Que Es El Liberalismo Colombiano:

Rafael Uribe Uribe y el liberalismo colombiano Vincent Baillie Dunlap,2010 De cómo el liberalismo político colombiano no es pecado Rafael Uribe Uribe,1912 **Gaitán of Colombia** Richard E. Sharpless,2010-11-23 This book provides a detailed account of the political career of Jorge Eliecer Gaitan the populist leader of Colombia during the 1930s and 1940s El desafío de las ideas Eduardo Posada Carbó,2003 Historia de las ideas en Colombia desde la conquista hasta 1950 Miguel Antonio Caro y la política colombiana Rafael Nu ez y el orden nacional Regionalismo caf y nuevo liberalismo en la obra El regionalismo político en el Caribe colombiano Malabarismo electorales una historia comparativa de la corrupción del sufragio en América Latina 1830 1930 Elecciones y guerras civiles en la Colombia del siglo XIX la campaña presidencial de 1875 Usos y abusos de la historia divergencias con anotaciones de García Márquez La novela como historia cien años de soledad y las bananeras Barranquilla en la visión de Marvel Moreno reflexiones de un historiador de la ciudad **Viceversas liberales** José Joaquín Guerra,1923 **Breviario de ideas políticas Liberalismo clásico Liberalismo moderno Socialismo Social-Democracia Comunismo Relaciones y diferencias** Gerardo Molina,2020-04-08 Este pequeño libro es de divulgación Quien espere hallar en l disquisiciones agotadoras sobre cada uno de los temas enunciados es mejor que prescinda de su lectura Es bien difícil decir algo novedoso sobre cualquiera de las ramas que integran el pensamiento político En cambio nos parece que es muy útil explicar con la mayor claridad posible el contenido y la trayectoria del credo liberal del credo socialista en sus diferentes variantes y del comunista Sobre todo es útil si se alarle a un lector que no tiene tiempo disponible para adentrarse en el examen de estos tipos las relaciones y diferencias entre el liberalismo de izquierda o democrático y el socialismo o entre este y el comunismo Todavía son muchos los colombianos inclusive de cierta cultura para los cuales todos los partidarios del cambio social son comunistas Llevado de su deformación profesional como catedrático el autor estima que el método pedagógico más aconsejable es el que parte de la base de que los alumnos saben muy poco por no decir nada de la materia que se va a exponer El docente como también el escritor público debe tener por eso el coraje de decir cosas elementales Sobre todo en un medio como el nuestro donde se cree que es muestra de sabiduría complicar lo que es evidente de suyo De ahí la sencillez ya enunciada de los datos y de las reflexiones que constituyen este Breviario **The Politics of Clientelism** John Martz,2017-12-02 In Latin America the state is the prime regulator coordinator and pace setter of the entire national system the apex of the pyramid from which patronage wealth power and programs flow The state bears responsibility for the realization of civic needs providing goods and services to each citizen Doing so requires the exercise and maintenance of social and political control It is John Martz's contention that clientelism underlines the fundamental character of Latin American social and political life As the modernizing bureaucratic state has developed in Latin America there has been a concurrent shifting away from clientelistic relationships Yet in one form or another political clientelism still remains central Clientelism occurs when large numbers of low status individuals such as those in the slums of rural and

underdeveloped areas are protected by a powerful patron who defends their interests in return for deference or material reward. In Colombia the rural patron has become a member of the higher clientelistic system as well he is dependent on a patron who operates at the national level. This enables urban elites to mobilize low status clients for such acts as mass demonstrations of political loyalty to the regime. Thus traditional clientelism has been modified through the process of modernization. Part One of *The Politics of Clientelism* examines Colombian politics focusing on the incarnation and traditional forms of clientelism. Part Two explores the policies of Colombian governance from the administrations of Lleras Camargo through Julio Cesar Turbay Ayala. Part Three discusses the modernization and restructuring of Colombia in recent decades under Belisario Betancur, Virgilio Barco and Cesar Gaviria. As the modernizing bureaucratic state has unfolded there has been a similar shift in many clientelistic relationships. Martz argues that whether corporate clientelism remains or more democratic organization develops.

Constitutional Origin and Norm Creation in Colombia Jan Boesten, 2022-04-27 This book explains the growing empowerment of the Colombian Constitutional Court in the early years of the 21st century and develops the concept of the deliberative judge. Taking the case of the Colombian Constitutional Court and drawing on neoinstitutional theory to explain the relationship between political crisis and institutional reforms, the book challenges the notion of rational choice institutionalism that agents act strategically. It indicates the limits of path dependence and argues instead that discursive institutionalism is the most appropriate method for analyzing processes of institutional learning. Combining theoretical and empirical research it builds the argument that judicial independence promotes the case for deliberative democracy over rational choice or strategic action approaches. Finally the book suggests that by introducing communicative and cognitive variables in our understanding of key actors and processes we are more capable of bridging institutional origin and legacy. The work will be a valuable resource for academics, researchers and policy makers in Constitutional Law, Constitutional Politics and Constitutional History.
