together in 1908 created a sensation. Its members included five painters later associated with the Ashcan School: William Glackens (1870–1938), Robert Henri (1865–1929), George Luks (1867–1933), Everett Shinn (1876–1953), and John French Sloan (1871–1951). They had met studying together under Thomas Pollock Anshutz at the Pennsylvania Academy of the Fine Arts. Other members of The Eight were Arthur B. Davies (1862–1928), Ernest Lawson (1873–1939), and Maurice Prendergast (1859–1924), whose work diverged from the Ashcan School in style. Wikipedia, Dec 2011.

*American Impressionists* Susan Behrends Frank, 2007. Luminous works by Childe Hassam, Ernest Lawson, Maurice Prendergast, John Henry Twachtman are among the 100 seminal works featured in this book showcasing 27 artists. As members of the first generation of American painters to absorb the technique, brighter palette, and subject matter of Impressionism from their French counterparts, these artists transformed the heroic American landscape into a modern idiom in atmospheric park and beach scenes, urban views, and charming interiors with particular interest in optical effects, light, and the seasons. This book provides a vivid summary of the movement starting with its roots in earlier American art and its relationship to French Impressionism. It charts the response of many of these American artists to one of the most beloved movements in 19th-century painting. All of the masterworks are here in full color, from Hassam's sun-drenched gardens to Twachtman's snowy landscapes. It is a celebration of the Impressionist style and its fresh interpretation of America's landscapes.

**Maurice Prendergast - Paintings and Drawings** Maurice Prendergast, 2019-09-27. The works of American Post-Impressionist artist Maurice Brazil Prendergast (10 October 1858–1 February 1924). All In One composite, 2nd edition.

*The Golden Age of American Impressionism* William H. Gerdts, 2003. No aspect of American art commands as much interest and appreciation as American Impressionism. Lavishly illustrated and gracefully written, *The Golden Age of American Impressionism* explores the full range of artistic achievement within this popular movement with masterworks by such distinguished artists as Mary Cassatt, Childe Hassam, Theodore Robinson, John Twachtman, and Julian Alden Weir, among others.

*The Eight and American Modernisms* Peter John Brownlee, 2009. Frustrated by the art world's elitism and the snobbish exclusivity of the academy's juries, eight American painters united in 1908 to upend the established norms and stage their own exhibition of modernist art. Led by the charismatic Robert Henri, they came to be known as The Eight, and their two-week show at New York's Macbeth Galleries drew a multitude of visitors who crowded into the galleries to critique the much-publicized work of these revolutionary artists. Their paintings of urban scenes marked a significant departure from the prevailing style, which emphasized physical and natural beauty and met with critical success. The established chronicle maintains that the Eight were rendered dysfunctional and artistically irrelevant after European modernism arrived in the United States at the 1913 Armory Show. *The Eight and American Modernisms* revises this account and reevaluates these respected artists' careers, including their late works. Accompanying a traveling exhibition, this lushly illustrated volume challenges the accepted wisdom about the evolution of the modernist style. In addition to Henri, The Eight included William Glackens, George Luks, Everett Shinn, John French Sloan,
