The Friar and the Maya Matthew Restall, Amara Solari, John F. Chuchiak, Traci Ardren, 2023-12-22 The Friar and the Maya offers a full study and new translation of the *Relaci3n de las Cosas de Yucat3n* Account of the Things of Yucatan by a unique set of eminent scholars created by them over more than a decade from the original manuscript held by the Real Academia de la Historia in Madrid This critical and careful reading of the Account is long overdue in Maya studies and will forever change how this seminal text is understood and used For generations scholars used and misused the Account as the sole eyewitness insight into an ancient civilization It is credited to the sixteenth century Spanish Franciscan monastic inquisitor and bishop Diego de Landa whose legacy is complex and contested His extensive writings on Maya culture and history were lost in the seventeenth century save for the fragment that is the Account discovered in the nineteenth century and accorded near biblical status in the twentieth as the first ethnography of the Maya However the Account is not authored by Landa alone it is a compilation of excerpts many from writings by other Spaniards a significant revelation made here for the first time This new translation accurately reflects the style and vocabulary of the original manuscript It is augmented by a monograph comprising an introductory chapter seven essays and hundreds of notes that describes explains and analyzes the life and times of Diego de Landa the Account and the role it has played in the development of modern Maya studies The Friar and the Maya is an innovative presentation on an important and previously misunderstood primary source **The Mayas**, 1991
