Max Beerbohm And The Act Of Writing:

Max Beerbohm and the Act of Writing Lawrence Danson, 1991 Aestheticism and Sexual Parody 1840-1940 Dennis Denisoff, 2006-03-16 This original and provocative 2001 study discusses the work of a number of authors in the nineteenth and twentieth centuries in order to argue that mainstream society was enabled to accept the non normative sexuality of the Aesthetic Movement chiefly through parody and self parody Highlighting Victorian popular culture Aestheticism and Sexual Parody adds an important dimension to the theorisations of parody as a combative strategy by which sexually marginalized groups undermine the status quo From W S Gilbert s drama and Vernon Lee and Christopher Isherwood s prose to George du Maurier s cartoons and Max Beerbohm s caricatures Dennis Denisoff explores the parodies interactions with the personae and texts of canonical authors such as Alfred Tennyson Walter Pater Algernon Swinburne and Oscar Wilde In doing so he considers the impact that these interactions had on modern ideas of gender sexuality taste and politics **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies *Zuleika Dobson* Max Beerbohm, 2014-05-10 *Zuleika Dobson* or an Oxford love story is the only novel by English essayist Max Beerbohm a satire of undergraduate life at Oxford published in 1911 It includes the famous line Death cancels all engagements and presents a corrosive view of Edwardian Oxford The all male campus of Oxford Beerbohm s alma mater is a place where aesthetics holds sway above all else and where witty intellectuals reign Things haven t changed for its privileged student body for years until the beguiling music hall prestidigitator Zuleika Dobson shows up The book s marvelous prose dances along the line between reality and the absurd as students and dons alike fall at Zuleika s feet and she cuts a wide swath across the campus until she encounters one young aristocrat for whom she is astonished to find she has feelings As Zuleika and her creator zero in on their targets the book takes some surprising and dark twists on its way to a truly startling ending an ending so striking that readers will understand why Virginia Woolf said that Mr Beerbohm in his way is perfect In 1998 the Modern Library ranked *Zuleika Dobson* 59th on its list of the 100 best English language novels of the 20th century **Henry James Against the Aesthetic Movement** David Garrett Izzo, Daniel T. O'Hara, 2014-09-17 Writer Henry James 1843 1916 was born in America but preferred to live in Europe he finally become a British subject near the end of his life His status as a permanent outsider is responsible for the recurring themes in his writing dealing with European sophistication decadence compared to American lack of sophistication or innocence He is respected in modern times for his psychological insight for being able to reveal his characters deepest

motivations These 11 essays along with an introduction and an afterword examine James's work through the prism of the author's latest style Topics the contributing authors address include the Henry James revival of the 1930s three of James's male aesthetics women in his works literary forgery and parallels with the career and views of Margaret Oliphant Three essays delve into issues of representation in art and fiction then three more explore decadence identity and homosexuality

Literature and the Politics of Post-Victorian Decadence Kristin Mahoney, 2015-06-09 In *Literature and the Politics of Post-Victorian Decadence* Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes These authors and artists refused to assimilate to the aesthetic and political ethos of the era representing themselves instead as time travelers from the previous century for whom twentieth century modernity was both baffling and disappointing However they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period including war the rise of the Labour Party the question of women's sexual freedom and changing conceptions of sexual and gender identities

Writers, Readers, and Reputations Philip Waller, 2008 Philip Waller explores the literary world in which the modern best seller first emerged with writers promoted as stars and celebrities advertising both products and themselves

Modernist Parody Sarah Davison, 2023-06-28 Parody often stands accused of producing derivative art deficient in taste and skill But in the hands of writers such as Ezra Pound Wyndham Lewis T S Eliot James Joyce Ford Madox Ford and Virginia Woolf the mode engendered revolutionary self reflexive critical and creative practices that were crucial to the development of truly modern art This book contends that the jauntiness verve and daring of high modernism is fundamentally parodic It argues that parody is central to the whole modernist project even to supposedly earnest movements such as Imagism and not just to the extreme avant garde antics of Dada As a literary technique parody provided the means for modernists of many stripes to learn their craft sharpen their historical sense define themselves as post Victorians and respond to sources of inspiration while composing It offered a ready method to laugh at folly amuse friends criticize opponents spike enemies and transgress conventions Being double coded parody proved a powerful weapon

in the culture wars enabling modernists to present and simultaneously challenge prevailing ideologies in all their historically determined complexity Its fundamentally dialogic and palimpsestual form exposed the limitations of naïve mimesis insisting that literature is always language in unstable play while simultaneously foregrounding the relational structures that underwrote the modernists paradoxical claims to originality and modernity As a principle of continual genesis and a spur to the production of yet more forcefully experimental art parody therefore became the modernists primary reflex as they negotiated their position in literary culture and made it new *Facing the Late Victorians* Margaret Diane Stetz, 2007 It examines too the portrait as a marker both of celebrity and of modernity in an age that ushered in the present by defining itself through advertising public relations and commodification

BOOK JACKET A History of English Laughter Manfred Pfister, 2002 Is there a history of laughter Or isn't laughter an anthropological constant rather and thus beyond history a human feature that has defined humanity as *homo ridens* from cave man and cave woman to us The contributors to this collection of essays believe that laughter does have a history and try to identify continuities and turning points of this history by studying a series of English texts both canonical and non canonical from Anglosaxon to contemporary As this is not another book on the history of the comic or of comedy it does not restrict itself to comic genres some of the essays actually go out of their way to discover laughter at the margins of texts where one would not have expected it all in *Beowulf* or *Paradise Lost* or the Gothic Novel Laughter at the margins of texts which often coincides with laughter from the margins of society and its orthodoxies is one of the special concerns of this book This goes together with an interest in impure forms of laughter in laughter that is not the serene and intellectually or emotionally distanced response to a comic stimulus which is at the heart of many philosophical theories of the comic but emotionally disturbed and troubled aggressive and transgressive satanic and sardonic laughter We do not ask then what is comic but who laughs at and with whom where when why and how

Paradox of Modernism Robert Scholes, 2008-10-01 In this lively personal book Robert Scholes intervenes in ongoing discussions about modernism in the arts during the crucial half century from 1895 to 1945 While critics of and apologists for modernism have defined modern art and literature in terms of binary oppositions high low old new hard soft poetry rhetoric Scholes contends that these distinctions are in fact confused and misleading Such oppositions are instances of paradox an apparent clarity that covers real confusion Closely examining specific literary texts drawings critical writings and memoirs Scholes seeks to complicate the neat polar oppositions attributed to modernism He argues for the rehabilitation of works in the middle ground that have been trivialized in previous evaluations and he fights orthodoxy with such paradoxes as durable fluff formulaic creativity and iridescent mediocrity The book reconsiders major figures like James Joyce while underscoring the value of minor figures and addressing new attention to others rarely studied It includes twenty two illustrations of the artworks discussed Filled with the observations of a personable and witty guide this is a book that opens up for a reader's delight the rich cultural terrain of modernism

[The Ruling Passion](#) Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery

Wilde's Intentions Lawrence Danson, 1997 What were Wilde's intentions They had always been suspect from the time of *Poems* when the charge was plagiarism to his trials when the charge was sodomy In *Intentions* 1891 and in two related essays *The Portrait of Mr W H* and *The Soul of Man Under Socialism* Wilde's epigrammatic dazzle and paradoxical subversions both reveal and mask his designs upon fin de siècle

society In the first extended study of Wilde's criticism Lawrence Danson examines these essays dialogues fictions and assesses their achievement He sets Wilde's criticism in context showing how the son of an Irish patriot sought to create a new ideal of English culture by elevating lies above history leveling the distinction between artist and critic and ending the sway of nature over liberated human desire "Savonarola" Brown Sir Max Beerbohm, 1919 Look Who's Laughing Gail Finney, 2014-07-10 First Published in 1994 Look Who's Laughing belies the notion that in a joke the only place for a woman is in the butt Rather than analysing women's humor in isolation Gail Finney and twenty scholars map the terrain that the genders share and the areas that each hold exclusively Their essays investigate witty heroines sexual parodies domestic humor and romantic power They focus on comic drama and fiction stand up comedy cartoons and film describing the roles gender has played in the creation reception and interpretation of comedy from the sixteenth century to present They consider works by Shakespeare Oscar Wilde Zora Neale Hurston and Virginia Woolf whilst discussing characters such as V I Warshawski Molly Bloom and Elizabeth Bennet The book's emphasis on comedy's diverse sources uncovers critical prejudices and defines new contexts enabling men and women to understand more about each other's attitudes towards humor its means and ends
