Weekly starred review Second Manifesto for Philosophy Alain Badiou, 2011-02-07 Twenty years ago Alain Badiou s first Manifesto for Philosophy rose up against the all pervasive proclamation of the end of philosophy In lieu of this problematic of the end he put forward the watchword one more step The situation has considerably changed since then Philosophy was threatened with obliteration at the time whereas today it finds itself under threat for the diametrically opposed reason it is endowed with an excessive artificial existence Philosophy is everywhere It serves as a trademark for various media pundits It livens up caf s and health clubs It has its magazines and its gurus It is universally called upon by everything from banks to major state commissions to pronounce on ethics law and duty In essence philosophy has now come to stand for nothing other than its most ancient enemy conservative ethics Badiou s second manifesto therefore seeks to demoralize philosophy and to separate it from all those philosophies that are as servile as they are ubiquitous It demonstrates the power of certain eternal truths to illuminate action and as such to transport philosophy far beyond the figure of the human and its rights There well beyond all moralism in the clear expanse of the idea life becomes something radically other **Philosophy of Liberation** Enrique Dussel, 2003-12-02 Argentinean philosopher theologian and historian Enrique Dussel understands the present international order as divided into the culture of the center by which he means the ruling elite of Europe North America and Russia and the peoples of the periphery by which he means the populations of Latin America Africa and part of Asia and the oppressed classes including women and children throughout the world In Philosophy of Liberation he presents a profound analysis of the alienation of peripheral peoples resulting from the imperialism of the center for more than five centuries Dussel s aim is to demonstrate that the center s historic cultural military and economic domination of poor countries is philosophically founded on North Atlantic onthology By expressing supposedly universal knowledge European philosophies argues Dussel have served to equate the cultural standards modes of behavior and rationalistic orientation of the West with human nature and to condemn the unique characteristics of peripheral peoples as nonbeing nothing chaos irrationality Hence Western philosophies have historically legitimated and hidden the domination that oppressed cultures have suffered at the hands of the center Dussel probes multinational corporations the communications media and the armies of the center with their counterparts among the Third World elite The creation of a just world order in the future according to Dussel hinges on the liberation of the periphery based on a philosophy that is able to think the world from the perspective of the poor and to reclaim the Third World's distinct cultural inheritance which is imbedded in the popular cultures of the poor Apart from the liberation of the periphery there will be no future the center will feed itself on the sameness it has ingrained within itself The death of the child of the poor will be its own death This is a disquieting but stimulating book for scholars and advanced students of philosophy ethics liberation theology and global politics **Never Any End to Paris** Enrique Vila-Matas, 2015-06-04 Trying to be Ernest Hemingway is never easy After reading A Moveable Feast aspiring novelist Enrique Vila Matas moves to Paris to be closer to his literary idol Ernest
