even a political cover up Will the Ringers find the answers they need in time *Why Waco?* James D. Tabor,Eugene V.
Gallagher,2023-11-15 The 1993 government assault on the Branch Davidian compound near Waco Texas resulted in the
deaths of four federal agents and eighty Branch Davidians including seventeen children Whether these tragic deaths could
have been avoided is still debatable but what seems clear is that the events in Texas have broad implications for religious
freedom in America James Tabor and Eugene Gallagher s bold examination of the Waco story offers the first balanced
account of the siege They try to understand what really happened in Waco What brought the Branch Davidians to Mount
Carmel Why did the government attack How did the media affect events The authors address the accusations of illegal
weapons possession strange sexual practices and child abuse that were made against David Koresh and his followers Without
attempting to excuse such actions they point out that the public has not heard the complete story and that many media
reports were distorted The authors have carefully studied the Davidian movement analyzing the theology and biblical
interpretation that were so central to the group s functioning They also consider how two decades of intense activity against
so called cults have influenced public perceptions of unorthodox religions In exploring our fear of unconventional religious
groups and how such fear curtails our ability to tolerate religious differences Why Waco is an unsettling wake up call Using
the events at Mount Carmel as a cautionary tale the authors challenge all Americans including government officials and
media representatives to closely examine our national commitment to religious freedom The 1993 government assault on the
Branch Davidian compound near Waco Texas resulted in the deaths of four federal agents and eighty Branch Davidians
including seventeen children Whether these tragic deaths could have been avoided is still debatable
