McClure's Magazine December 1895 Ida M Tarbell Abraham Lincoln grew to manhood in Southern Indiana When he reached Spencer County in 1816 he was seven years of age when he left in 1830 he had passed his twenty first birthday This period of a life shows usually the natural bent of the character and we have found in these fourteen years of Lincoln s life signs of the qualities of greatness which distinguished him We have seen that in spite of the fact that he had no wise direction that he was brought up by a father with no settled purpose and that he lived in a pioneer community where a young man s life at best is but a series of makeshifts he had developed a determination to make something out of himself and a desire to know which led him to neglect no opportunity to learn The only unbroken outside influence which directed and stimulated him in his ambitions was that coming first from his mother then from his step mother It should never be forgotten that these two women both of them of unusual earnestness and sweetness of spirit were one or the other of them at the boy s side throughout this period The ideal they held before him was the simple ideal of the early American that if a boy is upright and industrious he may aspire to any place within the gift of the country The boy s nature told him they were right Everything he read confirmed their teachings and he cultivated in every way open to him his passion to know and to be something We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

McClure's Magazine and the Muckrakers Harold S. Wilson, 2015-03-08 McClure s was the leading muckraking journal among the many which flourished at the turn of the century Both a literary and political magazine It introduced exciting new writers to the American scene Rudyard Kipling Robert Louis Stevenson A Conan Doyle and fearlessly championed the important causes of the day from betterment of conditions in the coal mines to antitrust measures This is the story of McClure s lifespan beginning in Ohio when Samuel McClure gathered around himself a talented group of editors and writers among them Willa Cather Frank Norris Stephen Crane O Henry Hamlin Garland and continuing to the magazine s last days in New York City The growing concern of the staff about American urban and commercial life led

to such exposes as Ida Tarbell's *History of Standard Oil* and Lincoln Steffens' *Shame of the Cities*. McClure's was a channel for those determined to combat the ills of society and one of the first voices of the emerging Progressive Party. New Salem: A History of Lincoln's Alma Mater Joseph M. Di Cola, Foreword by Terry W. Jones, 2017 In 1829, eleven years after Illinois became the twenty-first state, New Salem was founded on a bluff above the Sangamon River. The village provided an essential sanctuary for a friendless penniless boy named Abraham Lincoln, whose six years there shaped his education and nurtured his ambition. Eclipsed by the neighboring settlement of Petersburg, New Salem had dwindled into a ghost town by 1840. However, it reemerged in the early part of the twentieth century as one of the most successful preservation efforts in American history. Author Joseph Di Cola relates the full story of New Salem's fascinating heritage.

Henry Irving Richard Foulkes, 2016-06-17 Henry Irving, 1838-1905, the first actor to be knighted, dominated the theatre in Britain and beyond for over a quarter of a century. As an actor, he was strikingly different, with his idiosyncratic pronunciation, his somewhat ungainly physique, and his brilliant psychological portrayals of virtue and villainy. He was also the director of spectacular and commercially driven entertainments, and as the manager of the Lyceum theatre, he controlled every aspect of the performance. First published in 2008, this collection of essays by leading theatre scholars explores each element of Irving's art: his acting, his contribution to the plays he commissioned, his flair for the stage picture, and his ear for incidental music. This book will be of interest to those studying the history of theatre.
