McGill University For The Advancement Of Learning:

McGill University Stanley Brice Frost,1984 **McGill University** Stanley Brice Frost,1980-04-01 James McGill is an important figure in Canada s history in his own right The bequest made in 1813 for the founding of a university of which one college was to bear his name only increased that significance The political tensions of Lower Canada delayed implementation of his plans for sixteen years and then it was only by incorporating the Montreal Medical Institution as Faculty of Medicine that in 1829 a beginning could be made Thirty years after his death the Faculty of Arts was finally established but not until the trustee body known as the Royal Institution for the Advancement of Learning was moved from Quebec City to Montreal and established as its board of governors did McGill College begin to revive and hold out promise of a respectable future

Empire of scholars Tamson Pietsch,2016-05-16 At the start of the twenty first century we are acutely conscious that universities operate within an entangled world of international scholarly connection Now available in paperback *Empire of scholars* examines the networks that linked academics across the colonial world in the age of Victorian globalization Stretching across the globe these networks helped map the boundaries of an expansive but exclusionary British academic world that extended beyond the borders of the British Isles Drawing on extensive archival research conducted in the United Kingdom Canada Australia New Zealand and South Africa this book remaps the intellectual geographies of Britain and its empire In doing so it provides a new context for writing the history of ideas and offers a critical analysis of the connections that helped fashion the global world of universities today **McGill University, for the Advancement of Learning**

Stanley Brice Frost,1984 **Lone Voyagers** Geraldine Jonçich Clifford,1989 In biography autobiography and other documents this volume offers portraits of seven women who were the first of their sex to work as faculty and deans at coeducational universities in the United States and Canada Most historians of higher education for women have focused their attention on women s colleges where the critical mass of faculty and students allowed communities of women to develop Here thanks to the recent research of seven scholars we have stories of pathbreakers pioneers models of achievement loneliness isolation and solitary triumphs recorded in journals letters and memoirs The group of women includes an engineering graduate two physicians and an economist The woman question loomed large in their lives and work several were active in the suffrage movement others worked on gender in research or for such improvements as the 10 hour work day

Sessional Papers Great Britain. Parliament. House of Commons,1900 Special Reports on Educational Subjects Great Britain. Board of Education,1911 *Special reports on educational subjects* Education Ministry of,1901 **Special Reports on Educational Subjects** ,1901 *Tracking Strategies* Henry Mintzberg,2007 There is a great deal of practice discussion and publication about strategy but surprisingly little investigation of the processes by which strategies actually form in organizations Henry Mintzberg one of the world s leading thinkers and writers on management has over several decades examined the processes by which strategies have formed in a variety of contexts and this book collects together his

findings Defining realized strategy the strategy an organization has actually pursued as a pattern in a stream of actions this investigation tracked strategies in organizations over long periods of time usually three or four decades and in one case a century and a half This revealed the patterns by which strategies form and change in organizations the interplay of deliberate with emergent strategies and the relationships between leadership organization and environment in the strategy formation process An introductory chapter considers the term strategy and the various ways it has been and can be used and then introduces the studies These are reported in the next ten chapters with descriptions and conclusions about the strategies were formed over time and how they combined to establish periods in the history of the organization These studies range across business six studies government two studies an architectural firm and a university as well as one professor in that university They include U S strategy in Vietnam 1950 1973 Volkswagenwrc 1937 1972 and the National Film Board of Canada 1939 1975 The final chapter entitled Toward a General Theory of Strategy Formation weaves these findings together in two themes First is strategy formation in different forms of organization Strategic Planning in the Machine Organization Strategic Visioning in the Entrepreneurial Organization Strategic Learning in the Adhocracy Organization and Strategic Venturing in the Professional Organization The second theme considers stages in the formation of strategies from Initiation through Development to Renewal

The Secret History of RDX Colin F. Baxter, 2018-05-18 The noted historian offers a compelling sociohistorical account of an often overlooked yet critical WWII explosive twice as powerful as TNT Choice During the early years of World War II American ships crossing the Atlantic were virtually defenseless against German U boats Bombs and torpedoes fitted with TNT barely dented the hulls of Axis naval vessels Then seemingly overnight a top secret manufacturing plant appeared near Kingsport Tennessee producing a sugar white substance called Research Department Explosive code name RDX Twice as deadly as TNT and overshadowed only by the atomic bomb RDX proved to be pivotal in the Battle of the Atlantic and directly contributed to the Allied victory in WWII In The Secret History of RDX Colin F Baxter documents the journey of the super explosive from conceptualization at Woolwich Arsenal in England to mass production at Holston Ordnance Works in east Tennessee Baxter examines the debates between RDX advocates and their opponents and explores the use of the explosive in the bomber war over Germany in the naval war in the Atlantic and as a key element in the trigger device of the atomic bomb Drawing on archival records and interviews with individuals who worked at the Kingsport powder plant Baxter illuminates both the explosive s military significance and its impact on the lives of ordinary Americans involved in the war industry Much more than a technical account this study assesses the social and economic impact of the military industrial complex on small communities on the home front
