Make reading sparkle in the chapter book series for first grade readers      **Born to Rule** Julia P. Gelardi, 2007-04-01 Julia Gelardi's *Born to Rule* is an historical tour de force that weaves together the powerful and moving stories of the five royal granddaughters of Queen Victoria. These five women were all married to reigning European monarchs during the early part of the 20th century and it was their reaction to the First World War that shaped the fate of a continent and the future of the modern world. Here are the stories of Alexandra whose enduring love story, controversial faith in Rasputin and tragic end have become the stuff of legend; Marie, the flamboyant and eccentric queen who battled her way through a life of intrigues and was also the mother of two Balkan queens; and of the scandalous Carol II of Romania; Victoria Eugenie, Spain's very English queen who like Alexandra introduced hemophilia into her husband's family with devastating consequences for her marriage; Maud, King Edward VII's daughter who was independent; Norway's reluctant queen; and Sophie, Kaiser Wilhelm II's much maligned sister-daughter of an Emperor and herself the mother of no less than three kings and a queen who ended her days in bitter exile. *Born to Rule* evokes a world of luxury, wealth and power in a bygone era while also recounting the ordeals suffered by a unique group of royal women who at times faced poverty, exile and death. Praised in their lifetimes for their legendary beauty, many of these women were also lauded and reviled for their political influence. Using never before published letters, memoirs, diplomatic documents, secondary sources and interviews with descendants of the subjects, Julia Gelardi's *Born to Rule* is an astonishing and memorable work of popular history.

1001 Children's Books You Must Read Before You Grow Up Julia Eccleshare, Quentin Blake, 2009 1001 Children's Books You Must Read Before You Grow Up is the perfect introduction to the very best books of childhood: those books that have a special place in the heart of every reader. It introduces a wonderfully rich world of literature to parents and their children, offering both new titles and much loved classics that many generations have read and enjoyed. From wordless picture books and books introducing the first words and sounds of the alphabet through to hard hitting and edgy teenage fiction, the titles featured in this book reflect the wealth of reading opportunities for children. Browsing the titles in 1001 Children's Books You Must Read Before You Grow Up will take you on a journey of discovery into fantasy, adventure, history, contemporary life and much more. These books will enable you to travel to some of the most famous imaginary worlds such as Narnia, Middle Earth and Hogwarts School. And the route taken may be pretty strange too. You may fall down a rabbit hole as Alice does on her way to Wonderland or go through the back of a wardrobe to reach the snowy wastes of Narnia.
