Max Reger and Karl Straube Christopher Anderson, 2017-07-05 Max Reger 1873 1916 is perhaps best known for his organ music This quickly assumed a prominent place in the repertory of German organists due in large measure to the efforts of Reger s contemporary Karl Straube 1873 1950 The personal and collegial relationship between the composer and performer began in 1898 and developed until Reger s death By that time Straube had established himself as an important artist and teacher in Leipzig and the central authority for the interpretation of Reger s organ music The Reger Straube relationship functioned on a number of levels with decisive consequences both for the composition of the music and its interpretation over a period fraught with upheaval on sociopolitical religious and aesthetic fronts This book evaluates the significance of the relationship between the composer and organist using primary source materials such as autograph performing manuscripts reviews programmes letters and archival sources from contemporary organ building The result is a much enhanced understanding of Reger in terms of performance practice and reception history and a re examination of Straube and more broadly of Leipzig as a musical centre during this period Catalogs Harold Reeves (Firm), 1919
