Queen Zixi of Ix (Annotated) L. Frank Baum, 2015-08-12 This book is annotated; it contains a detailed biography of the author. This book has been checked and corrected for spelling errors. Queen Zixi of Ix or The Story of the Magic Cloak is a children's book written by L. Frank Baum and illustrated by Frederick Richardson. It was originally serialized in the early 20th century American children's magazine St. Nicholas from November 1904 to October 1905 and was published in book form later in 1905 by The Century Company. The events of the book alternate between Noland and Ix, two neighboring regions to the Land of Oz. Baum himself commented this was the best book he had written. In a letter to his eldest son Frank Joslyn Baum, he said it was nearer to the old-fashioned fairy tale than anything I have yet accomplished and in many respects it adheres more closely to the fairy tale structure than the Oz books. Although Oz remains the more popular region, many readers have held that Queen Zixi of Ix is a better book than The Wonderful Wizard of Oz.

**Queen Zixi of Ix, Or, The Story of the Magic Cloak** Lyman Frank Baum, 2004 One day the queen of fairies creates a magic cloak which grants its wearer a single wish. Meanwhile an orphan boy becomes the new king of Noland and his sister gains the cloak which is stolen by the Queen of Ix, who wishes her mirror to show her as the beautiful young woman she appears instead of showing her appearance at her true age of 683 years. Adventures ensue, armies attack and retreat, and good wins out when the fairy queen takes back the magic cloak.

Although no part of the book's story takes place in the Land of Oz by the time the movie was made, it had become clear that the Oz franchise was Baum's most popular creation. Excerpt from *Queen Zixi of IX or the Story of the Magic Cloak* The clearing was in the form of a circle and all around stood giant oak and fir trees while in the center the grass grew green and soft as velvet If any mortal had ever penetrated so far into the great forest and could have looked upon the fairy circle by daylight he might perhaps have seen a tiny path worn in the grass by the feet of the dancing elves For here During the full of t moon the famous fairy band ruled by good Queen Lulea loved to dance and make merry while the silvery rays ooded the clearing and caused their gauzy wings to sparkle with every color of the rainbow On this especial night however they were not dancing For the queen had seated herself upon a little green mound and while her band clustered about her she began to address the fairies in a tone of discontent I am tired of dancing my dears Said she Every evening since the moon grew big and round we have come here to frisk about and laugh and dis port ourselves and although those are good things to keep the heart light one may grow weary even of merrymaking So I ask you to suggest some new way to divert both me and yourselves during this night About the Publisher Forgotten
