Rotherton has arrived from London intent on chaperoning her niece Prudence through a New York social season to find a suitable husband. It's certainly not her niece's devilishly handsome partner in Hunter and MacKenzie Investigative Law. Aunt Gillian's eye for eligible suitors is surpassed only by her ability to discern genuine gems from nearly flawless fakes. At the Assembly Ball at Delmonico's, she effortlessly determines that the stones in the spectacular diamond waterfall necklace adorning the neck of the wife of banker William De Vries are fake. Insisting on absolute discretion to avoid scandal, the banker employs Prudence and Geoffrey to recover the stolen diamonds pried out of their settings: priceless stones acquired by Tiffany originally purchased for Marie Antoinette. Their search for a possible fence rapidly leads to a dead end: a jeweler brutally killed in his shop during an apparent theft. The jeweler's murder is only the first in a string of mysterious deaths as Prudence and Geoffrey pursue their elusive quarry. But the clues keep leading back to duplicity on the part of the De Vries family, who it turns out have a great deal to hide. *The Prometheus Deception/The Sigma Protocol* Robert

Ludlum, 2006-09-05 *Prometheus Deception* Robert Ludlum is the acknowledged master of suspense and international intrigue. For over thirty years in over twenty international bestsellers, he has set a standard that has never been equaled. Now with *The Prometheus Deception*, he proves that he is at the very pinnacle of his craft. Nicholas Bryson spent years as a deep cover operative for the American secret intelligence group, the Directorate. After a critical undercover mission went horribly wrong, Bryson was retired to a new identity. Years later, his closely held cover is cracked, and Bryson learns that the Directorate was not what it claimed: that he was a pawn in a complex scheme against his own country's interests. Now it has become increasingly clear that the shadowy Directorate is headed for some dangerous endgame, but no one knows precisely who they are and what they are planning. With Bryson, their only possible asset, the director of the CIA recruits Bryson to find, reinfiltrate, and stop the Directorate. But after years on the sidelines, Bryson's field skills are rusty, his contacts unreliable, and his instincts suspect. With everything he thought he knew about his own life in question, Bryson is all alone in a wilderness of mirrors, unsure what is and isn't true and who, if anyone, he can trust with the future of millions in the balance. *Sigma Protocol* Ben Hartman is vacationing in Zurich, Switzerland, when he chances upon his old friend Jimmy Cavanaugh, a madman who's armed and programmed to assassinate. In a matter of minutes, six innocent bystanders are dead. So is Cavanaugh. But when his body vanishes and his weapon mysteriously appears in Hartman's luggage, Hartman is plunged into an unfathomable nightmare. Meanwhile, Anna Navarro, field agent for the Department of Justice, has been asked to investigate the sudden, random deaths of eleven men throughout the world. The only thing that connects them: a secret file over a half-century old that's linked to the CIA and is marked with the same puzzling codename, Sigma. As Anna follows the connecting thread and Hartman finds himself on the run, she ends up in the shadows of a relentless killer who is one step ahead of her victim by victim. Now she and Hartman together must uncover the diabolical secrets long held behind Sigma. It will threaten everything they think they know about themselves and confirm their very worst fears. **Deathly Deception** Denis Smyth, 2011-08-25
