## **Quebec City 1765 1832 The Evolution Of A Colonial Town:**

Québec City, 1765-1832 David T. Ruddel, 1987-01-01 This book provides a synthesis of social demographic and economic change in Quebec City during the British regime a period which saw the former French capital transformed into an English city with all the problems associated with rapidly growing urban centres Published in English **Canadian History: Beginnings to Confederation** Martin Brook Taylor, Doug Oram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **Resisting Independence** Brad A. Jones, 2021-03-15 In *Resisting Independence* Brad A. Jones maps the loyal British Atlantic's reaction to the American Revolution Through close study of four important British Atlantic port cities New York City Kingston Jamaica Halifax Nova Scotia and Glasgow Scotland Jones argues that the revolution helped trigger a new understanding of loyalty to the Crown and empire This compelling account reimagines Loyalism as a shared transatlantic ideology no less committed to ideas of liberty and freedom than the American cause and not limited to the inhabitants of the thirteen American colonies Jones reminds readers that the American Revolution was as much a story of loyalty as it was of rebellion Loyal Britons faced a daunting task to refute an American Patriot cause that sought to dismantle their nation's claim to a free and prosperous Protestant empire For the inhabitants of these four cities rejecting American independence thus required a rethinking of the beliefs and ideals that framed their loyalty to the Crown and previously drew together Britain's vast Atlantic empire *Resisting Independence* describes the formation and spread of this new transatlantic ideology of Loyalism Loyal subjects in North America and across the Atlantic viewed the American Revolution as a dangerous and violent social rebellion and emerged from twenty years of conflict more devoted to a balanced representative British monarchy and crucially more determined to defend their rights as British subjects In the closing years of the eighteenth century as their former countrymen struggled to build a new nation these loyal Britons remained convinced of the strength and resilience of their nation and empire and their place within it *The Battle for the Fourteenth Colony* Mark R. Anderson, 2013-11-05 An unparalleled look at America's Revolutionary War invasion of Canada **Magistrates, Police and People** Donald Fyson, Osgoode Society for Canadian Legal History, 2006-01-01 Based on extensive research in judicial and official sources Donald Fyson offers the first comprehensive study of the everyday workings of criminal justice in Quebec and Lower Canada Focusing on the justices of the peace and their police Fyson examines both the criminal justice system itself and the system in operation as experienced by those who participated in it Fyson contends that although the system was fundamentally biased its flexibility provided a source of power for ordinary citizens At the same time the system offered the colonial state and its elites a powerful though often faulty means of imposing their will on Quebec society This study will challenge many received historical interpretations providing new insight into criminal justice in early Quebec **Who Ran the Cities?** Ralf Roth, 2017-03-02 The question of

who actually ran cities in the eighteenth nineteenth and twentieth centuries has been increasingly debated in recent years As well as trying to understand the distribution of political power and the rise of broad political participation urban historians have questioned how and whether elites retained influence in municipal government The essays in this collection provide a detailed examination of the relationship between urban elites and the exercise of power bringing together economic social and cultural history with the political history of power resources and decision making The volume challenges common perceptions of a monolithic urban elite by looking at specific case studies Collectively these essays provide a more sophisticated view of the exercise of urban power as the negotiation of various elite groups defined by their economic social political or cultural privilege To contribute to this complex account of the history of cities elites and their influence the collection applies a range of methodological approaches to studying European and American cities as well as the wider world

*Periodicals of Queen Victoria's Empire* Rosemary VanArsdel, Jerry Don Vann, Rosemary T. VanArsdel, 1996-01-01

Contemporary research in periodical literature has demonstrated conclusively that the nineteenth century in Britain was the age of the periodical It also has shown that in Victorian society the circulation of periodicals and newspapers was both larger and more influential than that of books The six essays in this volume investigate the extent to which this was equally true of Britain's colonies during the period up to 1900 In chapters devoted to periodical publishing in Australia Canada India New Zealand Southern Africa and the outposts of the Empire Ceylon Cyprus Hong Kong Malaya and Singapore Malta and the West Indies the contributors also consider the function and importance of periodicals in colonial life They identify and describe all locally produced publications that appeared at weekly or longer intervals and that contained for example local news poetry fiction criticism commentary on the arts news from home shipping information and commodities reports Each chapter presents an evaluation of the quantity and quality of guides available to periodical literature in each region from basic bibliographies of periodicals directories and finding aids to microfilm records and databases on the Internet *Periodicals of Queen Victoria's Empire* is an initial step towards understanding and analyzing what its editors regard as the unseen power of the periodical press in the British Empire of the nineteenth century [Epidemics, Empire, and Environments](#)

Michael Zeheter, 2016-01-20 Throughout the nineteenth century cholera was a global scourge against human populations Practitioners had little success in mitigating the symptoms of the disease and its causes were bitterly disputed What experts did agree on was that the environment played a crucial role in the sites where outbreaks occurred In this book Michael Zeheter offers a probing case study of the environmental changes made to fight cholera in two markedly different British colonies Madras in India and Quebec City in Canada The colonial state in Quebec aimed to emulate British precedent and develop similar institutions that allowed authorities to prevent cholera by imposing quarantines and controlling the disease through comprehensive change to the urban environment and sanitary improvements In Madras however the provincial government sought to exploit the colony for profit and was reluctant to commit its resources to measures against cholera that

would alienate the city's inhabitants. It was only in 1857 after concern rose in Britain over the health of its troops in India that a civilizing mission of sanitary improvement was begun. As Zeheter shows, complex political and economic factors came to bear on the reshaping of each colony's environment and the urgency placed on disease control. France and the Americas Bill Marshall, 2005-05-24. A unique multidisciplinary encyclopedia covering the impacts that French and American politics, foreign policy, and culture have had on shaping each country's identity. From 17th century fur traders in Canada to 21st century peacekeepers in Haiti, from France's decisive role in the Revolutionary War leading to the creation of the United States to recent disagreements over Iraq, France and the Americas charts the history of the inextricable links between France and the nations of the Americas. This comprehensive survey features an incisive introduction and a chronology of key events spanning 400 years of France's transatlantic relations. Students of many disciplines as well as the lay reader will appreciate this comprehensive survey which traces the common themes of both French policy, language, and influence throughout the Americas and the wide-ranging transatlantic influences on contemporary France. **William E. Logan's 1845 survey of the Upper Ottawa Valley** Charles H. Smith, Ian Dyck, 2007-01-01. This volume presents the 1845 field journal of pioneering geologist Sir William Edmond Logan, written on an expedition up the Ottawa River. The journal is sprinkled with fascinating stories of daily life during the expedition, supplemented with Logan's sketches. An introductory essay provides added insight into the work. Published in English. Oatmeal and the Catechism Margaret Bennett, 1998-08-21. Relying heavily upon oral tradition, the book embraces the diverse disciplines of folklore, history, language, geography, literature, sociology, agriculture, botany, and home economics. It covers emigration, history, community, and domestic lifestyles, religious and social structure, including songs, poems, legends, and folktales, customs and beliefs, and material culture. Discussions are supported throughout by testimonies of many Townshippers quoted verbatim, enabling the voice of the Gael to continue to be heard. Oatmeal and the Catechism will be of great interest to scholars and students of Gaelic studies and folklore, in addition to Quebecers and others whose Scottish ancestors settled in Quebec and eastern Canada and helped carve a country out of the wilderness.

**Material Culture and Consumer Society** Mark Staniforth, 2012-12-06. The establishment of a consumer society in Australia has not been a particularly well-explored area of academic inquiry. My interests lie in the concepts and meanings that underlie the material world, ideas like in the words of Madonna: "I am a material girl and I live in a material world." Terminology taken to be not gender-specific, the classic graffiti paraphrasing of Descartes: "I shop, therefore I am" or perhaps simply "in the world of goods" in the more academically respectable terms of Douglas and Isherwood (1979). This book arises out of my longstanding interest in the early colonial period in Australia. In part, it represents an extension of the purely historical research conducted for my Master's thesis in the Department of History at the University of Sydney, which explored aspects of the diet, health, and lived experience of convicts and immigrants during their voyages to the Australian colonies within the timeframe 1837 to 1839. Staniforth 1993a. More importantly, it is the culmination of more than twenty-five years of involvement.

in the excavation of shipwreck sites in Australia starting with James Matthews 1841 in 1974 through the test excavation of William Salthouse in 1982 continuing with my involvement between 1985 and 1994 in the excavation of Sydney Cove 1797 and most recently with shore based whaling stations and whaling shipwreck sites In this respect this book may be seen as an example of what Ian Hodder 1986 p

**Marie-Anne** Maggie Siggins,2009-10-13 Compulsively readable this first social history of the opening up of the Canadian West is a triumph of historical detective work and gives us Siggins at the top of her game While researching the biography of Louis Riel Maggie Siggins became aware of a figure lurking in the background who had had a profound influence on the great Canadian reformer This was his grand mother Marie Anne Lagimodière Gaboury As Siggins research progressed she came to regard Marie Anne as the most exceptional Canadian woman of the nineteenth century The perils of Laura Secord and Susanna Moodie paled in comparison yet she remains largely unknown Beautiful and rebellious Marie Anne was still unmarried at twenty five unheard of in 1800s Quebec habitant society Furthermore once she did marry Jean Baptiste Lagimodière she insisted on accompanying her fur trapper husband to the uncharted wilderness of western Canada The year was 1807 and no European woman had yet ventured west of the Great Lakes region For the next thirty years she would live among the native people or at fur trading forts from Pembina to Edmonton House leading an undoubtedly difficult life but one with freedoms unknown to women in western societies of her time Drawing from primary sources Siggins paints a vivid portrait of life in the West from survival on the plains and bison hunts to the tribal warfare triggered by the fur trade economy Through it all Marie Anne survived and thrived living to ninety six the matriarch of a large and diverse family whose descendants still live in Manitoba

Mimic Fires D. M. R. Bentley,1994 In this survey and analysis of long poems written about Canada between 1690 and 1900 D M R Bentley establishes literary contexts for a greatly neglected period of Canadian literature He also provides critical discussions of the poems addresses larger questions of tradition and intertextuality and demonstrates the existence of a continuity in Canadian writing from the colonial to the post colonial period

Architecture and Town Planning in Colonial North America James D. Kornwolf,2002 An extraordinary work unparalleled in its breadth and depth of detail this three volume set offers the first comprehensive history of architecture and town planning throughout colonial North America from Russian Alaska to French Quebec to Spanish Florida and California to British Dutch and other settlements on the East Coast Across this vast terrain James Kornwolf conjures the outlines of the constructed environment as it emerged in settlements and communities in structures and sites and in the flourishes and idiosyncrasies of the families and individuals who erected and inhabited colonial buildings and towns Here as never before readers can observe the impulses and principles of colonial design and planning as they are implemented in the buildings and streets harbors and squares gardens and landscapes of the New World Incorporating more than 3 000 illustrations Kornwolf's massive work conveys the full range of the colonial encounter with the continent's geography from the high forms of architecture through formal landscape design and town planning From

these pages emerge the fine arts of environmental design an understanding of the political and economic events that helped to determine settlement in North America an appreciation of the various architectural and landscape forms that the settlers created and an awareness of the diversity of the continent s geography and its peoples Considering the humblest buildings along with the mansions of the wealthy and powerful public buildings forts and churches Kornwolf captures the true dynamism and diversity of colonial communities their rivalries and frictions their outlooks and attitudes as they extended their hold on the land His work conveys for the first time the full scale from intimate to grand of their enduring transformation of the natural landscape of North America     Abenaki Daring Jean Barman,2016-10-01 An Abenaki born in St Francis Quebec Noel Annance 1792 1869 by virtue of two of his great grandparents having been early white captives attended Dartmouth College in New Hampshire Determined to apply his privileged education he was caught between two ways of being neither of which accepted him among their numbers Despite outstanding service as an officer in the War of 1812 Annance was too Indigenous to be allowed to succeed in the far west fur trade and too schooled in outsiders ways to be accepted by those in charge on returning home Annance did not crumple but all his life dared the promise of literacy on his own behalf and on that of Indigenous peoples more generally His doing so is tracked through his writings to government officials and others some of which are reproduced in this volume Annance s life makes visible how the exclusionary policies towards Indigenous peoples generally considered to have originated with the Indian Act of 1876 were being put in place upwards to half a century earlier On account of his literacy Annance s story can be told Recounting a life marked equally by success and failure and by perseverance Abenaki Daring speaks to similar barriers that to this day impede many educated Indigenous persons from realizing their life goals To dare is no less essential than it was for Noel Annance     **Canadian Books in Print** ,2000     **Histoire Sociale** ,1992     **The Irish in Quebec** Robert John Grace,Fernand Harvey,1993
