Mccartney The Biography:

Paul McCartney Peter Ames Carlin, 2010-10-05 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist More than a rock star more than a celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo In this definitive biography Peter Ames Carlin examines McCartney's entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty year relationship with his first wife Linda McCartney He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist reached the top of the charts with a new band and once again drew hundreds of thousands of screaming fans to his concerts Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it Built on years of research and fresh revealing interviews with friends bandmates and collaborators spanning McCartney's entire life Carlin's lively biography captures the many faces of the living legend **Paul McCartney** Philip Norman, 2017-05-04 The first biography written with Paul McCartney's approval and with access to family members and friends closest to him Superbly evoking half a century of popular music and culture Paul McCartney is the definitive life of a long misunderstood genius In this masterly biography history's most successful songwriter a man of seemingly effortless talent beauty and charm is revealed as a complex insecure workaholic who still feels as great a need to prove himself in his seventies as when he was a teenager We learn how his boyhood was blighted by the death of his mother Mary later the inspiration for Let It Be but redeemed by his remarkable father Jim a Liverpool cotton salesman who was his only music teacher and whose influence has permeated his career We understand as never before the creative symbiosis between John Lennon and himself that unlocked the extraordinary treasury of their songs for the Beatles when they were barely into their twenties and the fierce rivalry which lasted beyond the band's break up to the end of John's life and still haunts and inspires Paul to this day Here for the first time is the full story of Paul post Beatles his trauma after being brutally sidelined by John George and Ringo over the appointment of their last manager Allen Klein his near breakdown on his remote Scottish farm and dogged determination to build a new band Wings into as big a name in the 1970s as the Beatles had been in the 1960s Here too is the first inside story of his marriage to Linda Eastman much criticised at the outset but destined to become the longest and strongest in rock until her death from cancer Here are the traumatic post Linda years when his charmed life seemed temporarily to crack up his whirlwind romance with Heather Mills ending after four years marriage in one of the most expensive and rancorous divorces in British legal history As richly fascinating and dramatic as its subject Paul McCartney The Biography is the last word on a man whose music has lit up the world *Yesterday* Chet Flippo, 1988 Traces the life and times of Paul McCartney from his humble beginnings to the height of Beatlemania his relations with the other
