Maurice Blondel An Introduction To The Man And His Philosophy:

Maurice Blondel Jean Lacroix,1968 *Maurice Blondel* Robert C. Koerpel,2018-11-30 During the past few decades there has been renewed interest in the twentieth century French Catholic philosopher Maurice Blondel 1861 1949 and his influence on modern and contemporary theology but little scholarship has been published in the English speaking world In *Maurice Blondel Transforming Catholic Tradition* Robert Koerpel examines Blondel s work the historical and theological development of the idea of tradition in modern Catholicism tradition s relation to reason and revelation and Blondel s influence on Catholicism s understanding of tradition The book presents aspects of Blondel s thought that deserve to be more widely known and contributes to important debates in current theology on modern French Catholic thought and the emerging conversations surrounding them Koerpel looks to the cultural context from which Blondel s thought emerges by situating it within the broader conceptual historical and theological developments of modernity He examines the problem of reason and revelation in modern Catholicism the role and nature of tradition and the relationships between theology and history truth and change nature and grace and scripture and the development of doctrine This book provides readers with an appreciation of Blondel s conceptually creative answer to how tradition represents the Word of God in human history and why it is one of his most important contributions to modern and contemporary theology They will discover how his contribution restores the animated vitality between the institutional and liturgical dimensions of tradition essential to the living dynamic nature of Catholicism *Maurice Blondel; An Introduction to the Man and His Philosophy. Translated by John C. Guinness* Jean Lacroix,1968 *Maurice Blondel* Oliva Blanchette,2010-04-16 French philosopher Maurice Blondel had a tremendous impact on both philosophy and religion over the first half of the twentieth century He was at once a postmodern critical philosopher and a devout traditional Catholic trying not only to reconcile these two seemingly disparate factors in his own mind but also to prove to others that the two must go together In the first critical examination of the philosopher s life Oliva Blanchette tells the story of Blondel s stormy life confronting an Academy dismissive of religion and a Religion uncomfortable with rational philosophy This book not only follows his biographical history but also presents his systematic philosophy from the beginning of his journey to the culmination found in *Philosophical Exigencies of Christianity* the book for which he signed the publishing contract the day before he died Maurice Blondel is part of the *Ressourcement Retrieval and Renewal in Catholic Thought* series edited by David L Schindler *Philosophical Exigencies of Christian Religion* Maurice Blondel,2021-05-01 *Philosophical Exigencies of Christian Religion* is a translation of two of Maurice Blondel s essays Blondel s thinking played a significant role in the deliberations and arguments of the Second Vatican Council Although a towering figure in the history of twentieth century Catholic thought the later systematic works of Maurice Blondel have been largely inaccessible in the English speaking world Oliva Blanchette who previously translated Blondel s early groundbreaking work *Action* 1893 now offers the first English translation of the final work Blondel himself signed off on the

day before he died Philosophical Exigencies of Christian Religion This work of transition from mere philosophy to a consideration of Christian religion consists of two main essays The Christian Sense and the shorter On Assimilation followed by a Reconsideration and Global View and an Appendix Clarifications and Admonitions written in answer to an inquiry by a young scholar about method The first essay explores the Christian sense of the spiritual life and how Christian religion even as supernatural can come under the purview of critical philosophy The second essay examines the move from analogy to assimilation in speaking of the Christian life Blondel tackles the question How does the human spirit combine with the divine spirit in such a way that neither is lost in the process Philosophical Exigencies of Christian Religion is critical for understanding Blondel's thought This high quality translation and Blanchette's concise preface will appeal not only to philosophers and theologians but also to spiritual writers and directors of spiritual retreats in the Ignatian and Jesuit traditions

Reason Fulfilled by Revelation Gregory B. Sadler, 2011-03-16 This selection of previously untranslated documents from the French debates about Christian philosophy provides a long needed complement to available English language literature on the subject Maurice Blondel, Social Catholicism, and Action Française Peter J. Bernardi, 2009 This work casts light on contemporary arguments over social Catholicism and the believer's role in society by illuminating a similar dispute among French Catholics during the Modernist Crisis 1909-1914

An Avant-garde Theological Generation Jon Kirwan, 2018-03-09 An Avant garde Theological Generation examines the Fourvière Jesuits and Le Saulchoir Dominicans theologians and philosophers who comprised the influential reform movement the nouvelle théologie Led by Henri de Lubac Jean Daniélou Yves Congar and Marie Dominique Chenu the movement flourished from the 1930s until its suppression in 1950 It aims to remedy certain historical deficiencies by constructing a history both sensitive to the wider intellectual political economic and cultural milieu of the French interwar crisis and that establishes continuity with the Modernist crisis and the First World War Chapter One examines the modern French avant garde generations that have shaped intellectual and political thought in France providing context for a historical narrative of the nouvelle théologie Chapters Two and Three examine the influential older generations that flourished from 1893 to 1914 such as the Dreyfus generation the generation of Catholic Modernists and two generations of older Jesuits and Dominicans which were instrumental in the Fourvière Jesuits development Chapter Four explores the influence of the First World War and the years of the 1920s during which the Jesuits and Dominicans were in religious and intellectual formation relying heavily on unpublished letters and documents from the Jesuits archives in Paris Vanves Chapter Five analyses the crises of the interwar period and the emergence of the wider generation of 1930 to which the nouveaux théologiens belonged and its intellectual thirst for revolution Chapter Six examines the emergence of the ressourcement thinkers during the tumultuous years of the 1930s The decade of the 1940s explored in Chapter Seven saw the rise to prominence of the members of the generation of 1930 who thanks to their participation in the resistance emerged from the Second World War with significant influence on

the postwar French intellectual milieu Finally the monograph concludes in Chapter Eight with an examination of the triumph of French Left Catholicism and the nouvelle th ologie during the 1960s at the Second Vatican Council **Catholicism**

Contending with Modernity Darrell Jodock,2000-06-22 This 2000 book is a case study in the ongoing struggle of Christianity to define its relationship to modernity examining representative Roman Catholic Modernists and anti Modernists It sketches the nineteenth century background of the Modernist crisis identifying the problems that the church was facing at the beginning of the twentieth century **The Body Divine** Anne Hunt Overzee,1992 The book makes an significant

contribution to comparative theology and explores the wide ranging implications of a religious symbol whose potency is perennial cross cultural and of continuing contemporary importance *The Living Church* ,1968 Phenomenology in French Philosophy: Early Encounters Christian Dupont,2013-11-20 This work investigates the early encounters of French philosophers and religious thinkers with the phenomenological philosophy of Edmund Husserl Following an introductory chapter addressing context and methodology Chapter 2 argues that Henri Bergson s insights into lived duration and intuition and Maurice Blondel s genetic description of action functioned as essential precursors to the French reception of phenomenology Chapter 3 details the presentations of Husserl and his followers by three successive pairs of French academic philosophers L on No l and Victor Delbos Lev Shestov and Jean Hering and Bernard Groethuysen and Georges Gurvitch Chapter 4 then explores the appropriation of Bergsonian and Blondelian phenomenological insights by Catholic theologians douard Le Roy and Pierre Rousselot Chapter 5 examines applications and critiques of phenomenology by French religious philosophers including Jean Hering Joseph Mar chal and neo Thomists like Jacques Maritain A concluding chapter expounds the principal finding that philosophical and theological receptions of phenomenology in France prior to 1939 proceeded independently due to differences in how Bergson and Blondel were perceived by French philosophers and religious thinkers and their respective orientations to the Cartesian and Aristotelian Thomist intellectual traditions

Theology in a Global Context Hans Schwarz,2005-11 In this book Hans Schwarz leads us into the web of Christian theology s recent past from Kant and Schleiermacher to Mbiti and Zizoulas pointing out all the theologians of the last two hundred years who have had a major impact beyond their own context With an eye to the blending of theology and biography Schwarz draws the lines of connection between theologians their history and wider theological movements Publisher

Maurice Blondel Oliva Blanchette,2010-04-16 This is a comprehensive examination of the French philosopher Maurice Blondel whose philosophy and religion had a tremendous impact over the first half of the 20th century A Survey of Catholic Theology, 1800-1970 Ted Mark Schoof OP,2008-06-24 Here at last in one book is an account of the great movements that swept through Catholic theology since the middle of the nineteenth century All the great personages are here Newman Blondel Rahner Chardin Karl Adam and the Modernists Loisy and Tyrrell Fascinating and always readable this book is a must for any library or person concerned with the development of modern religious thought A Belief in Humanity: The Untold

Story of Conciliar Humanism Thomas D. Carroll, 2024-09-12 I believe in a new humanity Evocative words spoken by Pope Francis to the assembled young people in Krak w Poland during the final mass for World Youth Day on July 31 2016 What was he thinking about Where did this idea come from This book answers these questions and examines for the first time an original way of thinking about our shared humanity a way that was intimated sixty years ago and is still to be explored

The New Adam Ron Highfield, 2021-04-23 Have you ever found yourself repeating expressions such as Jesus saves or Jesus died for our sins without really understanding them When popular speakers explain how Jesus s death satisfied God s wrath so you could be forgiven do you ever think to yourself I don t get it If so you re not alone you re not dumb and the problem is not with you Ron Highfield reframes Christian teaching about the atonement so that it comes alive with fresh meaning Drawing on biblical and traditional sources Highfield explains why our frustration in trying to understand how Jesus s death satisfies God s judicial wrath is inevitable because the idea doesn t make sense and the Bible doesn t teach it Instead of viewing the atonement as the solution to God s problem of how to forgive sins while remaining perfectly just Highfield argues that the atonement is God s solution to our problem In Jesus God rewrites the human story forgiving our sins correcting our mistakes and realizing our destiny As one of us Jesus lives a perfect life passes through death and enters into eternal life As the new Adam he invites us to join his family share his life and enjoy his victory **The Cambridge History**

of Philosophy 1870-1945 Thomas Baldwin, 2003-11-27 Table of contents *Liturgy as Revelation* Philip Caldwell, 2014 This volume argues that in the twentieth century Catholic theology increasingly recognized the centrality of Christology particularly the person of Christ as the locus of revelation and drew out the crucial implications for that which occurs within the space of liturgy and the sacraments Examining the specific contributions of Ren Latourelle Avery Dulles Salvatore Marsilli and Gustave Martelet against a background of pre conciliar ressourcement theology this volume provides a comprehensive account of why a Trinitarian and Christological construal of liturgy and sacraments as revelation is key to the vision that informed Vatican II and offers constructive theological and ecclesial possibilities for the future *Visions of the Human* Tom Slevin, 2015-05-28 In what ways do the artistic avant garde s representations of the human body reflect the catastrophe of World War I The European modernists were inspired by developments in the nineteenth century yielding new forms of knowledge about the nature of reality and repositioning the human body as the new object of knowledge New visions of the human subject were created within this transformation However modernity s reactionary political climate for which World War I provided a catalyst transformed a once liberal ideal between humanity environment and technology into a tool of disciplinary rationalisation *Visions of the Human* considers the consequences of this historical moment for the twentieth and twenty first centuries It explores the ways in which the technologies of the self that inspired the avant garde were increasingly instrumentalised by conservative politics urbanism consumer capitalism and the society of the spectacle This is an engaging and powerful study which challenges prior ideas and explores new ways of thinking about modern visual

culture
