Mauk Design:

Graphic Design That Works Rockport Publishers, 2006-04-01 Consumers are blitzed with millions of images every day. Companies hoping to grab a consumer's attention need a memorable eye-catching design whether for a logo, an identity system, an in-depth promotional campaign, or a magazine that needs to stay fresh and strong month after month. Now, as a competitively priced paperback, Graphic Design That Works looks at examples of logos, identities, promotions, brochures, and magazine design that have proven successful track records. Quick hit copy explores these designs from early conceptual stages to initial drafts and final execution so whether you're a seasoned designer or a newcomer to the field, you can understand how and why the design came to be. Also included are tips from the experts who put these designs on the map. They tell what succeeded and what failed in their attempts to create designs that really work. **Mauk Design**, 2003-01-01 The successes of the international design office Mauk are presented here in detail.
