[What If God Has a Vagina?](#) John Casperson, 2020-04-01 Stars and galaxies atoms and molecules all created so to render a divine arena for God to love man and for man to love God Atoms and molecules of our bodies observe the same physical laws as those stars of the cosmos Yet divinity rests not with the stars but within each of us whose spirit seeks to touch them In the twenty first century it is now more appropriate to equate gender identity with a spiritual hemisphere masculine or feminine than merely biological plumbing genitalia I think too that the Golden Rule Do unto others as you would have them do unto you falls short of the mark unless the statement applies to animals and plants Misogyny the hatred of women Or more provocatively is misogyny the hatred of being attracted to women Evil resides within one s own mind and is pointed toward other people as hate envy bigotry racism etc The mind is a wonderful window for the sun to shine in but only works if the shades are open Men and women participate in the game of sex the board is the same but men bring checkers and women bring chess pieces The most marvelous sex organ isn t between the legs it s between the ears Let s be clear worship is not love Worship is idolatry love is love We seek expression sexual or otherwise without hindrance to seek and discover self our unique identity our inner yearning to reach for infinity left behind yet achingly just ahead Our souls strive for freedom and in so doing What we commonly call man the eating drinking counting man does not as we know him represent himself Him we do not respect But the soul whose organ he is would make our knees bend When it breathes through his intellect it is genius When it

breathes through his will it is virtue When it flows through his affection it is love Walt Whitman **The Queen of the What**
