian life Caucasians dominated the sugar industry banking and the larger businesses and increasingly controlled the government but they were too few to preempt the openings in crafts trades and smaller businesses resulting from the expansion of the Island economy Although more than half of the migrants returned to China after a few years sojourn those

who remained moved successfully into these openings As the first major Asian migrant group in the area followed by Japanese Koreans and Filipinos they had little competition By the time the monarchy was overthrown in 1893 and Hawaii was annexed to the United States in 1898 Chinese settlers were well established and were helping their Hawaii born children move on to greater achievements political and social as well as economic Sojourners and Settlers traces the waves of Chinese immigration the plantation experience and movement into urban occupations Important for the migrants were their close ties with indigenous Hawaiians hundreds establishing families with Hawaiian wives Other migrants brought Chinese wives to the Islands Though many early Chinese families lived in the section of Honolulu called Chinatown this was never an exclusively Chinese place of residence and under Hawaii s relatively open pattern of ethnic relations Chinese families rapidly became dispersed throughout Honolulu Chinatown was however a nucleus for Chinese business cultural and organizational activities More than two hundred organizations were formed by the migrants to provide mutual aid to respond to discrimination under the monarchy and later under American laws and to establish their status among other Chinese and in Hawaii s multiethnic community Professor Glick skillfully describes the organizational network in all its subtlety He also examines the social apparatus of migrant existence families celebrations newspapers schools in short the way of life Using a sociological framework the author provides a fascinating account of the migrant settlers transformation from villagers bound by ancestral clan and tradition into participants in a mobile largely Westernized social order Book jacket **Senate Journal** Hawaii.
